ELEVENTH SUPPLEMENT
to
THE INTERNATIONAL DAFFODIL REGISTER AND CLASSIFIED LIST (2008)
2017–2018

The daffodil names listed here are supplementary to the *International Daffodil Register* (2008). They were registered between **1 July 2017 and 30 June 2018**. They are followed by a list of some other recent additions and amendments to the Register.

- Registration — page 1**
Notes on classification and description — page 2
Registrations 2017–2018 — page 3
Additions and amendments to the International Daffodil Register (2008)
and its Supplements — page 20
Additions to the RHS List of Botanical Names in the Genus *Narcissus* — page 21

REGISTRATION

Hybridizers, raisers and other introducers of daffodils are urged to ensure that the names of new plants are registered and are reminded that registration should preferably take place **before** plants are released or catalogued. Registration is conducted by The Royal Horticultural Society, International Cultivar Registration Authority for the genus *Narcissus*. Application forms are available from:

- The International Daffodil Registrar: Mrs Melanie Underwood
RHS Wisley, Woking, Surrey GU23 6QB, UK
Fax (44) 01483 211750
Email melanieunderwood@rhs.org.uk
- The National Daffodil Registrar (the Netherlands): Drs J. van Scheepen
KAVB, Postbus 175, 2180 AD Hillegom, the Netherlands
Fax (31) 2525 369 51
Email vanscheepen@kavb.NL
- The National Daffodil Registrar (USA): Mrs Mary Lou Gripshover
1686 Grey Fox Trail, Milford, Ohio 45150, USA
Tel 001 513 248 9137
Email mgripshover@cinci.rr.com
- The National Daffodil Registrar (New Zealand): Mr Wilfred Hall
105 Wallace Loop Rd, Ihakara, RD1 Levin, New Zealand 5571
Email wilshe@xtra.co.nz
- The National Daffodil Registrar (Japan): Miss Eri Komoriya
1196 Ohkido-Cho, Midori-ku, Chiba-City, Chiba 267-0057, Japan
Fax 81-43-294-8504
Email rxe12572@nifty.ne.jp

Once registered, names and classifications may be changed only with the agreement of the International Cultivar Registration Authority, upon application to the International Registrar.

NOTES ON CLASSIFICATION AND DESCRIPTION

Note 1 – on classification

The combination of division and colour code assigned here (or as amended in any future Supplement) is the registered classification, to be observed, for example, when schedules require cultivars to be shown “as registered”. The registered classification is not altered by any note of variable measurement or colour. (See page 20 for any notes of variability in previous registrations).

Note 2 – on colour coding

Guidelines on colour coding, including those on distinguishing between Yellow and Orange and between Orange and Red, appear in the Register and on registration forms. It is at the registrant’s discretion to distinguish White from Yellow or Green, Yellow from Green, or Pink from the paler tones of Orange or Red.

In addition:

– Green at corona base

The green at the base of a corona, whether in the tube or in the corona itself, may be included in the colour code if it is prominent and plain to see. Registrants are advised to include it only if it is consistent from year to year.

– Non-concentric colours

When coding colours in perianth or corona that appear in radial rather than concentric bands, or in a flare from the base, or in flecks or splashes: start with a letter for the predominant colour; proceed with an oblique line; follow with the letter(s) (in any order) for the non-predominant colour(s).

For example, a yellow flower with a white streak along the midrib of the perianth segments would be Y/W-Y; a white flower with radial bands of orange and yellow on the corona segments would be W-W/OY.

Note 3 – on colour terms

Colour Chart numbers in registered descriptions, e.g. 7A in ‘Adriana Geertruida’, are from the *RHS Colour Chart* (1966, 1986, 1995, 2001, 2007, 2015). Colour names followed by Chart numbers without brackets are equivalents adopted by the RHS for all its international registers. They are taken from the Universal Colour Language in the Inter-Society Color Council-National Bureau of Standards colour-name system. Colour names followed by Chart numbers with brackets or by no numbers at all are those supplied by the registrant.

Note 4 – on description

Registered descriptions are drawn up from application forms and, whenever possible, from photographs and specimens. The Registrar would welcome readers’ comments on the accuracy of all descriptions.

Illustrations of descriptive terms appear on page 22.

Note 5 – on height

Stem heights in registered descriptions may be taken to be Standard (325–675mm) unless otherwise stated, when they will be described as Dwarf (less than 325mm) or Tall (more than 675mm).

Note 6 – on Nomenclatural Standards

The Standard noted at the end of some descriptions is the designated herbarium specimen or illustration forming a permanent record of the distinguishing characteristics of the cultivar and fixing the cultivar name. These are maintained at the RHS Herbarium, Wisley.

Note 7 – on unregistered names

Names listed as ‘unregistered’ are those post-1955 that have not been accepted by the RHS or have not yet been submitted for registration. They are included as part of the Check List and they gain no registered status by being listed. They are included in order to prevent confusion between daffodils of the same name and to help prevent further duplication.

REGISTRATIONS 2017–2018

The following 152 cultivar names were registered between **1 July 2017 and 30 June 2018** by The Royal Horticultural Society, International Cultivar Registration Authority for the genus *Narcissus*.

To access the *International Daffodil Register and Classified List* (2008) and to download the PDF document *Supplements 1-10 Cumulative List of Registrations (Abridged)* go to:

Important change to the format of published entries in the Register & Checklist

Following the implementation of the European Union General Data Protection Regulation in May 2018, in order to comply, we have had to make changes to the information we provide in the entries for cultivar registrations.

For any cultivar that is registered with the RHS as ICRA, we will now only publish the name and abbreviated address of the registrant. The name of any other individual involved in the development of the cultivar (hybridizer, selector, raiser, introducer, the person who first flowered it, or named it) will be withheld. As a result, these roles will no longer be included in published registration entries. We will continue to store this information if it is provided by the registrant but will not be able to supply that information in response to enquiries unless required for legal or compliance purposes.

With the exception of the change noted above, entries follow the style of those in the *International Daffodil Register and Classified List* (2008) and may be interpreted accordingly (see p10 in the Register).

The seed parent is given before the pollen parent.

‘Adriana Geertruida’ 6 Y-O

VOF van Kampen, 2017

Parentage unknown

Fl. 75mm wide, facing upwards; perianth segments 35mm long, ovate, blunt, mucronate, brilliant greenish yellow 7A, somewhat reflexed, plane, with margins incurling, with midrib showing, of heavy substance, overlapping one-third; the inner segments narrower; corona 27mm long, cup-shaped, angled, orange (17C), mouth expanded, broadly ribbed, wavy and shallowly lobed, with rim entire. Dwarf. Early. Strongly scented.

Nomenclatural Standard: WSY0136199

‘Ambon’ 4 W-Y

C.van der Veek, 2018

Parentage unknown

Fl. 118mm wide; perianth and other petaloid segments 55mm long, in several whorls; the outer two whorls opposite and closely overlying one another, broadly ovate, truncate, mucronate, spreading, plane or with margins incurved, with midrib showing, of heavy substance, overlapping half or more; the inner whorls shorter and more strongly inflexed towards centre, margins incurved or folded along midrib; corona segments 35mm long, interspersed among the inner petaloid whorls, margins wavy, with rim minutely crenate. Early. Nomenclatural Standard: WSY0136406

‘Amore Mio’ 7 W-WWP

C.van der Veek, 2018

Parentage unknown; sdlg no. F200

Fl. 75mm wide, facing downwards; perianth segments 33mm long, broadly ovate, blunt, prominently mucronate, spreading, concave, creased and of

membranaceous substance, overlapping one-third; the inner segments narrower, scarcely mucronate, with margins incurling or wavy; corona 15mm long, cup-shaped, angled, broadly ribbed, mouth straight, wavy and irregularly lobed, with rim entire. Late. Nomenclatural Standard: WSY0136408

‘Angelina’ 6 W-W

Mrs Anne Wright, 2018

‘Candlepower’ × *N. cyclamineus*; sdlg no. 2759-2

Fl. 22mm wide, facing downwards; perianth segments 15mm long, ovate, blunt, mucronate, greenish white 155C, strongly reflexed, plane, smooth and of heavy substance, overlapping at base only; corona 18mm long, cylindrical, angled, greenish white 155A, mouth flared and lightly frilled, with rim notched. Dwarf. Early. Slightly scented.

Nomenclatural Standard: WSY0136374

‘Angel’s Goblet’ 2 Y-R

Brian S.Duncan, 2017

‘Angelito’ × ‘Causeway Sunset’; sdlg no. 3781

Fl. 110mm wide; perianth segments 41mm long, very broadly ovate, blunt, deep yellow with prominent pale mucro, spreading, plane, with margins slightly incurling at apex, creased and of heavy substance, overlapping half; the inner segments ovate, shouldered at base, scarcely mucronate; corona 18mm long, cup-shaped, angled, deep orange-red, paler towards base, mouth ribbed, slightly expanded, wavy to lightly frilled, with rim crenate. Mid-season to late.

Nomenclatural Standard: WSY0126982

'Anna Kamińska' 9 W-GYR

(2007) Daniel Bellinger, 2018

'Rondo' × ('Proxy' × *N. poeticus* var. *hellenicus*);
sdlg no. 00.51.5

Fl. forming a double triangle, 48mm wide; perianth segments 20mm long, roundish in outline, very broad, blunt or truncate at apex, with prominent mucro, yellowish white 155D, spreading, plane or with margins incurved, smooth and of heavy substance, overlapping half; the inner segments narrower, truncate, scarcely mucronate; corona 3mm long, bowl-shaped, smooth, brilliant greenish yellow 6B, with strong yellowish green 144A at base and a very narrow band of red 31A at rim, mouth straight, ribbed and lightly frilled, with rim crenate. Late. Sweetly scented.

Nomenclatural Standard: WSY0136336

Etymology: named for 20th century Polish poet

'Apache Tears' 5 WWG-GGO

(2005) Robert Spotts, 2018

'Triple Crown' × Lima sdlg ('El Camino' × *N. viridiflorus*); sdlg no. 6-1-48

Fls 1-2 per stem, 92mm wide; perianth segments 40mm long, ovate, reflexed, smooth with midrib showing, overlapping one-third; corona 9mm long, cup-shaped, ribbed, mouth straight and even, with rim crenate. Early. Slightly scented.

Nomenclatural Standard: WSY0136289

'Army of Lovers' 5 Y-Y

M.H.van der Zon & Sons, 2017

Parentage unknown

Fls 2 per stem, star-shaped, 70mm wide; perianth segments 32mm long, ovate, acute, mucronate, vivid greenish yellow 5D, reflexed, plane, with margins incurving, with midrib showing, of membranaceous substance, overlapping at base only; corona 15mm long, cup-shaped, vivid yellow 9A, mouth straight, ribbed and even, with rim entire and very narrowly flanged. Dwarf. Mid-season. Sweetly scented.

Nomenclatural Standard: WSY0136200

'Auranti Gold' 2 Y-Y

(2006) Brian S.Duncan, 2017

'Gold Ingot' × 'Impeccable'; sdlg no. 3260

Fl. 109mm wide, deep golden yellow; perianth segments 41mm long; corona 35mm long. Mid-season

'Backdrop' 11A Y-P/Y

Colin Crotty, 2018

'Steffi' × 11A Y-P sdlg; sdlg no. CC30-12

Fl. 95mm wide; perianth segments 38mm long, broadly ovate, blunt, mid-yellow, paler at apex, with slight white mucro, reflexed, convex, smooth and of heavy substance, overlapping half or more; the inner segments narrower, inflexed; corona 23mm long, split to base into six segments forming an inner and an outer whorl of three, each segment overlying and a little narrower than a perianth segment, deeply bi-lobed, wavy, pink, flushed yellow, with stronger pink at apex. Mid-season. Strongly scented.

Nomenclatural Standard: WSY0136229

'Barton Broad' 3 W-YYR

P.A.Payne, 2018

'Astrid's Memory' × Sdlg 3-1-99 ('Neon Light' × 'Rockall'); sdlg no. 44-4-06

Fl. forming a double triangle, 106mm wide; perianth segments 45mm long, ovate, blunt, mucronate, white, spreading, plane or with margins a little incurving, smooth and of heavy substance, overlapping half; the inner segments narrower, scarcely mucronate; corona 13mm long, disc-shaped, yellow, with a broad band of red at rim, mouth straight, ribbed and wavy, with rim minutely crenate. Mid-season to late.

Nomenclatural Standard: WSY0136358

'Big Smoothie' 1 Y-Y

Brian S.Duncan, 2017

'Tyrone Gold' × 'Impeccable'; sdlg no. 2981

Fl. 111mm wide, mid-yellow; perianth segments 45mm long, broadly ovate, blunt, prominent pale mucro, spreading, plane, creased and of heavy substance, overlapping half; the inner segments narrower; corona 46mm long, funnel-shaped, angled, mouth straight, wavy to very lightly frilled, sometimes shallowly lobed, with rim broadly flanged and minutely crenate. Early to Mid-season.

Nomenclatural Standard: WSY0126984

'Birch' 7 W-W

Daniel Bellinger, 2018

'Gilead' × 'Oregon Cedar'; sdlg no. 02.12.2

Fls (1-)3 per stem, forming a double triangle, 62mm wide, greenish white 157D; perianth segments 27mm long, very broadly ovate, blunt, prominently mucronate, spreading, plane or with margins incurved, smooth and of heavy substance, overlapping half; the inner segments narrower, ovate, shouldered at base, scarcely mucronate; corona 12mm long, cup-shaped, angled, mouth straight, ribbed and wavy, with rim entire. Late to very late. Strongly scented.

Nomenclatural Standard: WSY0136332

Etymology: named for a 'ghost town' in Marquette County, Michigan, USA

'Blakeney Point' 3 W-YYO

P.A.Payne, 2018

Sdlg 3-1-99 ('Neon Light' × 'Rockall') × 'Astrid's Memory'; sdlg no. 35-3-06

Fl. forming a double triangle, 110mm wide; perianth segments 50mm long, broadly ovate, truncate, mucronate, spreading, plane or with margins incurved, smooth and of heavy substance, overlapping half; the inner segments narrower, scarcely mucronate; corona 12mm long, disc-shaped, smooth, mouth straight and wavy, sometimes lobed, with rim minutely crenate. Late.

Nomenclatural Standard: WSY0136371

'Breydon Water' 2 Y-R

(2008) P.A.Payne, 2018

'Desert Storm' × Postles 2 Y-R sdlg; sdlg no. 41-14-04
Fl. rounded, 110mm wide; perianth segments 46mm long, roundish in outline very broad, truncate, yellow with slight pale mucro, spreading, plane, smooth and of heavy substance, overlapping half or more; the inner segments narrower, shouldered at base; corona 26mm long, funnel-shaped, red, mouth straight and lightly frilled, with rim entire. Mid-season to late.
Nomenclatural Standard: WSY0136370

'Bundle' 7 Y-Y

Mrs Anne Wright, 2018

'Idol' × *N. rupicola* subsp. *watieri*; sdlg no. 2826-2
Fls 1-3 per stem, star-shaped, 32mm wide; perianth segments 9mm long, obovate, blunt, prominently mucronate, light greenish yellow 5C, spreading, plane, smooth and of heavy substance, overlapping at base only; corona 5mm long, cup-shaped, somewhat ribbed, brilliant greenish yellow 5B, mouth straight and a little wavy, with rim shallowly lobed and minutely crenate. Dwarf. Early. Sweetly scented.
Nomenclatural Standard: WSY0136376

'Chetwynd' 1 Y-Y

(2007) Roger Braithwaite, 2018

'Ombersley' hybrid; sdlg no. 375
Fl. 108mm wide; perianth segments roundish in outline, very broad, scarcely mucronate, spreading, plane or with margins a little curved, with midrib showing, of heavy substance, overlapping half or more; the inner segments shouldered at base; corona funnel-shaped, smooth, mouth straight and lightly frilled. Tall. Very late.
Nomenclatural Standard: WSY01362790
Etymology: name of Royal Ordnance Barracks, Nottinghamshire

'Clive Postles' 1 W-Y

Roger Braithwaite, 2018

'Elmbridge' × 'Ben Aligin'; sdlg no. 407
Fl. 120mm wide; perianth segments very broadly ovate, blunt, slightly mucronate, spreading, plane, smooth and of heavy substance, overlapping half; the inner segments narrower; corona funnel-shaped, smooth, mouth straight and even, with rim flanged and crenate. Tall. Very late.
Nomenclatural Standard: WSY0136281
Etymology: named in honour of Clive Postles

'Clovella Mutch' 2 W-GWY

Malcolm S.Davidson, 2018

'Pucelle' × 'Green Island'; sdlg no. 91/41
Fl. forming a double triangle, 110mm wide; perianth segments ovate, blunt, mucronate, white, spreading, plane or with margins incurved, creased and of membranaceous substance, overlapping one-third; the inner segments narrower, scarcely mucronate; corona bowl-shaped, ribbed, whitish yellow, with a broad band of stronger yellow (2D) at rim and green at base,

mouth straight, broadly ribbed and lightly frilled, with rim minutely crenate. Mid-season.

Nomenclatural Standard: WSY0136404

Etymology: named for a significant benefactor of the National Trust for Scotland

'Cool Corsage' 4 Y-W

Brian S.Duncan, 2017

'Doubleday' × 'Altun Ha'; sdlg no. 3336
Fl. 110mm wide; perianth and other petaloid segments in several whorls, lemon yellow with prominent pale mucro; the two outer whorls 38mm long, very broad, roundish in outline, spreading, plane, smooth and of heavy substance, overlapping two-thirds; the inner whorls successively shorter and more inflexed towards the centre, concave or crumpled; corona segments in several whorls, three-quarters the length of and interspersed among the perianth segments, creased, wavy to lightly frilled, with rim minutely crenate. Early to Mid-season.
Nomenclatural Standard: WSY0126987

'Cosette' 6 W-Y

Brian S.Duncan, 2018

N. cyclamineus selection × 'Camborne'; sdlg no. 3102
Fl. 50mm wide; perianth segments 22mm long, lanceolate, acute, mucronate, white, reflexed, plane, smooth and of heavy substance, overlapping at base only; corona 22mm long, cylindrical, angled, lemon yellow, mouth straight, even, frilled, with rim notched and broadly flanged. Dwarf. Very early.
Nomenclatural Standard: WSY0136353

'Courtney's Hope' 8 Y-O

W.R.P.Welch, 2018

'Matador' × (Unknown × *N. viridiflorus*)
Fls 2-4 per stem, 68mm wide; perianth segments 29mm long, ovate, acute, light greenish yellow, spreading, plane, smooth and of heavy substance, overlapping half; corona 7mm long, bowl-shaped, ribbed, orange, mouth wavy and lightly frilled. Early. Sweetly scented.
Etymology: named for a friend of the registrant

'Cream Satin' 2 Y-Y

Mrs Anne Wright, 2018

N. rupicola × 'Candlepower'; sdlg no. 2827-2
Fl. star-shaped, 35mm wide; perianth segments 13mm long, oblong, blunt, prominently mucronate, pale greenish yellow 4D, spreading, plane, with margins incurved, smooth and of heavy substance, overlapping at base only; corona 11mm long, cylindrical, smooth, light greenish yellow 4C, mouth a little expanded, even and deeply six-lobed, with rim slightly flanged and minutely crenate. Dwarf. Early. Violet-like scent.

Nomenclatural Standard: WSY0136378

'Cupfighter' 11A Y-Y

P.Pennings, 2017

Parentage unknown; sdlg no. F29

Fl. 105mm wide, forming a double triangle, facing upwards; perianth segments 37mm long, ovate, rounded at apex, mucronate, brilliant yellow 7A, spreading, concave, with margins incurling, with midrib showing, of heavy substance, separated; the inner segments narrower; corona 40mm long, split to half its length into six segments, each overlying and a little larger than the perianth segments, somewhat inflexed, broadly ribbed, bi-lobed, with lobes overlapping, vivid yellow 12A, with rim wavy to lightly frilled, minutely crenate. Early. Strongly scented. Nomenclatural Standard: WSY0136201

'D.A.Levy' 9 W-GYR

(2006) Daniel Bellinger, 2018

'Cantabile' × M. Evans sdlg N20; sdlg no. 00.43.1

Fl. forming a double triangle, 58mm wide; perianth segments 26mm long, roundish in outline, very broad, prominently mucronate, greenish white 155C, spreading, plane or with margins incurved, with midrib showing, of heavy substance, overlapping half or more; the inner segments narrower, more nearly ovate, scarcely mucronate; corona 3mm long, bowl-shaped, vivid greenish yellow 2A, with strong yellow-green 145A at base and red 30B at rim. Late. Sweetly scented. Nomenclatural Standard: WSY0136334
Etymology: poet, publisher and artist d.a.levy was the leader of the Cleveland, Ohio Arts Community during the 1960s. The flower commemorates the 50th anniversary of his death in 1968

'Dancehall Days' 3 Y-O

Gordon Coombes, 2018

'Linedance' × 'Barndance'; sdlg no. G15-14

Fl. forming a double triangle, 110mm wide; perianth segments 46mm long, ovate, blunt, slightly mucronate, reflexed, concave, smooth and of heavy substance, overlapping half; the inner segments narrower, more nearly spreading, with margins incurling at apex, scarcely mucronate; corona 14mm long, cup-shaped, smooth, mouth broadly ribbed, straight and a little wavy, with rim entire. Mid-season. Strongly scented.

Nomenclatural Standard: WSY0136216

'David and Darlene' 2 Y-O

Jane & David Vaughan, 2018

Parentage unknown; sdlg no. 75/22

Fl. forming a double triangle, 83mm wide, facing upwards; perianth segments 31mm long, broadly ovate, blunt or sometimes truncate, yellow with slight pale mucro, spreading, plane, with midrib showing, of heavy substance, overlapping one-third; the inner segments narrower, ovate, blunt, shouldered at base; corona 25mm long, funnel-shaped, slightly ribbed, mouth straight and frilled, with rim notched. Mid-season. Nomenclatural Standard: WSY0136320

'Despera' 6 Y-Y

(2006) Brian S.Duncan, 2018

N. cyclamineus selection × 'Camborne'; sdlg no. 3028

Fl. 48mm wide, deep yellow; perianth segments 21mm long, narrowly ovate, blunt, reflexed, plane, smooth and of heavy substance, overlapping at base only; corona 24mm long, cylindrical, angled, mouth broadly ribbed, flared and wavy, with rim notched. Dwarf. Early.

Nomenclatural Standard: WSY0136288

'Doctor B' 2 Y-Y

Mrs Anne Wright, 2018

N. rupicola × *N. jacetanus*; sdlg no. 2819-2

Fl. forming a double triangle, 33mm wide; perianth segments 13mm long, oblong, blunt, prominently mucronate, brilliant greenish yellow 5A, spreading, plane, smooth and of heavy substance, overlapping a quarter; the inner segments ovate, narrower, less prominently mucronate; corona 11mm long, funnel-shaped, lightly ribbed, brilliant greenish yellow 5B, mouth lightly frilled, deeply six-lobed, with rim flanged and minutely crenate. Dwarf. Early. Spicy scent.

Nomenclatural Standard: WSY0136382

Etymology: named for registrant's husband

'Dormouse' 1 W-Y

Mrs Anne Wright, 2018

'Spring Charm' × 'Second Fiddle'; sdlg no. 3170-1-15

Fl. forming a double triangle, 26mm wide; perianth segments 11mm long, ovate or obovate, blunt, slightly mucronate, greenish white (155A), spreading, plane, creased and of heavy substance; the inner segments oblong or obovate, narrower, scarcely mucronate; corona 11mm long, cylindrical, angled, pale greenish yellow 2D, mouth flared and a little wavy, six-lobed, with rim entire. Dwarf. Early. Violet-like scent.

Nomenclatural Standard: WSY0136381

'Dreamaway' 11A Y-P/Y

Colin Crotty, 2018

'Peach Glow' × 'Placid Sky'; sdlg no. CC31-10

Fl. 95mm wide; perianth segments 35mm long, roundish in outline, very broad, blunt, light yellow with prominent white mucro, reflexed, concave, smooth and of heavy substance, overlapping half or more; the inner segments inflexed, narrower, more nearly ovate; corona split almost to base into six segments, each closely overlying a perianth segment, 20mm long and at least as wide as the perianth segments, deeply bi-lobed, frilled, pink, stronger in tone towards apex, with yellow along margins. Strongly scented.

Nomenclatural Standard: WSY0136225

'Drew's Memory' 1 Y-O

Rosemary Clements, 2017

'Disquiet' × sdlg 3169 (['Her' × 'Barnum'] × 'King's Grove'] × 'Tyree'); sdlg no. 4048

Fl. 112mm wide; perianth segments 45mm long, broadly ovate, blunt, deep yellow with slight white

mucro, spreading, plane or with margins a little incurved, smooth and of heavy substance, overlapping half; the inner segments narrower, shouldered at base; corona 46mm long, funnel-shaped, smooth, mid-orange, mouth straight and broadly ribbed, with rim flanged, lobed and entire. Mid-season.
Nomenclatural Standard: WSY0136186
Etymology: named in honour of the registrant's husband and friend

'Eden Song' 2 W-P

(2006) Brian S.Duncan, 2017
'Edenderry' × 'Chanson'; sdlg no. 3287
Fl. 112mm wide; perianth segments 45mm long, broadly ovate, blunt, spreading, plane or a little incurved, with midrib showing, of heavy substance, overlapping half; the inner segments narrower; corona 40mm long, cylindrical, angled, mouth a little expanded and wavy, with rim crenate and narrowly flanged. Early to Mid-season.
Nomenclatural Standard: WSY0126988

'Elara 10 Y-Y

(2011) Mrs Anne Wright, 2018
N. cantabricus subsp. *petunioides* × 'Atlas Gold';
sdlg no. 2762-4
Fl. 42mm wide, light greenish yellow 5C; perianth segments 15mm long, lanceolate, very narrow, tapering to apex, acute, spreading, concave, of heavy substance, separated; corona 45mm long, disc-shaped or very broad and shallow funnel-shaped, mouth lightly ribbed and frilled, with rim crenate. Dwarf. Very early. Faintly scented.
Nomenclatural Standard: WSY0136425

'El Disco' 3 Y-R

(2006) Brian S.Duncan, 2017
'African Sunset' × 'Tropical Heat'; sdlg no. 3346
Fl. 100mm wide; perianth segments 39mm long, roundish in outline, very broad, truncate at apex, deep yellow with slight pale mucro, spreading, plane, with midrib showing, of heavy substance, overlapping two-thirds; the inner segments a little narrower; corona 11mm long, bowl-shaped, angled, deep orange-red, mouth straight, a little wavy and sometimes lobed, with rim crenate. Mid-season to late.
Nomenclatural Standard: WSY0126990

'Elle Bell' 7 Y-Y

Brendan Sayers, 2018
'Hillstar' × 'Little Bell'; sdlg no. 3885
Fls 3 per stem, star-shaped; perianth segments ovate, blunt, a little reflexed, plane or with margins incurved, overlapping at base only; corona cup-shaped, smooth, mouth expanded and ribbed, with rim flanged and entire. Mid-season.
Nomenclatural Standard: WSY0136271

'Éponine' 6 W-Y

(2005) Brian S.Duncan, 2018
N. cyclamineus selection × 'Candlepower';

sdlg no. 3239

Fl. 50mm wide; perianth segments 24mm long, lanceolate, acute, white, reflexed, plane, smooth and of heavy substance, overlapping at base only; corona 24mm long, cylindrical, angled, pale lemon, mouth somewhat flared, even, with rim lobed and notched. Dwarf. Very early.
Nomenclatural Standard: WSY0136317

'Fantine' 6 W-Y

(Brian S.Duncan) Brian S.Duncan, 2018
N. cyclamineus selection × 'Candlepower';
sdlg no. 3048
Fl. 38mm wide; perianth segments 20mm long, lanceolate, acute, mucronate, reflexed, plane, smooth and of heavy substance, separated; corona 23mm long, cylindrical, angled, mouth broadly ribbed, flared and lightly frilled, with rim notched. Dwarf. Very early to early.
Nomenclatural Standard: WSY0136319

'Father's Pride' 3 Y-YR

(1990) R.A.Scamp, 2018
'Aircastle' × 'Montego'; sdlg no. 398
Fl. forming a double triangle, 90mm wide; perianth segments 40mm long, ovate, blunt, yellow with prominent pale mucro, spreading, plane, with margins incurving, smooth and of heavy substance, overlapping half; the inner segments narrower, shouldered at base, less prominently mucronate; corona 11mm long, cup-shaped, angled, yellow with a broad band of red at rim, mouth expanded, ribbed and even, with rim crenate. Mid-season.
Nomenclatural Standard: WSY0136335
Etymology: named at the request of the Chappell/Over family

'Field Mouse' 6 W-Y

Ringhaddy Daffodils, 2018
'Lilac Charm' × *N. cyclamineus*; sdlg no. W908
Fl. star-shaped, 87mm wide, facing downwards; perianth segments 42mm long, oblong, blunt, mucronate, white, reflexed, plane, smooth and of heavy substance, separated; the inner segments a little narrower, scarcely mucronate; corona 29mm long, narrow funnel-shaped, angled, brilliant yellow 11A, mouth straight and wavy, with rim notched. Early. Sweetly scented.
Nomenclatural Standard: WSY0136399

'Flame Gun' 2 Y-R

Brian S.Duncan, 2017
'Tropical Heat' × 'Causeway Sunset'; sdlg no. 3626
Fl. 100mm wide, facing upwards; perianth segments 40mm long, broadly ovate, blunt, deep yellow with slight pale mucro, spreading, plane or a little incurved, with midrib showing, of heavy substance, overlapping half; the inner segments narrower; corona 20mm long, cup-shaped, angled, deep orange-red, mouth a little expanded, broadly ribbed, lightly frilled and lobed, with rim notched. Mid-season to late.
Nomenclatural Standard: WSY0126992

'Florentine Sophie' 2 W-WP

(2006) Georg Herman, 2018

Parentage unknown; sdlg no. 6-83

Perianth segments roundish in outline, very broad, truncate, slightly mucronate, reflexed, plane, smooth and of heavy substance, overlapping half; the inner segments narrower, more nearly spreading; corona bowl-shaped, angled, mouth straight, ribbed and lightly frilled, with rim notched. Dwarf. Early. Nomenclatural Standard: WSY0136410

'Four-in-one' 4 Y-P

(2006) Narveco, 2018

Blanchard Sdlg 85/21A × Sdlg BSD1920 ('Baldock' × 'Chemeketa'); sdlg no. 3202

Fl. 103mm wide; perianth and other petaloid segments in many whorls, pale yellow, smooth and of membranaceous substance; the outer whorls ovate, blunt, scarcely mucronate, spreading, plane, overlapping half or more; the inner whorls more or less clustered into four 'sets' of whorls, with perianth segments in each 'set' successively shorter and more inflexed towards centre, tightly clustered, concave or folded along midrib; the corona segments a little shorter and interspersed among the perianth segments of each 'set', sometimes also among the outer perianth whorls, deep pink, crumpled. Mid-season. Nomenclatural Standard: WSY0136211

'Freeland' 4 W-Y

(2000) Narveco, 2018

'Serena Beach' × 'Gay Kybo'; sdlg no. 2475

Fl. 100mm wide; perianth and other petaloid segments in three whorls, white, smooth and of heavy substance; the outer two whorls roundish in outline, very broad, blunt, scarcely mucronate, spreading, a little concave, overlapping half or more; the inner whorls shorter, inflexed, concave or folded inwards along midrib; corona segments two-thirds the length of the outer perianth segments and interspersed among the inner perianth whorls, lemon yellow, wavy to lightly frilled, with margins entire. Mid-season. Nomenclatural Standard: WSY0136204

'Frisly Dilly' 4 Y-P

(2001) Narveco, 2018

'Baldock' × 'Waldorf Astoria'; sdlg no. 2778

Fl. 88mm wide; perianth and other petaloid segments in several whorls, lemon yellow, paler at apex, slight white mucro, creased, of heavy substance; the outer whorls roundish in outline, very broad, blunt, spreading, plane or with margins incurling, with midrib showing, overlapping half or more; the inner whorls successively shorter and more inflexed towards the centre, concave or irregularly folded along midrib, with margins strongly incurling; the corona segments three-quarters the length of the outer perianth segments and interspersed among the inner perianth whorls, pink, heavily frilled, with margins crenate. Mid-season. Nomenclatural Standard: WSY0136207

'Frontier Furnace' 2 Y-R

(Graeme & Faith Miller, 2012) Graeme & Faith Miller, 2018

'Uncle Duncan' × 'Tripapan'; sdlg no. GM12-07

Fl. rounded, 103mm wide; perianth segments 43mm long, very broadly ovate, blunt, light greenish yellow 7D with slight white mucro, spreading, shallowly concave, with midrib showing and of membranaceous substance, overlapping half or more; the inner segments narrower, shouldered at base; corona 24mm long, cup-shaped, ribbed, red (32A), mouth expanded, lightly frilled and shallowly lobed, with rim flanged and dentate. Early. Nomenclatural Standard: WSY0136375

'Full Flush' 4 Y-P

(2002) Narveco, 2018

'Baldock' × 'Gresham'; sdlg no. 2921

Fl. 100mm wide; perianth and other petaloid segments in several whorls, yellow, creased and of membranaceous substance; the outer whorls roundish in outline, very broad, truncate, scarcely mucronate, spreading, plane, overlapping half or more; the inner whorls successively shorter, more inflexed and somewhat clustered towards the centre, concave or folded inwards along midrib, with margins incurling; the corona segments three-quarters the length of the outer perianth segments and interspersed among the inner perianth whorls, strong pink, lightly frilled or crumpled, with margins crenate. Early to mid-season. Nomenclatural Standard: WSY0136206

'Gianna' 6 W-Y

Mrs Anne Wright, 2018

'Candlepower' × 'Second Fiddle'; sdlg no. 2940-1-14

Fl. 41mm wide, facing downwards; perianth segments 17mm long, ovate, blunt, mucronate, opening pale greenish yellow 1D, becoming greenish white (157D), strongly reflexed, plane, smooth and of heavy substance, overlapping at base only; the inner segments narrower; corona 18mm long, cylindrical, lightly ribbed, opening light greenish yellow 4B, becoming pale greenish yellow 1D, mouth flared and lightly frilled. Dwarf. Early. Slightly scented. Nomenclatural Standard: WSY0136384

'Gold Angel' 2 YYW-P

Colin Crotty, 2018

'Steffi' hybrid × 'Lorikeet' hybrid; sdlg no. CC34-11

Fl. forming a double triangle, 106mm wide; perianth segments 40mm long, broadly ovate, blunt, strong yellow, with a narrow band of white at base, slight white mucro, spreading, plane, with margins a little incurved, smooth and of heavy substance, overlapping half; the inner segments narrower, shouldered at base, scarcely mucronate; corona 28mm long, cup-shaped, ribbed, bright pink, mouth straight and wavy, with rim dentate. Mid-season. Strongly scented. Nomenclatural Standard: WSY0136221

'Gold Braid' 2 Y-Y

Brian S.Duncan, 2017

'Crevenagh' × 'Gold Bond'; sdlg no. 3415

Fl. 103mm wide, deep golden yellow; perianth segments 40mm long, very broadly ovate in outline, roundish at apex, prominent pale mucro, spreading, plane or with margins incurved, creased and of heavy substance, overlapping half or more; the inner segments narrower, shouldered at base; corona 32mm long, cup-shaped, angled, mouth a little expanded, wavy and broadly ribbed, with rim entire. Mid-season. Nomenclatural Standard: WSY0126994

'Gosia' 2 YYW-O

M.H.van der Zon & Sons, 2017

Parentage unknown

Fl. 110mm wide, facing upwards; perianth segments 45mm long, roundish in outline, very broad, blunt, mucronate, brilliant greenish yellow 6C with light yellow 10B venation, paler towards base, spreading, plane or with margins incurved, with midrib showing, of heavy substance, overlapping one-third; the inner segments more nearly ovate, shouldered at base, scarcely mucronate, somewhat twisted; corona 37mm long, funnel-shaped, smooth, orange (20C), with strong orange (25B) at rim, mouth straight, ribbed, lobed and frilled, with rim crenate. Mid-season. Strongly scented.

Nomenclatural Standard: WSY0136198

'Gracie Bear' 8 W-Y

W.R.P.Welch, 2018

'Matador' × 'Paper White'

Fls 3–9 per stem, 49mm wide; perianth segments 21mm long, broadly ovate, rounded at apex, mucronate, white, spreading, plane, with margins slightly incurving, smooth and of heavy substance, overlapping half; the inner segments shouldered at base; corona 5mm long, bowl-shaped, ribbed, opening light yellow suffused with orange, maturing to light yellow, mouth straight and wavy, with rim sometimes notched. Tall. Mid-season. Sweetly scented. Etymology: nickname of a friend of the registrant

'Green Arrow' 2 W-GWW

Brent & Becky Heath, 2018

Parentage unknown

Fl. forming a double triangle; perianth segments roundish in outline, very broad, truncate, mucronate, white, spreading, plane or with margins incurved, with midrib showing and of heavy substance, overlapping half or more; the inner segments narrower, scarcely mucronate; corona funnel-shaped, angled, white with yellowish-green towards base, mouth straight, ribbed and wavy, with rim crenate. Mid-season.

Nomenclatural Standard: WSY0136346

Etymology: named for the Garden Club of Virginia's motto "Follow the Green Arrow" which continues to be used as directional signage during the annual "Historic Garden Week" fundraiser, with proceeds towards maintaining public parks and historic gardens

'Gyda Valley' 3 W-YYO

Syn. 'Kimda'

David Adams, 2018

Sdlg 79/13C ('Kimmeridge' × 'Gyda') ×

Crotty sdlg 12/76; sdlg no. 86/28A

Fl. rounded, 90mm wide; perianth segments 36mm long, very broadly ovate, rounded at apex, white, spreading, plane, with margins incurving, smooth and of heavy substance, overlapping half; the inner segments narrower; corona 11mm long, cup-shaped, ribbed, light yellow with a band of orange at rim, mouth straight and frilled, with rim dentate. Mid-season. Strongly scented

'Hamcor' 1 Y-O

David Adams, 2018

M. Hamilton sdlg × 'Corbiere'; sdlg no. 94/14C

Fl. forming a double triangle, 77mm wide; perianth segments 28mm long, ovate, truncate, mucronate, yellow, spreading, plane, smooth and of heavy substance, overlapping half; corona 79mm long, funnel-shaped, smooth, light orange, mouth flared and frilled, with rim dentate. Dwarf. Mid-season

'Hamish Wood' 2 W-W/P

(1993) R.A.Scamp, 2018

'Fragrant Rose' × 'Dailmanach'; sdlg no. 715

Fl. forming a double triangle, 108mm wide; perianth segments 48mm long, ovate, blunt, white, spreading, plane, with margins incurving, smooth and of heavy substance, overlapping half or more; corona 25mm long, cup-shaped, smooth, white with a broad band of pink from middle to rim, mouth straight, ribbed, wavy and shallowly lobed, with rim dentate.

Nomenclatural Standard: WSY0136337

Etymology: named for the Wood family

'Happy Chap' 2 Y-Y

Gordon Coombes, 2018

'Bantam' × 'Georgie Pie'; sdlg no. G20-14

Fl. 63mm wide; perianth segments 25mm long, very broadly ovate, rounded at apex, slightly mucronate, bright yellow, spreading, concave, with margins a little incurving, smooth and of heavy substance, overlapping half or more; the inner segments narrower, shouldered at base, blunt at apex, scarcely mucronate; corona 14mm long, cup-shaped, smooth, bright yellow, deeper in tone towards the rim, mouth straight and wavy, with rim crenate. Late.

Nomenclatural Standard: WSY0136220

'Harold's Legacy' 2 W-Y

(2005) Robert Spotts, 2018

'Habit' × 'Emerald Sea'; sdlg no. 2001-004-1

Fl. 80mm wide; perianth segments 34mm long; corona 18mm long. Very early. Very occasionally produces two flowers per stem

‘Helen Vaughan’ 2 W-GWP

Jane & David Vaughan, 2018

Parentage unknown; sdlg no. 89/11a

Fl. forming a double triangle, 82mm wide; perianth segments 30mm long, broadly ovate, blunt, slightly mucronate, spreading, plane or a little twisted, with midrib showing and of heavy substance; the inner segments narrower; corona 15mm long, funnel-shaped, smooth, mouth straight, lightly ribbed and frilled, with rim crenate and narrowly flanged. Mid-season.

Nomenclatural Standard: WSY0136333

‘Henriette Marie’ 2 W-WWP

Georg Herman, 2018

Parentage unknown; sdlg no. 9-12

Perianth segments roundish in outline, very broad, truncate, mucronate, a little reflexed, concave, smooth and of heavy substance, overlapping more than half; the inner segments narrower, more nearly spreading, shouldered at base, margins a little wavy; corona cup-shaped, angled, broadly ribbed, mouth straight and wavy to lightly frilled, with rim crenate. Dwarf. Early.

Nomenclatural Standard: WSY0136412

‘Hickling Broad’ 2 Y-R

(2009) P.A.Payne, 2018

Sdlg 1-1-98 (‘Desert Storm’ × ‘Loch Lundie’) ×

‘Online’; sdlg no. 28-5-04

Fl. rounded, 115mm wide; perianth segments 48mm long, roundish in outline, very broad, truncate, yellow with slight pale mucro, spreading, plane, with midrib showing, of heavy substance, overlapping half or more; the inner segments narrower; corona 28mm long, funnel-shaped, mouth straight and frilled, with rim crenate. Mid-season.

Nomenclatural Standard: WSY0136362

‘Horsey Mere’ 2 W-Y

P.A.Payne, 2018

Sdlg 5-1-99 (‘Tudor Grove’ × ‘Tudor Love’) × ‘Moon Madness’; sdlg no. 18-12-06

Fl. 120mm wide; perianth segments 49mm long, ovate, blunt, spreading, plane or with margins narrowly incurling at rim, smooth and of heavy substance, overlapping half; the inner segments narrower, shouldered at base; corona 20mm long, bowl-shaped, smooth, mouth expanded, ribbed, deeply lobed, with lobes overlapping, lightly frilled, with rim minutely crenate. Mid-season to late.

Nomenclatural Standard: WSY0136366

‘Hot Circle’ 3 WWY-YYO

Brian S.Duncan, 2017

‘Glen Lake’ × ‘Cisticola’; sdlg no. 3801

Fl. 111mm wide; perianth segments 46mm long, roundish in outline, very broad, blunt, pure white, touched yellow at base, spreading, plane, with margins incurling at apex, smooth and of membranaceous substance, overlapping half or more; the inner segments narrower; corona 15mm long, bowl-shaped, smooth, deep yellow with a broad band

of reddish orange at rim, mouth straight, ribbed and lightly frilled, with rim crenate. Mid-season.

Nomenclatural Standard: WSY0136178

‘Howe’s Blush’ 2 W-WWP

(Royceston J. Howe, 2014) Royceston J. Howe, 2017
‘Major Luck’ unregistered × Sdlg 03/1 (‘Areley Kings’ × ‘Pink Silk’)

Fl. forming a double triangle, 72mm wide; perianth segments 33mm long, broadly ovate, blunt, mucronate, greenish white 155C, spreading, shallowly concave, with midrib showing, of membranaceous substance, overlapping half or more; the inner segments narrower, slightly inflexed, shouldered at base; corona 30mm long, funnel-shaped, angled, greenish white 155A, light yellowish pink 36A at rim, mouth broadly ribbed, with rim flanged, a little wavy and shallowly notched. Very early.

Nomenclatural Standard: WSY0136195

‘Idle Valley’ 1 Y-O

Roger Braithwaite, 2018

Parentage unknown; sdlg no. 348

Fl. 110mm wide, facing upwards; perianth segments broadly ovate, blunt, spreading, concave, with midrib showing, of heavy substance, overlapping half or more; the inner segments narrower, shouldered at base; corona funnel-shaped, smooth, mouth straight, even and lightly frilled, with rim somewhat flanged. Tall. Late.

Nomenclatural Standard: WSY0136283

‘Indiras’ 4 Y-O

H.Wijnhout & Son, 2017

‘Innovator’ × ‘Flower-Parade’; sdlg no. 35

Fl. rounded, 105mm wide, facing upwards; perianth and other petaloid segments in several whorls; the outer whorl 49mm long, roundish in outline, very broad, truncate, sometimes mucronate, greenish yellow 6B/7A, spreading, plane, with margins incurling, with midrib showing, of heavy substance, overlapping half; the inner segments a little narrower, blunt; the inner whorls successively shorter and more inflexed towards the centre, concave or folded inwards from midrib; corona segments 30mm long, becoming shorter towards centre, interspersed among the inner perianth segments, strong orange N25C, sometimes with brilliant yellow 7A, crumpled and wavy. Early. Strongly scented.

Nomenclatural Standard: WSY0136203

‘Ingham Nook’ 4 Y-O

Roger Braithwaite, 2018

Parentage unknown; sdlg no. 293

Fl. 110mm wide; perianth and petaloid segments in several whorls; the outer whorl very broadly ovate, blunt, spreading, plane, smooth and of heavy substance, overlapping half or more; the inner whorl neatly overlying the outer whorl; the inner segments, inflexed and clustered towards the centre, crumpled or folded; corona segments shorter than and interspersed among the inner perianth segments, frilled or crumpled. Tall. Late.

Nomenclatural Standard: WSY0136285

'Intermission' 3 W-Y

Ringhaddy Daffodils, 2018

'Sidley' open pollinated; sdlg no. W973

Fl. forming a double triangle, 73mm wide; perianth segments 29mm long, ovate, truncate, prominently mucronate, white, spreading, plane, with margins incurling, smooth and of heavy substance, overlapping half or more; the inner segments a little narrower and scarcely mucronate; corona 9mm long, bowl-shaped, ribbed, brilliant greenish yellow 4A, mouth straight and wavy, with rim minutely crenate. Late. Sweetly scented. Nomenclatural Standard: WSY0136400

'Irish Poet' 9 W-GWO

(2007) Ringhaddy Daffodils, 2018

'Delphin Hill' × 'Ballydorn'; sdlg no. W718

Fl. rounded, 62mm wide; perianth segments 27mm long, roundish in outline, very broad, truncate, slightly mucronate, white, spreading, plane, with margins narrowly incurling, smooth and of heavy substance, overlapping half or more; the inner segments narrower; corona 4mm long, disc-shaped, ribbed, white, with a narrow band of strong orange 25A at rim and green at base, mouth straight and wavy, with rim crenate. Late. Sweetly scented. Nomenclatural Standard: WSY0136401

'Janspik' 4 W-O

David Adams, 2018

Parentage unknown; sdlg no. 90/113A

Fl. rounded, 85mm wide; perianth and other petaloid segments 40mm long, very broadly ovate, rounded at apex, whitish, inflexed, convex, with margins incurved and hooded at apex, smooth and of heavy substance, overlapping half; corona segments orange, deeper in tone towards the rim. Mid-season

'Jean Estelle' 11a W-YWP

Graeme & Faith Miller, 2018

'Blitz' × 'Trigonometry'; sdlg no. GM10-35

Fl. rounded, 90mm wide; perianth segments 33mm long, roundish in outline, very broad, blunt, slightly mucronate, white, spreading, shallowly concave, creased and of heavy substance, overlapping half or more; the inner segments narrower, shouldered at base; corona segments 24mm long, split almost to base, forming an inner and an outer whorl of three, each segment closely overlying a perianth segment, light greenish yellow 7D at base, a narrow band of white towards centre and a broad band of pale purplish pink 56C at margins, bi-lobed with lobes overlapping, with rim entire and lightly frilled. Mid-season. Nomenclatural Standard: WSY0136377
Etymology: named for registrant's mother

'John Goodbrand' 4 Y-Y

R.A.Scamp, 2018

'Golden Aura' × 'Papua'; sdlg no. duP38-25

Fl. 92mm wide; perianth and other petaloid segments 30mm long, in two or more whorls; the outer whorls ovate, blunt, slightly mucronate, spreading, plane or with margins incurved, smooth and of heavy substance, overlapping half; the inner segments narrower, slightly inflexed; the corona segments 20mm long, interspersed among the inner perianth segments, becoming shorter, more strongly inflexed and clustered towards centre, a slightly frilled or crumpled. Mid-season. Nomenclatural Standard: WSY0136373
Etymology: named at the request of the Kay/Goodbrand family

'Joint Venture' 4 W-Y

P.Pennings, 2017

Parentage unknown

Fl. 100mm wide; perianth and other petaloid segments in several whorls; the outer whorl 42mm long, roundish in outline, very broad, truncate, scarcely mucronate, greenish white 157D, spreading, plane or with margins incurved, with midrib showing, of heavy substance, overlapping half or more; the inner segments a little narrower; the inner whorls successively shorter and more strongly inflexed towards the centre, concave or folded deeply inwards from midrib; corona segments 38mm long, interspersed among the inner perianth segments, greenish yellow 5A/C, lightly frilled, with rim crenate. Mid-season. Strongly scented. Nomenclatural Standard: WSY0136202

'Justin's Star' 11A Y-Y

R.A.Scamp, 2018

'Menehay' × 'Gold Bond'; sdlg no. 1253

Fl. star-shaped, 100mm wide; perianth segments 35mm long, ovate, blunt, prominently mucronate, spreading, plane, with margins incurling, smooth and of heavy substance, overlapping one-third to half; the inner segments narrower, acute, shouldered at base, scarcely mucronate; corona 24mm long, split to base into six segments, forming an outer and an inner whorl of three, each segment the same width as and closely overlying a perianth segment, bi-lobed with lobes overlapping, with apex wavy and notched. Mid-season. Nomenclatural Standard: WSY0136338

'Kalyke' 10 W-W

Mrs Anne Wright, 2018

N. cantabricus var. *petunioides* × *N. romieuxii* subsp. *albidus* SF110; sdlg no. 2773-2

Fl. 39mm wide, white NN155C; perianth segments 15mm long, lanceolate, acute, spreading or a little reflexed, plane, smooth and of heavy substance, separated; corona 35mm long, broadly funnel-shaped, lightly ribbed, mouth straight, with rim rolled and crenate. Dwarf. Very early. Slightly scented. Nomenclatural Standard: WSY0136386

'Kari' 10 Y-Y

Mrs Anne Wright, 2018

'Julia Jane' × *N. bulbocodium*; sdlg no. 2767-2

Fl. 41mm wide, brilliant greenish yellow 7C; perianth segments 14mm long, lanceolate, acute, spreading, concave, smooth and of heavy substance, separated; corona 42mm long, funnel-shaped, mouth straight, lightly ribbed, with rim rolled and crenate. Dwarf. Very early. Slightly scented.

Nomenclatural Standard: WSY0136388

'Kaysea's Kiss' 4 W-YRR

W.R.P.Welch, 2018

'Matador' × 'Tahiti'

Fls 1–2 per stem, rounded, 70mm wide; perianth segments 33mm long, roundish in outline, very broad, rounded at apex, mucronate, creamy white, spreading, plane, smooth and of heavy substance; corona segments 11mm long, orange-red, with yellow at base. Tall. Late. Sweetly scented

'Kimda' Unregistered

Name used for commercial stocks derived from

N. pseudonarcissus subsp. *pseudonarcissus* from the Loire Valley, France**'Lovely Lynden' 2 W-P**

Brent & Becky Heath, 2018

Parentage unknown

Fl. forming a double triangle; perianth segments broadly ovate, mucronate, white, spreading, plane or with margins a little incurved, smooth and of heavy substance, overlapping half; the inner segments narrower, shouldered at base, scarcely mucronate; corona cylindrical, angled, pale pink, darker in tone towards rim, mouth straight and broadly ribbed, with rim crenate.

Nomenclatural Standard: WSY0136311

'Magician's Choice' 2 W-P

Brian S.Duncan, 2017

'Soprano' × 'Magician'; sdlg no. 3770

Fl. 118mm wide; perianth segments 47mm long, broadly ovate, blunt or truncate, white, mucronate, spreading, plane or with margins incurved, creased and of membranaceous substance, overlapping half or more; the inner segments narrower; corona 25mm long, cup-shaped, angled, deep reddish pink, mouth a little expanded and broadly ribbed, lightly frilled, with rim notched and narrowly flanged. Mid-season.

Nomenclatural Standard: WSY0126995

'Maiden Heaven' 11A Y-P

(2008) Gordon Coombes, 2018

('Blazing Wave' × 'Debbie Joan') × 'Cherry Pink';
sdlg no. G14-08

Fl. 105mm wide; perianth segments 40mm long, roundish in outline, very broad, truncate, slightly mucronate, opening white, becoming light yellow at maturity, a little reflexed, plane or with margins incurved, with midrib showing and of heavy substance, overlapping half or more; the inner segments narrower, more nearly spreading, shouldered at base, blunt at apex, scarcely mucronate; corona 19mm long, split to base forming an inner and an outer whorl of three segments, each closely overlying and a little narrower than the perianth segments, orange-pink, deeper in tone towards the rim, heavily frilled. Mid-season. Strongly scented.

Nomenclatural Standard: WSY0136224

'Malinky' 2 Y-Y

Mrs Anne Wright, 2018

'Candlepower' × Keira hybrid K/34/94;
sdlg no. 2949-1-15

Fl. star-shaped, 39mm wide; perianth segments 17mm long, lanceolate, acute, mucronate, light greenish yellow 5D, spreading, a little twisted, smooth and of heavy substance, separated; corona 16mm long, cylindrical, smooth, light greenish yellow 6D, mouth flared, broadly ribbed, wavy and irregularly lobed, with rim entire. Dwarf. Early. Slightly scented.

Nomenclatural Standard: WSY0136391

Etymology: Skinny Malinky is a Russian/Irish term for a very thin girl

'Margaret's Grace' 2 W-OOW

(2000) Tom Stettner, 2018

'All American' × 'Geometrics'; sdlg no. Ala-Geo-1

Fl. 100mm wide; perianth segments 40mm long, broadly ovate, truncate, scarcely mucronate, ivory white, a little reflexed, plane, with midrib showing, of membranaceous substance, overlapping one-third to half; the inner segments narrower, more nearly spreading, shouldered at base, blunt at apex; corona 25mm long, narrowly funnel-shaped, angled, tangerine orange, paler towards base, with narrow band of white at rim, mouth straight, wavy, narrowly ribbed, with rim entire. Mid-season.

Nomenclatural Standard: WSY0136314

Etymology: named for relative of registrant

'Marilyn Carney' 2 Y-GOO

M.W. Carney, 2018

'Miss Primm' unregistered × 'Pacific Rim';
sdlg no. 05-40-08

Fl. 87mm wide, facing upwards; perianth segments 36mm long, broadly ovate, blunt, yellow with white mucro, spreading, plane, with margins incurving at apex, creased, of heavy substance, overlapping half; the inner segments narrower, shouldered at base; corona 15mm long, funnel-shaped, mouth straight, broadly ribbed, with rim crenate and shallowly lobed. Mid-season.

Nomenclatural Standard: WSY0136324

'Max's White' 1 W-W

M.J. Brown, 2018

Parentage unknown

Fl. 100mm wide, greenish white 155A; perianth segments 43mm long, ovate, blunt, slightly mucronate, spreading, plane, with margins narrowly incurving at apex, smooth and of heavy substance, overlapping half; the inner segments narrower; corona 45mm long, narrow funnel-shaped, smooth, mouth straight, a little wavy, with rim crenate. Mid-season.

Nomenclatural Standard: WSY0136355

Etymology: named for the late Max Hamilton

'Microphone' 4 W-P

(2000) Narveco, 2018

'Serena Beach' × 'Soprano'; sdlg no. 2842

Fl. 102mm wide; perianth and other petaloid segments in many whorls, white, smooth and of heavy substance; the outer whorls broadly ovate, blunt, scarcely mucronate, spreading, plane, overlapping more than half; the inner whorls successively shorter and more inflexed towards the centre, slightly concave or a little crumpled; the corona segments half the length of the outer perianth segments and interspersed among the inner perianth whorls, mid-pink, somewhat folded or crumpled. Mid-season.

Nomenclatural Standard: WSY0136209

'Minionette' 6 Y-Y

Mrs Anne Wright, 2018

N. rupicola subsp. *marvieri* × *N. cyclamineus*;
sdlg no. 2674

Fl. 42mm wide, facing downwards; perianth segments 18mm long, ovate, blunt, mucronate, brilliant greenish yellow 6A, strongly reflexed, plane or with margins incurved, with midrib showing, of heavy substance, overlapping at base only; the inner segments a little narrower; corona 15mm long, funnel-shaped, angled, brilliant yellow 7A, mouth straight, broadly ribbed, a little wavy, irregularly lobed, with rim notched. Dwarf. Early. Slightly scented.

Nomenclatural Standard: WSY0136393

'Molly's Fairlea' 2 W-P

Cosby George, 2018

'Amazing Grace' × 'Blackstone'; sdlg no. 3732

Fl. forming a double triangle, 129mm wide; perianth segments 50mm long, broadly ovate, blunt, mucronate, spreading, plane, creased, with midrib showing and of membranaceous substance, overlapping half; the inner segments narrower, scarcely mucronate; corona 29mm long, funnel-shaped, angled, mouth broadly ribbed, with rim entire and lightly frilled. Mid-season.

Nomenclatural Standard: WSY0136215

'Monchou' 4 W-P

(2007) Narveco, 2018

'Savoir Faire' × 'Dorchester'; sdlg no. 3512

Fl. 95mm wide; perianth and other petaloid segments in three whorls, white; the outer whorls broadly ovate, rounded at apex, mucronate, spreading, plane or with margins a little incurved, with midrib showing and of heavy substance, overlapping half; the inner whorl inflexed, folded along midrib; the corona segments half the length of the outer perianth segments, clustered in and around the inner perianth whorl, deep pink, paler towards the rim, frilled, with rim crenate. Mid-season

Nomenclatural Standard: WSY0136212

'Mount Stewart' 1 Y-O

(2008) Brian S.Duncan, 2017

'Hero' hybrid × 'Red Reed'; sdlg no. 3810

Fl. 110mm wide; perianth segments 43mm long, very broadly ovate, blunt, deep yellow with slight pale mucro, spreading, plane or with margins incurved, smooth and of heavy substance, overlapping half or more; the inner segments narrower, shouldered at base, scarcely mucronate; corona 45mm long, funnel-shaped, smooth, deep orange, a little paler towards the base, mouth straight, ribbed and lightly frilled, with rim minutely crenate. Mid-season.

Nomenclatural Standard: WSY0126997

'Olivia Maria' 2 Y-P

Brendan Sayers, 2018

Sdlg BD1389 × 'Pink Perry'; sdlg no. 1912

Fl. rounded, 83mm wide; perianth segments 35mm long, roundish in outline, blunt, spreading, plane or with margins incurved, creased and of membranaceous substance, overlapping half; corona 30mm long, cylindrical, smooth, mouth flared and wavy. Mid-season to late.

Etymology: named for the late Olivia Maria Machata

'Opportune' 1 W-Y

David Adams, 2018

'Ebony' hybrid; sdlg no. 88/109A

Fl. forming a double triangle, 104mm wide; perianth segments 39mm long, ovate, blunt, spreading, plane, smooth and of heavy substance, overlapping half; the inner segments narrower; corona 41mm long, funnel-shaped, ribbed, mouth wavy, with rim flanged and crenate. Mid-season

'Paddy's Legacy' 2 W-YYO

Brian S.Duncan, 2017

Sdlg 2397 × 'Glen Lake'; sdlg no. 3888

Fl. 106mm wide; perianth segments 40mm long, roundish in outline, blunt at apex, scarcely mucronate, white, spreading, plane, smooth and of membranaceous substance, overlapping half or more; the inner segments narrower; corona 15mm long, bowl-shaped, smooth, mid-yellow with a broad band of deep orange at rim, mouth straight, ribbed and lightly frilled, with rim crenate. Mid-season.

Nomenclatural Standard: WSY0126999

'Pageboy' 12 Y-Y

Mrs Anne Wright, 2018

'Idol' × *N. cyclamineus*; sdlg no. 2817-2

Fls 1–2 per stem, 22mm wide, facing downwards; perianth segments 15mm long, ovate, blunt, mucronate, vivid yellow 12A, strongly reflexed, plane or with margins incurved, smooth and of heavy substance, overlapping at base only; inner segments narrower; corona 11mm long, cylindrical, smooth, vivid yellow 13A, slightly constricted at waist, mouth broadly ribbed, a little wavy, with rim entire. Dwarf. Early. Sweetly scented.

Nomenclatural Standard: WSY0136394

'Paradale' 4 Y-O

(2008) Brian S.Duncan, 2017

'Crowndale' × 'Paradigm'; sdlg no. 3756

Fl. 103mm wide; perianth and other petaloid segments in several whorls, orange-yellow; the outer two whorls roundish in outline, very broad, spreading, plane, with margins incurving, smooth and of heavy substance, overlapping half or more; the inner whorls successively shorter and more inflexed towards the centre, concave or folded along midrib; corona segments in several whorls, half the length of and interspersed among perianth segments and clustered at centre, frilled, with rim minutely crenate. Early to Mid-season.

Nomenclatural Standard: WSY0136174

'Pinkilicious' 3 W-YPY

Narveco, 2018

Sdlg 1560 ('Cupid's Eye' × ['High Society' × 'Valinor']) × Sdlg 1561 ('Ken's Favorite' × 'Fragrant Rose')

Fl. 90mm wide; perianth segments 33mm long, roundish in outline, very broad, rounded at apex, slightly mucronate, pure white, spreading, plane or with margins incurving, smooth and of heavy substance, overlapping half or more; the inner segments narrower, more nearly ovate, somewhat shouldered at base, scarcely mucronate; corona 10mm long, cup-shaped, deep yellow with reddish pink at rim, mouth a little expanded, ribbed and wavy, with rim irregularly lobed and minutely crenate. Late.

Nomenclatural Standard: WSY0136210

'Pink Massif' 4 Y-P

(2002) Narveco, 2018

'Baldock' × 'Gresham'; sdlg no. 2442

Fl. 115mm wide; perianth and other petaloid segments in several whorls, deep lemon yellow, creased and of heavy substance; the outer whorls broadly ovate, blunt, slight white mucro, spreading, plane, with margins incurving; the inner whorls successively shorter and more inflexed towards the centre, concave or irregularly folded along midrib, with margins incurving; the corona segments half the length of the outer perianth segments and interspersed among the inner perianth whorls, deep reddish pink, frilled, becoming more crumpled towards the centre, with margins entire. Early to mid-season.

Nomenclatural Standard: WSY0136208

'Pink Up' 2 W-P

(2001) O.David Niswonger, 2018

Sdlg 18-94 ('Space Ship' × Mitsch sdlg #7 ['Precedent' × 'Eclat']) × 'Pink Elegance'; sdlg no. 7-01

Fl. 95mm wide; perianth segments 48mm long, broadly ovate, blunt, prominently mucronate, reflexed, plane or with margins incurved, smooth and of heavy substance, overlapping half or more; corona 37mm long, shallow bowl-shaped, smooth, mouth expanded, with rim very widely flanged, somewhat rolled, notched and lightly frilled. Mid-season.
Nomenclatural Standard: WSY0136309

'Poet's Day' 9 W-GYR

Ringhaddy Daffodils, 2018

'Cantabile' × 'Patois'; sdlg no. W215

Fl. 68mm wide; perianth segments 28mm long, roundish in outline, very broad, scarcely mucronate, white, plane or with margins incurved, smooth and of heavy substance, overlapping half or more; the inner segments truncate at apex; corona 5mm long, disc-shaped, ribbed, brilliant yellow 8A, with a band of strong orange-red (31A) at rim and green at base, mouth straight and wavy, with rim crenate. Late. Sweetly scented. Mid-season.
Nomenclatural Standard: WSY0136402

'Pure Fantasy' 4 W-O

H.Wijnhout & Sons, 2017

Parentage unknown; sdlg no. 35wit oranje

Fl. 93mm wide, facing upwards; perianth and other petaloid segments in several whorls, opening light yellow green 150D becoming greenish white 157D; the outer whorl 40mm long, roundish in outline, very broad, blunt to truncate, scarcely mucronate, spreading, plane, with margins incurving, with midrib showing, of heavy substance, overlapping half; the inner segments narrower; the inner whorls successively shorter and more inflexed towards the centre, concave or crumpled; corona segments 21mm long, strong orange N25B, clustered among inner perianth segments, heavily frilled, crenate. Mid-season.
Nomenclatural Standard: WSY0136205

'Ranworth Broad' 2 Y-R

P.A.Payne, 2018

Sdlg 1-1-98 ('Desert Storm' × 'Loch Lundie') × 'Online'; sdlg no. 28-7-04

Fl. forming a double triangle, 118mm wide; perianth segments 50mm long, ovate, truncate, yellow with slight pale mucro, spreading, plane, creased and of heavy substance, overlapping half; the inner segments narrower, shouldered at base, scarcely mucronate; corona 28mm long, funnel-shaped, angled, orange-red, mouth broadly ribbed and lightly frilled, with rim minutely crenate. Mid-season.
Nomenclatural Standard: WSY0136363

'Rataplan' 12 Y-O/Y

R.van der Salm, 2018

'Maria Geertruida' hybrid

Perianth segments 27mm long, ovate, blunt, vivid yellow 9A/B with slight white mucro, reflexed, plane or with margins a little wavy, with midrib showing, of heavy substance, overlapping a quarter to one-third; the inner segments a little narrower, scarcely mucronate; corona 24mm long, widely funnel-shaped, angled, split half its length into six oblong and well separated lobes, orange (23A) with a narrow band of yellow (13A/B) along margins, mouth straight and even, with rim entire. Dwarf. Early.
Nomenclatural Standard: WSY0136413

'Reed Wadsworth' 2 Y-OOR

White Flower Farm, 2018

Parentage unknown; sdlg no. F98

Fl. 107mm wide; perianth segments 45mm long, very broadly ovate, rounded at apex, yellow with prominent pale mucro, spreading, plane or with margins incurved, with midrib showing, of heavy substance, overlapping half; the inner segments narrower, more nearly ovate, shouldered at base, blunt at apex; corona 38mm long, funnel-shaped, smooth, mouth straight, even and lightly frilled, with rim notched. Mid-season.
Nomenclatural Standard: WSY0136418

'River City' 2 W-YPP

(2006) Mary Lou Gripshover, 2018

Sdlg 84-3 ('Angel' × 'Fellowship') × 'Amadeus'; sdlg no. 2000-06-06

Fl. 91mm wide; perianth segments 41mm long, broadly ovate, rounded, reflexed, plane or somewhat convex, with margins narrowly incurving, smooth and of heavy substance, overlapping half or more; the inner segments narrower; corona 17mm long, cup-shaped, angled, mouth a little expanded, ribbed and shallowly lobed, with rim entire. Mid-season to late.
Nomenclatural Standard: WSY0136348
Etymology: named for the city of Cincinnati

'River Waveney' 2 W-P

P.A.Payne, 2018

'Entrepreneur' × 'Dream Catcher'; sdlg no. 29-13-05

Fl. 108mm wide; perianth segments 45mm long, broadly ovate, truncate, slightly mucronate, white, spreading, plane or with margins incurved, with midrib showing, of membranaceous substance, overlapping half; the inner segments narrower, shouldered at base; corona 30mm long, funnel-shaped, angled, pink, paler in tone towards base, mouth straight, ribbed and wavy, with rim minutely crenate. Mid-season to late.
Nomenclatural Standard: WSY0136368

'Roman Blush' 2 W-YYP

Narveco, 2018

Parentage unknown

Fl. 98mm wide; perianth segments 38mm long, ovate, blunt, prominently mucronate, white, spreading, plane or with margins a little wavy, creased and of heavy substance, overlapping half; the inner segments less prominently mucronate, shouldered at base; corona 32mm long, funnel-shaped, smooth, pinkish yellow, with strong yellow at base and a broad band of strong pink at the rim, mouth broadly ribbed, with rim irregularly lobed, flanged and lightly frilled. Mid-season.

Nomenclatural Standard: WSY0136213

'Ruby Shu' 2 Y-P

White Flower Farm, 2018

Parentage unknown; sdlg no. F21

Fl. 100mm wide; perianth segments 42mm long, roundish in outline, very broad, blunt, scarcely mucronate, spreading, plane, creased, with midrib showing and of heavy substance, overlapping half or more; the inner segments narrower, more nearly ovate; corona 40mm long, cylindrical, angled, mouth straight, even and lightly frilled, with rim crenate and broadly flanged. Mid-season.

Nomenclatural Standard: WSY0136416

'Sadie Louise' 2 W-P

White Flower Farm, 2018

Parentage unknown; sdlg no. F26

Fl. forming a double triangle, 115mm wide; perianth segments 48mm long, ovate, blunt, slightly mucronate, spreading, concave, with midrib showing, of membranaceous substance, overlapping half; the inner segments narrower, shouldered at base; corona 41mm long, funnel-shaped, angled, mouth straight, even and lightly frilled, with rim narrowly flanged and minutely crenate. Mid-season.

Nomenclatural Standard: WSY0136420

'Saffron Celebration' 2 Y-R

(1998) R.A.Scamp, 2018

'Enfield' × 'Gold Convention'

Fl. rounded, 92mm wide; perianth segments 35mm long, roundish in outline, very broad, truncate, yellow with white mucro, spreading, plane or with margins incurved, with midrib showing, of heavy substance, overlapping half; the inner segments narrower, shouldered at base, scarcely mucronate; corona 27mm long, cup-shaped, mouth ribbed, straight and shallowly lobed, with rim crenate. Mid-season.

Nomenclatural Standard: WSY0136342

Etymology: named at the request of the Saffron Walden Horticultural Society to celebrate its 200 years

'Salhouse Broad' 2 Y-R

P.A.Payne, 2018

Sdlg 1-1-98 ('Desert Storm' × 'Loch Lundie') ×

'Online'; sdlg no. 28-4-04

Fl. forming a double triangle, 110mm wide; perianth

segments 47mm long, ovate, blunt, yellow with a slight pale mucro, spreading, plane or with margins a little incurved, smooth and of heavy substance, overlapping half; the inner segments narrower, shouldered at base; corona 31mm long, funnel-shaped, angled, red, mouth straight, broadly ribbed, wavy and deeply lobed, with rim minutely crenate. Mid-season.

Nomenclatural Standard: WSY0136367

'Sofia Geertruida' 2 W-P

VOF van Kampen, 2018

Parentage unknown

Fl. 110mm wide, facing upwards; perianth segments 45mm long, roundish in outline, very broad, truncate, mucronate, greenish white 155C, spreading, plane or with margins incurving, with midrib showing, of heavy substance, overlapping half or more; the inner segments narrower, more nearly ovate, shouldered at base; corona 30mm long, funnel-shaped, ribbed, yellowish pink 31D/C, mouth straight, lobed, wavy to lightly frilled, with rim crenate and narrowly flanged. Mid-season. Strongly scented.

Nomenclatural Standard: WSY0136329

'Solar Ray' 3 Y-R

Brian S.Duncan, 2017

'Solar System' × Turbitt sdlg 94/09; sdlg no. 3792

Fl. 115mm wide; perianth segments 43mm long, very broadly ovate, blunt, deep yellow with pale mucro, spreading, concave, smooth and of heavy substance, overlapping half or more; the inner segments narrower, more nearly ovate, shouldered at base; corona 14mm long, cup-shaped, angled, bright orange-red, mouth a little expanded, ribbed and wavy, with rim minutely crenate. Mid-season to late.

Nomenclatural Standard: WSY0136179

'Split Atom' 11a Y-O

Ringhaddy Daffodils, 2018

Parentage unknown; sdlg no. W818

Fl. forming a double triangle, 74mm wide; perianth segments 26mm long, roundish in outline, very broad, mucronate, brilliant yellow 12B, spreading, concave, with margins incurving, smooth and of heavy substance; the inner segments narrower; corona 15mm long, ribbed, split, vivid orange 28B, mouth frilled. Mid-season. Sweetly scented

'Stootieboot' 2 W-P

Jane & David Vaughan, 2018

Parentage unknown; sdlg no. 74/44

Fl. forming a double triangle, 81mm wide, facing upwards; perianth segments 32mm long, broadly ovate, blunt, spreading, concave, creased and of heavy substance, overlapping half; the inner segments narrower, shouldered at base; corona 30mm long, funnel-shaped, smooth, mouth a little expanded, broadly ribbed, lobed, lightly frilled, with rim flanged and crenate. Mid-season.

Nomenclatural Standard: WSY0136322

Etymology: nickname of hybridizer's daughter

'Surlingham Broad' 3 W-R

(2003) P.A.Payne, 2018

'Rockall' × 'Purbeck'; sdlg no. 4-1-99

Fl. forming a double triangle, 105mm wide; perianth segments 42mm long, ovate, blunt, prominently mucronate, spreading, concave, with midrib showing, of heavy substance, overlapping half; the inner segments narrower, scarcely mucronate; corona 14mm long, bowl-shaped, smooth, mouth straight, wavy to lightly frilled, lobed, with lobes overlapping, with rim minutely crenate. Late.

Nomenclatural Standard: WSY0136372

'Susan Cox' 6 Y-Y

(2007) Lesley Cox, 2018

'Gambas' open pollinated

Fl. star-shaped, 41mm wide; perianth segments 14mm long, lanceolate, acute, mucronate, brilliant greenish yellow 5A, reflexed, concave, smooth and of heavy substance, separated; corona 16mm long, cylindrical, slightly constricted towards mouth, angled, brilliant yellow 7A, mouth flared, even, with rim notched. Dwarf. Very early.

Nomenclatural Standard: WSY0136310

'Susan Mary' 1 W-WWP

Brendan Sayers, 2018

'Ben Aligin' × 'Korora Bay'; sdlg no. 3438

Fl. 120mm wide, facing downwards; perianth segments 43mm long, broadly ovate, blunt, slightly mucronate, spreading, concave, creased and of membranaceous substance, overlapping half; the inner segments narrower, scarcely mucronate, slightly inflexed; corona 45mm long, funnel-shaped, angled, mouth straight, broadly ribbed and lightly frilled, with rim rolled and crenate. Mid-season.

Nomenclatural Standard: WSY0136267

Etymology: named for botanical artist Susan M. Sex

'Sweet Petite' 6 W-Y

Mrs Anne Wright, 2018

N. rupicola × 'Second Fiddle'; sdlg no. 2990-2

Fl. 30mm wide, facing downwards; perianth segments 13mm long, ovate, blunt, mucronate, greenish white 155A, a little reflexed, plane, with midrib showing, of heavy substance, overlapping at base only; corona 12mm long, cylindrical, angled, light greenish yellow 3D, a little constricted at waist, mouth flared and wavy, with rim notched. Dwarf. Early. Strong violet-like scent.

Nomenclatural Standard: WSY0136395

'Tayforth Allbright' 1 Y-O

(2008) Wayne G.Hughes, 2018

'Uncle Duncan' hybrid; sdlg no. 02-110(8.2)

Fl. forming a double triangle, 78mm wide; perianth segments 27mm long, ovate, spreading, concave, vivid yellow 9A; corona 28mm long, funnel-shaped, orange (21A), mouth flared, with rim crenate. Early

'Tayforth Edge' 1 Y-Y

Wayne G.Hughes, 2018

Brog sdlg 8264 × 'Edgbaston'; sdlg no. 201-91(8.5)

Fl. forming a double triangle, 76mm wide; perianth segments 30mm long, ovate, blunt, brilliant greenish yellow 3A, spreading, plane, smooth and of heavy substance; corona 31mm long, funnel-shaped, vivid yellow 9A, mouth flared, with rim crenate. Mid-season

'Tayforth Gofa' 2 Y-O

(2008) Wayne G.Hughes, 2018

'Jamore' × 'Goforit'; sdlg no. 03-59(8.1)

Fl. rounded, 76mm wide; perianth segments 30mm long, very broad, rounded at apex, brilliant yellow 7A, spreading, plane, smooth and of heavy substance, overlapping half or more; the inner segments narrower; corona 19mm long, cup-shaped, ribbed, reddish orange (25C), mouth straight. Early

'Tayforth More' 1 Y-Y

Wayne G.Hughes, 2018

'Kinghorn' hybrid; sdlg no. 04-102A

Fl. forming a double triangle, 75mm wide; perianth segments 30mm long, ovate, brilliant greenish yellow 5A, spreading, plane, smooth and of heavy substance; corona 30mm long, funnel-shaped, smooth, vivid yellow 9A, mouth flared and frilled, with rim crenate. Early

'Tayforth Red One' 1 Y-O

(2008) Wayne G.Hughes, 2018

'High Roller' × 'Kiwi Gossip'; sdlg no. 02-64(8.1)

Fl. forming a double triangle, 76mm wide; perianth segments 30mm long, very broad, brilliant greenish yellow 5B, spreading, plane, smooth and of heavy substance; corona 31mm long, cylindrical, smooth, yellowish orange (17A), mouth flared and frilled. Mid-season.

'Tayforth Star' 2 Y-O

(2006) Wayne G.Hughes, 2018

'Gold Convention' × 'Goldhanger';

sdlg no. 99-24(6.1)

Fl. rounded, 78mm wide; perianth segments 21mm long, broadly ovate, vivid yellow 12A, spreading, plane, smooth and of heavy substance; the inner segments narrower; corona 16mm long, cylindrical, smooth, orange (17A), mouth straight, ribbed and wavy, with rim crenate. Early

'The Fighting Mick' 3 W-GOO

Ringhaddy Daffodils, 2018

'Lisburn' × 'Doctor Hugh'; sdlg no. W780

Fl. forming a double triangle, 124mm wide; perianth segments 54mm long, ovate, truncate, slightly mucronate, white, spreading, plane, with margins incurling, smooth and of heavy substance, overlapping half; the inner segments narrower, scarcely mucronate, corona 12mm long, bowl-shaped, ribbed, strong orange 26A, darker in tone towards rim (28A), mouth straight, wavy and lobed, with lobes overlapping, with rim crenate. Mid-season to late. Sweetly scented.

Nomenclatural Standard: WSY0136403

Etymology: nickname of the Irish Guardsman

'Thistledome' 3 W-YYR

(1998) Richard Patrick, 2018

'Murlough' × 'Lady Serena'; sdlg no. 879

Fl. rounded, 110mm wide, facing upwards; perianth segments 45mm long, roundish in outline, very broad, rounded at apex, mucronate, spreading, plane, with margins narrowly incurling, smooth and of membranaceous substance; the inner segments shouldered at base; corona 15mm long, bowl-shaped, ribbed, mouth expanded, wavy and lobed, with lobes overlapping, rim crenate. Mid-season to late.
Nomenclatural Standard: WSY0136340

'Trembroath Belle' 2 Y-WPP

Victoria Nightingale, 2018

Parentage unknown; sdlg no. 86-83

Fl. 95mm wide; perianth segments 40mm long, broadly ovate, blunt, yellow, a little paler at base, with prominent pale mucro, spreading, plane or with margins incurved, with midrib showing, creased and of membranaceous substance; the inner segments narrower, shouldered at base; corona 37mm long, funnel-shaped, smooth, pink with white at base, mouth straight, frilled and lobed, with rim notched. Mid-season.
Nomenclatural Standard: WSY0136341

'Tropicoss' 2 Y-O

Brian S.Duncan, 2017

'Tropical Heat' × 'Causeway Sunset'; sdlg no. 3913

Fl. 108mm wide; perianth segments 45mm long, roundish in outline, very broad, truncate, mucronate, deep yellow, spreading to a little reflexed, plane or with margins slightly incurved, creased and of heavy substance, overlapping half or more; the inner segments more nearly ovate, shouldered at base, scarcely mucronate; corona 23mm long, cup-shaped, angled, orange becoming deep reddish orange at rim, mouth a little expanded, broadly ribbed, lobed and lightly frilled, with rim minutely crenate. Mid-season.
Nomenclatural Standard: WSY0136180

'Twirl' 1 W-W

(2006) Brian S.Duncan, 2018

N. asturiensis × 'Camborne'; sdlg no. 3249

Fl. 40mm wide; perianth segments 16mm long, ovate, blunt, spreading, twisted, smooth and of heavy substance, overlapping at base; the inner segments a little narrower; corona 17mm long, cylindrical, angled, mouth a little expanded, lightly frilled, with rim notched and broadly flanged. Dwarf. Very early.
Nomenclatural Standard: WSY0136323

'Uncle Jim' 10 Y-Y

(2008) C.Higgins, 2018

'Spirot' × *N. romieuxii* subsp. *romieuxii* var.

mesatlanticus; sdlg no. 13-11A

Fl. 42mm wide, facing upwards; perianth segments 8mm long, lanceolate, acute, light lemon yellow, with paler mucro, spreading, plane, of heavy substance, separated; corona 30mm long, funnel-shaped,

broadly ribbed, light lemon yellow, mouth shallowly lobed and slightly constricted, with rim minutely crenate. Dwarf Mid-season.

Nomenclatural Standard: WSY136290

'Upton Broad' 2 Y-Y

(2010) P.A.Payne, 2018

'Golden Alpha' × 'Ombersley'; sdlg no. 32-11-06

Fl. 100mm wide; perianth segments 42mm long, broadly ovate, blunt, mucronate, a little reflexed, plane, creased and of heavy substance, overlapping half; the inner segments narrower, scarcely mucronate, more nearly spreading, with margins somewhat incurved; corona 40mm long, cylindrical, angled, mouth expanded, broadly ribbed, wavy, shallowly lobed, with rim entire. Late.
Nomenclatural Standard: WSY0136327

'Urney Girl' 4 W-W

Moyra McCandless, 2018

'Fairy Footsteps' × 'Frigid'

Fl. rounded, 60mm wide; perianth and other petaloid segments in several whorls, white, smooth and of heavy substance; the outer whorl 25mm long, roundish in outline, very broad, truncate, mucronate, reflexed, concave, overlapping half for more; the inner whorl a little narrower, more nearly spreading; the innermost segments half the length and a third the width of the outer segments, strongly inflexed, folded or twisted, clustered at centre; corona segments 10mm long, interspersed among the inner petaloid segments, yellowish-white, strongly inflexed, clustered, crumpled and frilled. Late.

Nomenclatural Standard: WSY0136343

Etymology: named for childhood townland of registrant

'Valjean' 6 Y-Y

Brian S.Duncan, 2018

N. cyclamineus selection × 'Camborne'; sdlg no. 3106

Fl. 48mm wide, deep yellow; perianth segments 21mm long, narrowly ovate or lanceolate, blunt or acute, scarcely mucronate, reflexed, plane, smooth and of heavy substance, overlapping at base only; corona 23mm long, cylindrical, broadly ribbed, lightly frilled, with mouth flanged and notched.
Nomenclatural Standard: WSY0136325

'Valley Dancer' 3 Y/O-O

Gordon Coombes, 2018

'Linedance' × 'Barndance'; sdlg no. G10-14

Fl. 95mm wide; perianth segments 40mm long, roundish in outline, very broad, blunt, yellow, flushed orange, with very slight and pale mucro, spreading, concave, smooth and of heavy substance, overlapping half or more; the inner segments narrower, ovate, shouldered at base, with margins incurling; corona 12mm long, cup-shaped, smooth, orange, mouth straight and even with rim crenate. Mid-season. Strongly scented.

Nomenclatural Standard: WSY0136228

‘Vitrina’ 12 Y-Y

Mrs Anne Wright, 2018

N. bulbocodium var. *nivalis* × *N. triandrus*;
sdlg no. 2485

Fls 1–2 per stem, star-shaped, 50mm wide, light greenish yellow 5D, facing downwards; perianth segments 22mm long, oblong, acute, spreading, twisted, smooth, separated; corona 20mm long, funnel-shaped, mouth straight, broadly ribbed, wavy, with rim minutely crenate. Dwarf. Early.
Nomenclatural Standard: WSY0136397

‘Waihou Butter Cream’ 2 Y-Y

R.S. & M.A. Tyrrell, 2018

Parentage unknown; sdlg no. RM05-5

Fl. forming a double triangle, 69mm wide; perianth segments 26mm long, broadly ovate, blunt, yellow with slight white mucro, spreading, concave, smooth and of heavy substance, overlapping half or more; the inner segments narrower, shouldered at base, more nearly plane, with margins incurling; corona 22mm long, narrowly funnel-shaped, broadly ribbed, mouth straight and wavy, with rim crenate. Dwarf. Early.
Nomenclatural Standard: WSY0136246

‘Waihou Gardener’s Delight’ 2 W-Y

R.S. & M.A. Tyrrell, 2018

Parentage unknown; sdlg no. RM07-5

Fl. forming a double triangle, 90mm wide; perianth segments 37mm long, broadly ovate, rounded at apex, mucronate, spreading, plane or with margins a little incurved, smooth and of membranaceous substance, overlapping half; the inner segments narrower, shouldered at base, scarcely mucronate; corona 24mm long, funnel-shaped, smooth, mouth flared, wavy or lightly frilled, with rim dentate. Early to mid-season.
Nomenclatural Standard: WSY0136240

‘Wendy Gillings’ 3 Y-R

Roger Braithwaite, 2018

Parentage unknown; sdlg no. 285

Fl. 115mm wide; perianth segments roundish in outline, very broad, truncate, yellow with slight white mucro, spreading, plane, with midrib showing, of heavy substance, overlapping half or more; the inner segments more nearly ovate, shouldered at base; corona disc-shaped, smooth, mouth straight and wavy, with rim crenate. Tall. Very late.
Nomenclatural Standard: WSY0136287
Etymology: named in honour of the Daffodil Society’s Membership Secretary

‘White Imp’ 2 W-W

David Adams, 2018

‘Easter Moon’ × ‘Dear Me’; sdlg no. 85/10A

Fl. forming a double triangle, 73mm wide; perianth segments 30mm long, ovate, blunt, spreading, plane, smooth and of heavy substance, overlapping one-third; the inner segments shouldered at base; corona 22mm long, funnel-shaped, smooth, mouth straight, ribbed and frilled, with rim crenate. Dwarf. Early. Lightly scented

‘Whitman’ 9 W-YYO

(2007) Mary Lou Gripshover, 2018

Evans sdlg N25 open pollinated

Fl. 58mm wide; perianth segments 24mm long, roundish in outline, truncate, mucronate, reflexed, overlapping half or more, creased and of heavy substance; the inner segments narrower, scarcely mucronate, more nearly spreading, margins wavy; corona disc-shaped, straight, finely ribbed, wavy, with rim crenate. Tall. Late.

Nomenclatural Standard: WSY0136352

Etymology: named for American poet Walt Whitman

‘Woodside Gem’ 3 W-YYO

(2006) Gordon Coombes, 2018

‘Woodland Beauty’ × ‘Eyecatcher’; sdlg no. G12-06

Fl. 85mm wide; perianth segments 36mm long, roundish in outline, very broad, truncate, mucronate, reflexed, concave, with midrib showing, of heavy substance, overlapping half or more; the inner segments narrower, ovate, shouldered at base, scarcely mucronate, more nearly spreading; corona 6mm long, bowl-shaped, ribbed, mouth expanded and lightly frilled, with rim minutely crenate. Late. Strongly scented.

Nomenclatural Standard: WSY0136232

‘Woodside Lad’ 2 YYW-Y

Gordon Coombes, 2018

‘Bantam’ × ‘Georgie Pie’; sdlg no. G18-10

Fl. forming a double triangle, 58mm wide; perianth segments 22mm long, ovate, blunt, mucronate, bright yellow with a white halo at base, spreading, plane or with margins incurved, smooth and of heavy substance, overlapping half; the inner segments narrower, shouldered at base; corona 12mm long, cup-shaped, smooth, bright yellow, mouth straight, ribbed and wavy, with rim crenate. Late

‘Wopollo’ 2 W-O

(2006) Brian S.Duncan, 2017

‘Red Reed’ × ‘Lutana’; sdlg no. 3310

Fl. 102mm wide; perianth segments 40mm long, broadly ovate, slightly mucronate, opening creamy white, becoming white, spreading, plane or with margins a little incurved, smooth and of heavy substance, overlapping half or more; the inner segments narrower, shouldered at base, with midrib showing, scarcely mucronate; corona 39mm long, funnel-shaped, smooth, mid-orange, mouth straight, wavy and broadly ribbed, with rim lobed and crenate. Early to mid-season.

Nomenclatural Standard: WSY0136182

'Wordpower' 1 W-P

(2005) Brian S.Duncan, 2017

'Candlepower' × 'My Word'; sdlg no. 3243

Fl. 65mm wide; perianth segments 22mm long, ovate, blunt, prominently mucronate, white, spreading, plane or a little convex, with midrib showing, of heavy substance, overlapping one-third; the inner segments narrower, scarcely mucronate; corona 25mm long, cylindrical, angled, rose pink, mouth straight, broadly ribbed, lobed and lightly frilled, with rim flared and notched. Early.

Nomenclatural Standard: WSY0136176

'Wroxham Broad' 2 Y-R

P.A.Payne, 2018

Sdlg 1-1-98 ('Desert Storm' × 'Loch Lundie') × 'Online'; sdlg no. 28-1-04

Fl. 106mm wide; perianth segments 45mm long, broadly ovate, blunt, yellow with slight pale mucro, spreading, plane, smooth and of heavy substance, overlapping half; the inner segments narrower, shouldered at base; corona 31mm long, funnel-shaped, angled, red, mouth straight and lightly frilled, with rim crenate. Early to Mid-season.

Nomenclatural Standard: WSY0136365

'Yellow Breeches' 2 Y-Y

M.W.Carney, 2018

'Golden Amber' × 'Silver Bells'; sdlg no. 04-10-01

Fl. 82mm wide, facing upwards; perianth segments 27mm long, ovate, blunt, yellow with slight white mucro, spreading, plane or with margins incurved, creased and of heavy substance, overlapping half; the inner segments narrower, shouldered at base; corona 25mm long, narrowly funnel-shaped, smooth,

mouth straight and wavy, with rim shallowly notched. Mid-season.

Nomenclatural Standard: WSY0136328

'Yellow Ocean' 5 Y-Y

M.H.van der Zon & Zn and J.G. Weijers & Zn, 2017
Parentage unknown

Fls 5 per stem, star-shaped, 70mm wide, brilliant yellow 7A, at right angles or facing downwards; perianth segments 33mm long, ovate, truncate, mucronate, reflexed, concave, with margins incurving, with midrib showing, of heavy substance, overlapping a quarter; the inner segments narrower, more nearly spreading, rounded at apex, scarcely mucronate; corona 15mm long, cup-shaped, mouth straight, ribbed and a little wavy, with rim entire and very narrowly flanged. Strongly scented.

Nomenclatural Standard: WSY0136196

'Yellow Sailboat' 7 Y-Y

G.P.Burger Bloembollen bv, 2017

Syn. 'Lemon Sailboat'

Sport of 'Sailboat'

Fls 2–3 per stem, star-shaped, 55mm wide, at right angles or facing upwards; perianth segments 24mm long, ovate, acute, mucronate, brilliant greenish yellow 6A, reflexed, plane or with margins incurved, with midrib showing, of membranaceous substance, overlapping one-third; corona 18mm long, cup-shaped, smooth, brilliant yellow 7A, mouth a little expanded, broadly ribbed and a little wavy, with rim entire and shallowly lobed. Dwarf. Mid-season. Sweetly scented.

Nomenclatural Standard: WSY0136194

ADDITIONS AND AMENDMENTS TO THE INTERNATIONAL DAFFODIL REGISTER (2008) AND SUPPLEMENTS 8 & 10

The compilers are grateful to those who have drawn attention to omissions from the International Daffodil Register and its Supplements, pointed out errors, suggested changes or supplied new information.

Amendments to cultivar names, divisions, colour codes, parentages, originators and registrants will usually be published in an annual Supplement. Amendments to descriptions will usually only be published in a new edition of the Register. However, all amendments will be published on the internet, in a regular updating of the Register posted at: www.rhs.org.uk/plants/plantsmanship/plant-registration/Daffodil-cultivar-registration

SUPPLEMENTS

Amendments to the 8th Supplement (2014-2015)

'Sleek' Add: FCC 2018

Amendments to the 10th Supplement (2016-2017)

'Pure Genius' Alter pollen parent to: Sdlg 95-168-2 ('Kabonova' x sdlg 83-30-3 ['Lorikeet' x 'Memento'])

INTERNATIONAL DAFFODIL REGISTER (2008)

Additions to the Register

'Lobularis' Name used for commercial stocks derived from *N. pseudonarcissus* subsp. *pseudonarcissus*.

Amendments to the Register

NB Notes of variability do not alter the classification (see p. 2, Note 1)

'Angelito' Amend to: AGM 2006 rescinded 2017 (no longer commercially available)
'Chukar' Amend to: AGM 2003 rescinded 2017 (no longer commercially available)
'India' Amend to: AGM 2006 rescinded 2017 (all stock destroyed due to basal rot)
'Mount Hood' Add: ADS Wister Award 2018
'Pineapple Prince' Amend to: AGM 2006 rescinded 2017 (all stock destroyed due to basal rot)
'Sidhe' Alter colour code to: 5 W-Y
'Spindletop' Amend to: AGM 2003 rescinded 2017 (no longer commercially available)
'Sunrise' Amend award date to: *AM(m) 1926
 Add: FCC 1901

'Suzy' Amend to: AGM 2003 rescinded 2017 (no longer commercially available)
'Vanellus' Amend to: AGM 2007 rescinded 2017 (no longer commercially available)
'Vice-president' Amend to: AGM 2007 rescinded 2017 (no longer commercially available)
