

**INDIAN OCEAN**  
INSPIRATIONAL OUTDOOR FURNITURE

## Courtyard Garden

The design looks to create a welcoming space where, once inside, the visitors can feel as at home as the furniture. The deep blue coloured arched wall cools the courtyard style garden and acts as a striking backdrop for the soft palette of planting; a refined scheme of grasses, cool coloured herbaceous with a pop of pink. To continue the theme of ocean hues, the boundary walls are rendered a sandy colour and also a light turquoise reminiscent of calming ocean shallows.

With a passion for innovation, Indian Ocean design and make superior collections of luxury outdoor furniture using only the finest quality materials, finished to the highest specifications and focusing on every detail.
