

APPLICATION FOR REGISTRATION OF A LILY NAME

This form, duly completed, should be sent to: **The RHS International Lily Registrar, 16 Midtown of Inverasdale, Poolewe, Ross-shire IV22 2LW, UK**, or e-mailed to lily@rhs.org.uk. Names already listed in the latest edition of *The International Lily Register and Checklist* or its *Supplements* are not acceptable for registration. Names proposed should be in accord with the latest edition of the *International Code of Nomenclature for Cultivated Plants*. Details of these publications may be obtained from the above addresses. Registration should occur before the name is published or disseminated in any other way. Good colour photographs (prints or transparencies) and, if practicable, a pressed specimen, are very helpful and greatly appreciated. These, with the form, constitute a record or "standard portfolio" and are held in the RHS Herbarium at Wisley. If you are the copyright holder of the image(s) and consent to the RHS using the image(s) as outlined below, please sign and date the following statement:

I confirm I am the copyright holder and agree to the International Cultivar Registration Authority for Lilium making use of these images for any scientific or educational purpose in relation to the registration and correct naming of plants, whether through electronic or printed media. Signed Date

The copyright of the image remains with the registrant. If you are not the copyright holder or have further questions, please ask the registrar for advice and a copy of the Image donations agreement form. If you do not wish your name and an abridged version of your address to be published in the *International Lily Register* (including any relevant *Supplement*), please encircle No. Registration is free. To receive a free Certificate of Registration, please encircle Yes.

PROPOSED NAME: 1st choice

2nd choice

Is it a cultivar, or a cultivar-group ("grex", "strain") name? Division

Seed parent (Female)

Pollen parent (Male)

☐ Selection from ☐ Sport from ☐ Chance seedling

Hybridized/selected by Year

Address

Grown to first flower by Year

Address

Named by Year

Address

Commercial introducer Year

Address

Name and address of person(s), nursery or firm **registering** name

Has the name appeared in a **dated** publication, with a description? If so, please give details of **first** such publication.

(If possible, please send a copy)

Derivation of proposed name if not obvious

If name is not English, please translate

Give name in original script, if latter is not Roman
