The Classic Bench: 2.5 seater, 3 seater & 4 seater. **The Curved-Back Bench:** 3 seater & 4 Seater

Price: Benches from £1595. **Armchair** from £1095

Tree seats from £2950

Background:

Antique Designs: Norfolk Garden Furniture is the creation of Annabel Payne, photographer and architectural stylist. Having always loved antique garden furniture, but as it becomes more scarce, Annabel decided to manufacture her own. Looking at the simplicity of the 18th and 19th century designs she brought them into the 21st century. *“Back then they didn’t galvanise them, so that’s why antique benches are usually a bit bendy and caked in old paint. I wanted to keep the design but make a more durable and contemporary finish in a fantastic colour range”* Norfolk Garden Furniture now make an ever-growing range of classic garden products in weather-proof materials to last a lifetime.

A Heritage of British Engineering: A family of three generations of manufacturing success stories, has given Norfolk Garden Furniture a background of unprecedented access to technical knowledge. All the metal work is crafted by artisan workshops across East Anglia, as well as using local galvanising and coating plants.

Online Sales, Retail Stockists & Wholesale: Norfolk Garden Furniture operates wholesale & online sales from North Norfolk and the products are now also in retail outlets across the UK. Contact us or see the website to find your nearest stockist.
