REGULARS

Contents	139
From the Editor	140
Plant Focus	141–145
Book Reviews	192–193
Letters	200–202

FEATURES

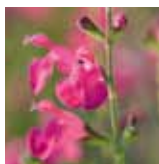

White-barked birches As well as the many good cultivars derived from <i>Betula utilis</i> var. <i>jacquemontii</i> , there are other superb white-barked birches PAUL BARTLETT	146–151
--	---------

Climate change and plant disease Which garden plant diseases can we expect to see more of as a result of climate change? GEOFF DIXON	152–157
---	---------

RHS trial of Mexican <i>Salvia</i> A recent trial of shrubby Mexican <i>Salvia</i> cultivars revealed the best WILLIAM DYSON	158–164
--	---------

Three large-flowered hoyas Some hoyas have particularly large flowers; here are three of the best ROB STIRLING	165–169
--	---------

FRONT COVER PHOTOGRAPH

***Salvia microphylla*
'Cerro Potosi'**
This selection was
collected at high altitude
in Mexico and has not
undergone any
hybridization. However,
it holds its own against the hybrids and gained
an Award of Garden Merit in the recent RHS trial
Photograph: Marcus Harpur

Chelsea Plant of the Year The stories behind the new plants and what makes them better than their predecessors GRAHAM RICE	170–177
---	---------

John Hoog, pioneering bulb dealer An influential Dutch nurseryman who employed experienced plant hunters to help him gain major commercial advantages CAREL HOOG	178–181
--	---------

A new <i>Tropaeolum</i> in cultivation The origin and cultivation of a beautiful yellow-flowered species from Argentina JEAN-PATRICK AGIER	182–183
---	---------

Woodwardia in cultivation A major survey of chain ferns, mostly large and spectacular species. Some are confused in cultivation and ways of identifying them accurately are outlined TIM PYNER	184–191
---	---------

Alan Bloom Biography of a plantsman who founded an influential nursery and raised more than 200 cultivars, many still favourites today. He also invented the island bed concept and collected steam engines JAIME BLAKE	194–199
---	---------

NOTES FOR CONTRIBUTORS

The Editor welcomes suggestions for
articles, but please contact him first
with a synopsis of your idea. Features
will preferably be accompanied by high
quality transparencies, colour prints or
digital photographs. The latter must
be high resolution – at least 300dpi.
