Keep straight and you will pass the tennis courts, Pitch & Putt and Disc Golf. Keep going until you reach the War Memorial. Take the middle path signposted 'To Harlow Carr Gardens'. Continue straight ahead through the Pinewoods until you reach the road. Cross the path directly opposite, signposted 'To Crag Lane'. THE PINEWOODS

The Pinewoods is a semi-natural woodland of approximately 1 square kilometre in size (76 acres). The original Scots Pines (Pinus sylvestris), from where the Pinewoods takes its name, were planted in 1796 as part of the ‘King’s Plantation’ and originally covered some 6 acres in area. The Pines are still in evidence today although it is unlikely that any of the originals exist. The land has since developed, both naturally and through the assistance of planting schemes, into a semi-natural woodland of mixed native, deciduous and evergreen species.
