The International
Daffodil Register
& Classified List
(2008)

Sixteenth Supplement

SIXTEENTH SUPPLEMENT
to the
INTERNATIONAL DAFFODIL REGISTER AND CLASSIFIED LIST (2008)
2022 – 2023

The daffodil names listed here are supplementary to the *International Daffodil Register* (2008) and were registered between **11th August 2022 and 15th August 2023**

Registrations are followed by a list of some other recent additions and amendments to the Register & Supplements.

REGISTRATION

Hybridisers, raisers and other introducers of daffodils are urged to ensure that the names of new plants are registered and are reminded that registration should preferably take place **before** plants are released or catalogued. Registration is conducted by The Royal Horticultural Society, International Cultivar Registration Authority for the genus *Narcissus*. Application forms are available from:

- The International Daffodil Registrar: Ms Melanie Underwood
RHS Wisley, Woking, Surrey GU23 6QB, UK
Email daffodil@rhs.org.uk
- The National Daffodil Registrar (the Netherlands): Ms Saskia Bodegom
KAVB, Postbus 175, 2180 AD Hillegom, the Netherlands
Fax (31) 2525 369 51
Email bodegom@kavb.nl
- The National Daffodil Registrar (USA): Mrs Mary Lou Gripshover
Email mgripshover@cinci.rr.com
- The National Daffodil Registrar (New Zealand): Mr Mike Smith
Email mikesmithmotueka@gmail.com
- The National Daffodil Registrar (Australia): Mr Graeme Davis
Email graemecdavis@hotmail.com

Once registered, names and classifications may be changed only with the agreement of the International Cultivar Registration Authority, upon application to the International Registrar.

NOTES ON CLASSIFICATION AND DESCRIPTION

Note 1 – on classification

The combination of division and colour code assigned here (or as amended in any future Supplement) is the registered classification, to be observed, for example, when schedules require cultivars to be shown “as registered”. The registered classification is not altered by any note of variable measurement or colour.

Note 2 – on colour coding

Guidelines on colour coding, including those on distinguishing between Yellow and Orange and between Orange and Red, appear in the Register and on registration forms. It is at the registrant’s discretion to distinguish White from Yellow or Green, Yellow from Green, or Pink from the paler tones of Orange or Red.

In addition:

– Green at corona base

The green at the base of a corona, whether in the tube or in the corona itself, may be included in the colour code if it is prominent and plain to see. Registrants are advised to include it only if it is consistent from year to year.

– Non-concentric colours

When coding colours in perianth or corona that appear in radial rather than concentric bands, or in a flare from the base, or in flecks or splashes: start with a letter for the predominant colour; proceed with an oblique line; follow with the letter(s) (in any order) for the non-predominant colour(s).

For example, a yellow flower with a white streak along the midrib of the perianth segments would be Y/W-Y; a white flower with radial bands of orange and yellow on the corona segments would be W-W/OY.

Note 3 – on colour terms

Colour Chart numbers in registered descriptions, *e.g.* ‘Ambrial’ vivid yellow 9A, are from the *RHS Colour Chart* (1966, 1986, 1995, 2001, 2007, 2015). Colour names followed by Chart numbers without brackets are equivalents adopted by the RHS for all its international registers. They are taken from the Universal Colour Language in the Inter-Society Color Council-National Bureau of Standards colour-name system. Colour names followed by Chart numbers with brackets or by no numbers at all are those supplied by the registrant.

Note 4 – on description

Registered descriptions are drawn up from application forms and, whenever possible, from photographs and specimens. The Registrar would welcome readers’ comments on the accuracy of all descriptions. Illustrations of descriptive terms appear on page 30.

Note 5 – on height

Stem heights in registered descriptions may be taken to be Standard (325–675mm) unless otherwise stated, when they will be described as Dwarf (less than 325mm) or Tall (more than 675mm).

Note 6 – on Nomenclatural Standards

The Standard noted at the end of some descriptions is the designated herbarium specimen or illustration forming a permanent record of the distinguishing characteristics of the cultivar and fixing the cultivar name. These are maintained at the RHS Herbarium, Wisley.

Note 7 – on unregistered names

Names listed as ‘unregistered’ are those post-1955 that have not been accepted by the RHS or have not yet been submitted for registration. They are included as part of the Check List and they gain no registered status by being listed. They are included in order to prevent confusion between daffodils of the same name and to help prevent further duplication.

REGISTRATIONS 2022–2023

The following 145 cultivar names were registered between **11th August 2022 to 15th August 2023** by The Royal Horticultural Society, International Cultivar Registration Authority for the genus *Narcissus*.

Entries follow the style of those in the *International Daffodil Register and Classified List* (2008) and may be interpreted accordingly (see p10 in the Register). Hybridiser and/or registrant information has been withheld for entries where personal data consent has not been given.

The seed parent is given before the pollen parent.

‘Ambrial’ 12 Y-Y

(Mrs Anne Wright, 2020) Mrs Anne Wright, 2023
N. rupicola subsp. *marvieri* × *N. albimarginatus*;
Sdlg no. 4252

Fls 1–2 per stem, forming a double triangle, 44mm wide, vivid yellow 9A, facing downwards; perianth segments 20mm long, ovate, blunt, mucronate, reflexed, concave, smooth and of heavy substance, overlapping half; the inner segments narrower; corona 11mm long, cup-shaped, slightly ribbed, mouth wavy and a little expanded, with rim crenate. Dwarf. Early. Sunproof. Very strongly and richly scented

‘American Doll’ 1 Y-P

(Brian S.Duncan) Susan Duncan, 2023
(‘American Heritage’ × ‘Filoli’) × (‘American Heritage’ × ‘Filoli’); Sdlg no. 4650

Fl. forming a double triangle, 100mm wide; perianth segments 35mm long, ovate, blunt, yellow, with scarce pale mucro, spreading, plane or shallowly concave, with margins incurling, with midrib showing, of heavy substance, overlapping half or more; the inner segments narrower; corona 41mm long, funnel-shaped, angled, pink, mouth broadly ribbed, flared, wavy and shallowly lobed, with rim crenate. Early to mid-season.

Nomenclatural Standard: colour print supplied by hybridiser (WSY0170869)

‘Aorere Gold’ 1 Y-Y

(J.A.Hunter, 2017) J.A.Hunter, 2023
Sdlg JAH 35/90A (['Olympic Gold' × 'Temple Gold'] × ['Temple Gold' × 'King's Ransom']) × Sdlg JAH 19/04A ('Chobe River' × Sdlg 35/90A); Sdlg no. 1/12A

Fl. forming a double triangle, 115mm wide; perianth segments 45mm long, broadly ovate, vivid yellow 14B, spreading, plane, smooth and of heavy substance, overlapping half or more; corona 50mm long, smooth, vivid yellow 14A, rim somewhat flanged or rolled. Mid-season

‘Arrowcreek Ardor’ 1 Y-Y

(Brian S.Duncan) Susan Duncan, 2023
'Disquiter' × 'Wild Rover'; Sdlg no. 4416

Fl. forming a double triangle, 85mm wide, yellow; perianth segments 37mm long, broadly ovate, blunt, with scarce white mucro, a little reflexed, plane or with margins slightly incurved, smooth and of heavy substance, overlapping half; the inner segments narrower, more nearly spreading, shouldered at base;

the corona 37mm long, funnel-shaped, angled, mouth straight, even and lightly frilled, with rim minutely crenate. Mid-season to late.

Nomenclatural Standard: colour print supplied by registrant (WSY0170875)

‘Artie’s Sister’ 10 W/Y-Y

(C.Higgins, 2013) C.Higgins, 2023
'Spoirot' × *N. romieuxii* subsp. *romieuxii* var. *mesatlanticus*; sdlg no. 13-30

Fl. star-shaped, 42mm wide, facing upwards; perianth segments 8mm long, lanceolate, acute, opening yellow, maturing to white with yellow towards base, spreading, plane, smooth and of heavy substance, separated; corona 30mm long, funnel-shaped, ribbed, yellow, constricted near mouth, mouth wavy and shallowly lobed, with rim minutely crenate. Dwarf. Mid-season.

Nomenclatural Standard: colour print supplied by registrant (WSY0170582)

‘Asterisk’ 11a W-GWW

(Nial Watson, 2009) Ringhaddy Daffodils, 2023
'Cool Evening' × *N. triandrus*; Sdlg no. W760

Fl. star-shaped, 52mm wide; perianth segments 21mm long, lanceolate, acute, spreading, plane, with margins very slightly incurved, smooth or with midrib showing, of heavy substance, overlapping at base only; the inner segments narrower; corona 9mm long, very evenly split to half way, bi-lobed, smooth. Dwarf. Mid-season.

Nomenclatural Standard: colour print supplied by registrant (WSY0170936)

‘Awesome Anna’ 2 W-O

(Brian S.Duncan) Susan Duncan, 2023
Sdlg no. 4680

Parentage unknown

Fl. forming a double triangle, 102mm wide; perianth segments 42mm long, roundish, very broad, blunt, scarcely mucronate, spreading, plane, margins somewhat incurving at apex, with midrib showing, of membranaceous substance, overlapping half; the inner segments narrower, shouldered at base; corona 35mm long, funnel-shaped, angled, mouth straight, even, neatly ribbed and somewhat frilled, with rim flanged and crenate. Early to mid-season.

Nomenclatural Standard: colour print supplied by hybridiser (WSY0170876)

'Bad Habit' 2 Y-Y

(Clive Denton, 2016) Clive Denton, 2022

Sdlg 8.9.82 ('Akala' × 'Habit') × 'Cameo Glen';
Sdlg no. CD 4-10

Fl. forming a double triangle, 110mm wide; perianth segments 40mm long, broadly ovate, truncate or blunt, brilliant greenish yellow 6A, with pale slight mucro, spreading, plane, with margins a little incurved, smooth and of heavy substance, overlapping half or more; the inner segments narrower; corona 38mm long, cylindrical, angled, vivid yellow 12A, mouth straight, ribbed and wavy, with rim dentate. Early. Nomenclatural Standard: colour print supplied by registrant (WSY0170990)

Etymology: making too many crosses is a bad habit!

'Berri Rim' 11a W-WWP

(Tim Klein, 2007) David Adams, 2022

Parentage unknown

Fl. rounded, 99mm wide; perianth segments 38mm long, roundish, blunt, spreading, plane, with margins incurved, smooth and of heavy substance, overlapping half; the inner segments shouldered at base; corona 21mm long, split into six segments, smooth, even, with rim dentate. Early to mid-season

'Better Still' 2 YYW-P

(Brian S.Duncan, 2000) Brent & Becky Heath, 2023

'Pink Perry' × 'American Heritage'; Sdlg no. 2227

Fl. 80mm wide; perianth segments 32mm long, ovate, blunt, opening honey yellow, maturing to pale yellow with white at base, spreading, plane or with margins narrowly incurved, smooth and of membranaceous substance, overlapping half; the inner segments narrower, shouldered at base; corona 29mm long, cylindrical, angled, pink, mouth flared, broadly ribbed and somewhat wavy, with rim crenate. Mid-season. Sunproof.

Nomenclatural Standard: colour print supplied by hybridiser (WSY0170965)

'Biereton' 1 Y-O

(David Adams, 2013) David Adams, 2022

Syn. 'Bierton'

Hamilton Sdlg × (['Checkmate' × 'David Bell'] × 'Corbiere'); Sdlg no. 05/01B

Fl. forming a double triangle, 72mm wide; perianth segments 30mm long, very broad, mucronate, spreading, concave, with margins incurving, smooth and of heavy substance, overlapping half; the inner segments shouldered at base; corona 30mm long, funnel-shaped, ribbed, mouth straight and frilled, with rim rolled and crenate. Early to mid-season. Sunproof

'Bierton' synonym of '**Biereton**'

'Bold Arrow' 1 Y-O

(Brian S.Duncan) Susan Duncan, 2023

'Proud Fellow' × 'Kingstanding'; Sdlg no. 4629

Fl. forming a double triangle, 80mm wide, facing upwards; perianth segments 30mm long, broadly ovate, blunt or slightly truncate, with pale scarce mucro, spreading, plane, with margins narrowly incurving, creased and of heavy substance, overlapping half or more; the inner segments narrower, shouldered at base; corona 33mm long, narrow funnel-shaped, smooth, mouth straight and even, with rim crenate to notched. Mid-season.

Nomenclatural Standard: colour print supplied by registrant (WSY0170879)

'Brush Stroke' 6 W-W

(Nial Watson, 2014) Ringhaddy Daffodils, 2023

'Lilac Charm' × *N. cyclamineus*; Sdlg no. W1052

Fl. star-shaped, 64mm wide, facing downwards; perianth segments 28mm long, narrowly ovate, acute, mucronate, reflexed, convex, with margins incurving, smooth and of heavy substance, overlapping at base only; corona 24mm long, cylindrical, broadly ribbed, mouth slightly flared, and wavy, with rim dentate. Dwarf. Early to mid-season. Slightly scented.

Nomenclatural Standard: colour print supplied by registrant (WSY0170915)

'Bugatti' 4 Y-Y

(Michael Berrigan, 2014) Michael Berrigan, 2023

'Regeneration' × 'Hotoe'; Sdlg no. 2008-176-5

Fl. forming a double triangle, 52mm wide; perianth and other petaloid segments in three whorls; outer whorls 21mm long, ovate, blunt, mucronate, bright yellow, spreading, plane or with margins incurved; inner whorl shorter, inflexed and concave; corona 11mm long, straw yellow, interspersed among inner perianth whorls, somewhat crumpled or folded inwards along midrib. Mid-season. Sunproof.

Nomenclatural Standard: colour print supplied by registrant (WSY0170564)

'Butterbean' 11a W-Y

(John R.Hollever, 2018) John R.Hollever, 2023

Sdlg no. SR 23/18

Open pollinated

Fl. forming a double triangle, 76mm wide; perianth segments ovate, mucronate and spreading. Mid-season. Intermediate

'Butterchicken' 2 Y-Y

(John R.Hollever, 2017) John R.Hollever, 2023

Sdlg no. 58/17

Parentage unknown

Fl. 115mm wide; perianth segments 46mm long, ovate, spreading, smooth; corona 37mm long, funnel-shaped. Mid-season

‘Butterscotch Fudge’ 2 Y-YOR

(Brian S.Duncan) Susan Duncan, 2023

Parentage unknown

Fl. forming a double triangle, 85mm wide, facing upwards; perianth segments 40mm long, very broadly ovate, truncate, yellow, with white at apex and scarce pale mucro, spreading, plane, smooth and of heavy substance, overlapping half; corona 20mm long, cylindrical, smooth, mouth very slightly expanded towards rim, wavy to lightly frilled, with rim minutely crenate. Early to mid-season.

Nomenclatural Standard: colour print supplied by registrant (WSY0170880)

‘Buttertubs’ 12 Y-Y

(Mrs Anne Wright, 2007) Mrs Anne Wright, 2023

N. obesus × *N. triandrus*; Sdlg no. 2374-A

Fls 1–2 per stem, star-shaped, 56mm wide, brilliant greenish yellow 3A, facing downwards; perianth segments 21mm long, ovate, acute, inflexed, slightly twisted, with margins recurved, with midrib showing, of membranaceous substance, separated; the inner segments narrower; corona 25mm long, cylindrical, ribbed, mouth straight and even, with rim entire. Dwarf. Mid-season. Slightly scented

‘Carmel Caramel’ 7 Y-Y

(Brian S.Duncan) Susan Duncan, 2023

‘Regeneration’ open pollinated; Sdlg no. 4820

Fl. 50mm wide; perianth segments 22mm long, golden yellow, spreading, of heavy substance; corona 20mm long, cylindrical, smooth, golden yellow, darker in tone than perianths, mouth straight, even and lightly frilled, with rim dentate and somewhat flanged. Late. Sweetly scented

‘Chico’ 7 W-Y

Withheld 2023

Parentage unknown

Fls 2 per stem, 29mm wide; perianth segments 12mm long, ovate, blunt, mucronate, opening yellow, becoming bright white, touched yellow at base, slightly reflexed, with margins incurved or wavy, creased, with midrib showing, of heavy substance, overlapping half or more; the inner segments narrower, scarcely mucronate; corona 5mm long, bowl-shaped, smooth, mouth expanded, wavy and somewhat shallowly lobed, with rim minutely crenate. Dwarf. Mid-season.

Nomenclatural Standard: colour print supplied by registrant (WSY0170943)

‘Chinquapin’ 2 Y-Y

(C.Higgins, 2021) C.Higgins, 2023

Sdlg Fr141-1Y-Y × ‘Elka’; Sdlg no. 21-30

Fl. forming a double triangle, 54mm wide; perianth segments 21mm long, broadly ovate, blunt, mucronate, spreading, plane, smooth and of membranaceous substance, overlapping half; the inner segments narrower, scarcely mucronate; corona 18mm long, narrow funnel-shaped, angled, mouth straight,

ribbed and wavy, with rim crenate. Dwarf. Mid-season. Nomenclatural Standard: colour print supplied by registrant (WSY0170893)

Etymology: name used by several communities in the USA for scrub chestnut tree

‘Compelling’ 2 W-P

(J.A.Hunter, 2016) J.A.Hunter, 2023

‘Cape Point’ × Sdlg JAH 115/91A; Sdlg no. 36/11F

Fl. forming a double triangle, 110mm wide; perianth segments 42mm long, broadly ovate, white, spreading, plane, smooth and of heavy substance; corona 28mm long, funnel-shaped, moderate yellowish pink 37C, with mouth wavy. Mid-season

‘Composure’ 2 Y-O

(J.A.Hunter, 2016) J.A.Hunter, 2023

‘Archie Boy’ × ‘Pacific Phoenix’; Sdlg no. 27/11E

Fl. forming a double triangle, 115mm wide; perianth segments 50mm long, ovate, vivid yellow 9A, spreading, plane, smooth and of heavy substance; corona 23mm long, cup-shaped, strong orange 25A, becoming paler orange (20A) at base, mouth wavy. Mid-season

‘Confide’ 2 Y-Y/O

(J.A.Hunter, 2012) J.A.Hunter, 2023

‘Pacific Fire’ × ‘Archie Boy’; Sdlg no. 18/07C

Fl. forming a double triangle, 120mm wide; perianth segments 52mm long, broadly ovate, vivid yellow 9A, spreading, plane, smooth and of heavy substance; corona 24mm long, funnel-shaped, yellow from base to midway along corona, blending to orange (28A) towards rim, mouth wavy. Mid-season

‘Constance Tennant’ 2 W-Y

(David Tennant) Mrs Anne Wright, 2022

‘Little Gem’ open pollinated

Fl. forming a double triangle, 61mm wide; perianth segments 22mm long, spatulate, truncate, spreading, plane, creased, lightly ribbed, of heavy substance, overlapping half; the inner segments blunt at apex; corona 20mm long, cylindrical, smooth, slightly constricted at waist, mouth notched and broadly flanged, with rim lightly frilled. Dwarf. Early.

Nomenclatural Standard: colour print supplied by registrant (WSY0170994)

Etymology: named in honour of raiser’s late wife

‘Contentious’ 2 Y-P

(John R.Hollever, 2010) John R.Hollever, 2023

Parentage unknown

Fl. forming a double triangle, 115mm wide; perianth segments ovate, smooth and of heavy substance; corona cylindrical, smooth. Late

‘Cooper’ 2 W-YYO

(Ken D.Fink) Michel Boudreaux, 2023

Sdlg no. 10-64-01

Parentage unknown

Fl. forming a double triangle, 93mm wide; perianth segments 42mm long, very broadly ovate, blunt, mucronate, white, touched green at base, spreading, plane, with midrib showing, of membranaceous substance, overlapping one-third; the inner segments narrower, less prominently mucronate, somewhat shouldered at base; corona 26mm long, cup-shaped, ribbed, yellow, with a fine band of orange at rim, mouth straight, frilled and shallowly lobed, with lobes sometimes overlapping, with rim minutely crenate. Mid-season. Sunproof.

Nomenclatural Standard: colour print supplied by registrant (WSY0170907)

Etymology: Name of the street where the hybridiser created the cultivar

‘Corcreeny’ 2 Y-R

(Richard McCaw, 2019) Richard McCaw, 2022

‘Badbury Rings’ × ‘Hot Affair’; Sdlg no. RAM366

Fl. forming a double triangle, 105mm wide; perianth segments 43mm long, ovate, blunt, mucronate, spreading, plane or with margins somewhat incurved, smooth and of heavy substance, overlapping half or more; the inner segments narrower, shouldered at base; corona 21mm long, cup-shaped, angled, broadly ribbed, wavy and a little expanded, with rim entire. Late.

Nomenclatural Standard: colour print supplied by registrant (WSY0170558)

Etymology: Local Townland

‘Coronation Pink’ 1 W-P

(Nial Watson, 2009) Ringhaddy Daffodils, 2023

‘Pink Silk’ × ‘Pink Delight’; Sdlg no. W722

Fl. double triangle, 108mm wide; perianth segments 44mm long, broadly ovate, blunt, slightly mucronate, white, spreading, plane, smooth and of heavy substance, overlapping half; the inner segments a little narrower, shouldered at base; corona 45mm long, funnel-shaped, smooth, light yellowish pink 36B, tinged lilac, mouth ribbed, even and shallowly lobed, with rim flanged and crenate. Sunproof.

Nomenclatural Standard: colour print supplied by registrant (WSY0170916)

‘Cowie Road’ 2 Y-O

(Lennox W.J.Cowie, 2010) Lennox W.J.Cowie, 2022

‘Valley Glow’ × ‘Goforit’; Sdlg no. LWJC-10-22

Fl. rounded, 102mm wide; perianth segments 43mm long, very broadly ovate, rounded at apex, spreading, plane, with margins slightly incurved, smooth and of heavy substance, overlapping half or more; the inner segments narrower, shouldered at base; corona 24mm long, funnel-shaped, smooth, mouth flared, wavy and shallowly lobed, with rim rolled and crenate. Mid-season. Sunproof.

Nomenclatural Standard: colour print supplied by registrant (WSY0170983)

‘Dainty Tale’ 5 W-P

(Brian S.Duncan) Esker Farm Daffodils, 2023

‘Narrative’ × ‘Little Bell’; Sdlg no. 3575

Fls 2 per stem, star-shaped, 70mm wide, facing downwards; perianth segments 27mm long, ovate, acute, prominently mucronate, spreading or somewhat reflexed, plane or with margins wavy or incurved, smooth and of membranaceous substance, overlapping one-third; the inner segments a little narrower; corona 15mm long, cup-shaped, broadly ribbed, mouth straight, wavy and shallowly lobed, with rim entire. Mid-season.

Nomenclatural Standard: colour print supplied by registrant (WSY0170955)

‘December Chitcha Botchan’ 10 W-W

(Satoshi Komoriya, 2017) Satoshi Komoriya, 2023

Sdlg no. 20

Selection from *N. cantabricus*

Fl. star-shaped, 20mm wide, facing upwards; perianth segments 10mm long, lanceolate, acute, spreading, plane, smooth and of heavy substance, separated; corona 10mm long, broad funnel-shaped, mouth straight and even, with rim entire. Dwarf. Autumn.

Nomenclatural Standard: colour print supplied by registrant (WSY0170939)

Etymology: Japanese for ‘little boy’

‘Delicate’ 2 W-WWP

(Daniel Bellinger, 2015) Daniel Bellinger, 2023

‘Estuary’ × ‘Upper Broughton’; Sdlg no. 09.04.12

Fl. forming a double triangle, 69mm wide; perianth segments 29mm long, ovate, blunt or truncate, slightly mucronate, greenish white 155A, spreading, plane or with margins incurved, smooth, with midrib showing, of heavy substance, overlapping half or more; the inner segments narrower, shouldered at base; corona 18mm long, funnel-shaped, broadly ribbed, greenish white 155A, with pale purplish pink (62D) at rim, mouth straight and wavy, with rim entire. Late.

Nomenclatural Standard: colour print supplied by registrant (WSY0170920)

Etymology: song by Taylor Swift

‘Diego’ 7 Y-Y

(withheld) withheld, 2023

Parentage unknown

Fl. star-shaped, 38mm wide; perianth segments 18mm long, broadly ovate, blunt or truncate, slightly mucronate, somewhat reflexed, plane or with margins slightly incurved, creased and of heavy substance, overlapping at base only; the inner segments more nearly plane; corona 7mm long, cup-shaped, mouth broadly ribbed, a little expanded and very shallowly lobed, with rim entire. Dwarf. Early.

Nomenclatural Standard: colour print supplied by registrant (WSY0170947)

Etymology: To remember Diego

'Doctor Jim' 2 O-R

(Brian S.Duncan) Susan Duncan, 2023

'Bionic' × 'Bandesara'; Sdlg no. 4595

Fl. star-shaped, 65mm wide; perianth segments 26mm long, ovate or obovate, truncate, orange, with white mucro, spreading, plane or with margins a little incurved, with midrib showing, of heavy substance, overlapping to half; the inner segments narrower, blunt, scarcely mucronate; corona 11mm long, cup-shaped, angled, red, mouth straight and wavy, with rim entire. Mid-season. Nomenclatural Standard: colour print supplied by registrant (WSY0170847)

'Dusky Pink' 2 W-P

(John R.Hollever) John R.Hollever, 2022

'Cape Point' × 'Ice Dancer'

Fl. rounded, 109mm wide; perianth segments 48mm long, roundish, blunt, spreading, plane, smooth, overlapping half; corona 26mm long, funnel-shaped, mouth straight and wavy. Mid-season. Sweetly scented

'Eau Galle' 6 W-YYO

(Michael Berrigan, 2014) Michael Berrigan, 2023

'Stony Brook' × 'Katrina Rea'; Sdlg no. 2007-141-2

Fl. star-shaped, 67mm wide; perianth segments 29mm long, oblong, blunt, clear white, reflexed, plane, smooth and of heavy substance, separated; corona 24mm long, cylindrical, smooth, yellow, with a broad band of light orange at rim, mouth wavy and slightly expanded, with rim dentate. Dwarf. Mid-season. Sunproof.

Nomenclatural Standard: colour print supplied by registrant (WSY0170563)

'Eightynineeight' 1 Y-Y

(Clive Denton, 2004) Clive Denton, 2022

'Akala' × 'Habit'; Sdlg no. 8-98-2

Fl. forming a double triangle, 100mm wide; perianth segments 40mm long, broadly ovate, truncate, mucronate, light greenish yellow 7D, spreading, plane, with margins a little incurved, smooth and of heavy substance, overlapping half or more; the inner segments narrower, shouldered at base; corona 40mm long, cylindrical, angled, vivid yellow 12A, mouth straight and ribbed, with rim dentate. Early.

Nomenclatural Standard: colour print supplied by registrant (WSY0170987)

'Eris' 10 W-W

(Mrs Anne Wright, 2018) Mrs Anne Wright, 2023

'Columba' × *N. cantabricus*; Sdlg no. 4212-1-18

Fl. star-shaped, 33mm wide, facing upwards; perianth segments 16mm long, ovate, acute, greenish white 155C, spreading, twisted, smooth and of membranaceous substance, separated; corona funnel-shaped, ribbed, white (NN155C), streaked pale greenish yellow 2D from base to two-thirds of corona, mouth flared and even, with rim rolled and crenate. Dwarf. Very early. Sweetly scented

'Exquisiteness' 1 W-Y

(John R.Hollever, 2018) John R.Hollever, 2023

Sdlg no. 100/18

Parentage unknown

Fl. rounded, 72mm wide; perianth segments 31mm long, roundish, spreading, smooth and of heavy substance; corona 34mm long. Mid-season.

Intermediate

'Fay Elf' 2 Y-P

(Michael Berrigan, 2016) Michael Berrigan, 2023

'Step Child' × 'Katrina Rea'; Sdlg no. 2009-36-4

Fl. rounded, 63mm wide; perianth segments 23mm long, roundish, clear butter yellow, slightly reflexed, plane, smooth and of heavy substance, overlapping half; the inner segments slightly narrower, shouldered at base; corona 19mm long, funnel-shaped, smooth, medium clear pink, becoming lighter in tone at maturity, mouth expanded and wavy, with rim crenate. Dwarf. Mid-season

'Finn McCool' 2 Y-R

(Brian S.Duncan) Esker Farm Daffodils, 2023

'Bouzouki' × 'Causeway Sunset'; Sdlg no. 3635

Fl. rounded, 103mm wide; perianth segments 42mm long, roundish, very broad, blunt, mucronate, spreading, plane, with margins very narrowly incurving, creased and of heavy substance, overlapping half or more; the inner segments narrower, scarcely mucronate, somewhat shouldered at base; corona 20mm long, cup-shaped, angled, mouth ribbed and slightly expanded, with rim notched and narrowly flanged. Mid-season.

Nomenclatural Standard: colour print supplied by registrant (WSY0170959)

'Flower Child' 1 W-W

(Walter J.M.Blom) withheld, 2023

Parentage unknown

Fl. star-shaped, 58mm wide, facing downwards; perianth segments 23mm long, ovate, blunt, mucronate, slightly reflexed, somewhat convex, smooth and of heavy substance, overlapping one-third to half; the inner segments a little narrower; corona 26mm long, narrower funnel-shaped or cylindrical, smooth, mouth straight and frilled, with rim notched and broadly flanged. Dwarf. Early.

Nomenclatural Standard: colour print supplied by registrant (WSY0170951)

'Game Breaker' 3 Y-R

(M.E.Brogden, 2003) Brogden Bulbs, 2023

'Stardom' × 'Trudie May'; Sdlg no. BB-8-19-3

Fl. forming a double triangle, 97mm wide; perianth segments 42mm long, very broadly ovate, blunt, spreading, plane, smooth and of heavy substance, overlapping one-third; the inner segments narrower; corona 12mm long, cup-shaped, smooth, mouth straight and even, with rim entire. Mid-season

‘Gilt-edged Arrow’ 1 Y-YOO

(Brian S.Duncan) Susan Duncan, 2023
‘Proud Fellow’ × ‘Kingstanding’; Sdlg no. 4627
Fl. forming a double triangle, 90mm wide; perianth segments 40mm long, ovate, truncate, mucronate, a little reflexed, plane, creased, of heavy substance, overlapping to half; the inner segments more nearly spreading, blunt, scarcely mucronate; corona 45mm long, funnel-shaped, smooth, mouth straight, even and frilled, with rim minutely crenate. Mid-season. Nomenclatural Standard: colour print supplied by registrant (WSY0170853)

‘Gingerbread’ 2 Y-Y

(John R.Hollever, 2021) John R.Hollever, 2023
Sdlg no. 68/21
Parentage unknown
Fl. rounded, 74mm wide; perianth segments ovate, blunt, spreading, plane, smooth and of heavy substance; corona funnel-shaped. Mid-season. Intermediate

‘Glenmore Way’ 2 Y-Y

(J.A.Hunter, 1995) J.A.Hunter, 2023
‘Temple Gold’ × ‘King’s Ransom’ × Sdlg 31-86;
Sdlg no. 36/90 I
Fl. forming a double triangle, 105mm wide, ovate, brilliant yellow 13B, spreading, plane, smooth and of heavy substance; perianth segments 44mm long, funnel-shaped, smooth; corona 41mm long. Early

‘Gold Bunch’ 5 Y-Y

(Mrs Anne Wright, 2018) Mrs Anne Wright, 2023
N. triandrus subsp. *pallidulus* × *N. fernandesii*;
Sdlg no. 3977-A
Fls 1–4 per stem, star-shaped, 43mm wide, brilliant yellow 7A, facing slightly downwards; perianth segments 20mm long, ovate, blunt, mucronate, reflexed, plane, with margins incurved at apex, smooth or with midrib showing, of heavy substance, overlapping to one-third; the inner segments narrower; corona 9mm long, cup-shaped, lightly ribbed, mouth straight, even to slightly wavy, with rim entire. Dwarf. Early. Sunproof. Strongly scented

‘Green Challenger’ 3 GWG-YOO

(Satoshi Komoriya) Satoshi Komoriya, 2023
Parentage unknown
Fl. rounded, 50mm wide, facing downwards; perianth segments 20mm long, broadly ovate, blunt, white, with green at apex and extending one quarter the length of the perianth, touched green at base, mucronate, spreading, plane, with margins at apex strongly rolled inwards giving segments the appearance of being acute, smooth and of membranaceous substance, overlapping to half; corona cup-shaped, broadly ribbed, with mouth wavy and a little expanded, with rim crenate. Autumn. Nomenclatural Standard: colour print supplied by registrant (WSY0170921)

‘Gunpowder’ 1 Y-Y

(John R.Hollever, 2018) John R.Hollever, 2023
Sdlg no. 95/18
Parentage unknown
Fl. double triangle, 112mm wide; perianth segments very broad, plane and smooth; corona funnel-shaped, smooth. Mid-season

‘Gypsy Rebel’ 1 Y-Y

(John R.Hollever) John R.Hollever, 2023
Sdlg no. 63/12
Parentage unknown
Fl. 112mm wide; perianth segments ovate, spreading, plane, smooth and of heavy substance; corona funnel-shaped. Mid-season

‘Happy Feet’ 2 Y-Y

(John R.Hollever, 2016) John R.Hollever, 2023
Parentage unknown
Fl. rounded, 74mm wide; perianth segments roundish, blunt, plane and smooth; corona funnel-shaped and angled. Mid-season. Intermediate

‘Happy Smiles’ 2 W-YOO

(M.E.Brogden, pre-1995) M.H.van der Zon & Sons, 2022
‘Conquest’ × ‘Bandit’
Fl. forming a double triangle, 100mm wide; perianth segments 40mm long, very broadly ovate to roundish, rounded at apex, greenish white 155C, slightly reflexed, plane, with margins wavy, smooth and of membranaceous substance, overlapping one-third; corona 15mm long, bowl-shaped, ribbed, light greenish yellow 5C, with rim strong orange N25C and greenish yellow (4C–4D) at base, mouth expanded and shallowly lobed, with rim crenate and somewhat flanged. Mid-season. Sunproof. Nomenclatural Standard: colour print supplied by KAVB (WSY0170978)

‘Hart van Alkmaar’ 4 Y-Y

(Brian S.Duncan) Narveco, 2023
Parentage unknown
Fl. rounded, 105mm wide, facing upwards; perianth and other petaloid segments in several whorls; the outer segments 47mm long, broadly ovate, rounded, mucronate, vivid yellow 9A, sometimes with orange-yellow along midrib, reflexed, twisted, with margins wavy, with midrib showing and of membranaceous substance, overlapping half or more; the inner segments 30mm long, orange-yellow (14A), strongly recurved; the inner whorls strongly inflexed, interspersed among corona segments, concave or folded inwards along midrib; the corona segments 35mm long, orange-yellow (14A), densely frilled. Mid-season. Strongly scented. Nomenclatural Standard: colour print supplied by KAVB (WSY0170913)

'Hinds River' 11a W-YOO

(David Adams, 2001) David Adams, 2022

Parentage unknown

Fl. forming a double triangle, 72mm wide; perianth segments 27mm long, ovate, truncate, spreading, plane, with margins incurling, with midrib showing, of membranaceous substance, overlapping one-third; the inner segments narrower, shouldered at base; corona 15mm long, split into six segments, ribbed and frilled, with rim notched. Dwarf. Mid-season. Etymology: River on Canterbury Plains, New Zealand

'Hi-viz' 2 Y-O

(Clive Denton, 2021) Clive Denton, 2022

Sdlg I112-2 ('Kiwi Gossip' × 'Banker') × 'Rangataua'; Sdlg no. CD 51-10

Fl. forming a double triangle, 115mm wide; perianth segments 45mm long, roundish, very broad, yellow, scarce pale mucro, spreading, shallowly concave, smooth and of heavy substance, overlapping half or more; the inner segments narrower, shouldered at base; corona 35mm long, cylindrical, angled, mouth straight, ribbed, lightly frilled and shallowly lobed, with rim dentate. Mid-season. Sunproof.

Nomenclatural Standard: colour print supplied by registrant (WSY0170989)

Etymology: yellow and orange colours of safety jackets worn on work sites

'Hokonui' 1 Y-Y

(Lennox W.J.Cowie, 2010) Lennox W.J.Cowie, 2022

'Gympie' × 'Omersley'; Sdlg no. LWJC-10-24

Fl. forming a double triangle, 105mm wide; perianth segments 44mm long, broadly ovate, blunt, scarcely mucronate, spreading, concave, with margins slightly incurling, creased and of heavy substance, overlapping half or more; the inner segments narrower, shouldered at base; corona 44mm long, cylindrical, angled, mouth flared, ribbed and lobed, with rim dentate. Mid-season to late. Sunproof. Sweetly scented.

Nomenclatural Standard: colour print supplied by registrant (WSY0170980)

'Hollyhock' 1 Y-Y

(John R.Hollever, 2015) John R.Hollever, 2023

Sdlg no. 02/15

Parentage unknown

Fl. forming a double triangle, 115mm wide, spreading, plane and smooth. Mid-season

'Honeysuckle' 1 Y-Y

(John R.Hollever, 2012) John R.Hollever, 2023

Sdlg no. 51/18

Parentage unknown

Fl. 110mm wide; perianth segments very broad, plane and smooth; corona funnel-shaped and smooth. Mid-season

'Hunter Morn' 5 W-W

(J.A.Hunter) VOF J.S.Pennings De Bilt, 2022

Parentage unknown

Fls 2–4 per stem, forming a double triangle, facing downwards; perianth segments ovate, mucronate, opening light greenish yellow 4C, maturing to greenish white 157D, reflexed, plane, with margins incurved, creased and of heavy substance, overlapping a quarter; corona funnel-shaped, ribbed, opening light greenish yellow 4C, with brilliant greenish yellow 4A at base, maturing to greenish white 157D, mouth expanded, wavy and lobed, with rim crenate and flanged. Mid-season.

Nomenclatural Standard: colour print supplied by KAVB (WSY0170972)

'Hunter Sunrise' 7 YYW-Y

(J.A.Hunter) VOF J.S.Pennings De Bilt, 2022

Parentage unknown

Fls 1–2 flowers per stem, forming a double triangle; perianth segments broadly ovate to very broadly ovate, with apex rounded, mucronate, brilliant greenish yellow 5A, with greenish white 155C at base at maturity, reflexed, plane, with margins incurved, creased and of heavy substance, overlapping half; corona funnel-shaped and ribbed, opening brilliant greenish yellow 6A, maturing to light yellow 10B, with pale yellow 8D at rim, mouth expanded, wavy and lobed, with rim flanged and crenate. Mid-season.

Nomenclatural Standard: colour print supplied by KAVB (WSY0170976)

'Hyla's Halo' 2 YYW-Y

(Ken D.Fink, 2014) Michel Boudreaux, 2023

Parentage unknown

Fl. forming a double triangle, 89mm wide; perianth segments 42mm long, ovate, blunt, yellow, with white at base and pale mucro, spreading, plane or with margins slightly incurved, with midrib showing, of heavy substance, overlapping half; the inner segments narrower, scarcely mucronate, with margins somewhat wavy; corona 38mm long, funnel-shaped, smooth, yellow, mouth straight, ribbed, wavy and lobed, with rim crenate. Early. Sunproof. Sweetly scented.

Nomenclatural Standard: colour print supplied by registrant (WSY0170568)

Etymology: Named for horticultural friend of hybridiser

'Interesting' 2 Y/W-P

(Nial Watson, 2013) Ringhaddy Daffodils, 2023

Sdlg D7222 × 'Foundling'; Sdlg no. W1187

Fl. forming a double triangle, 69mm wide; perianth segments 26mm long, very broadly ovate, blunt, slightly mucronate, brilliant yellow 10A, with broad band of white along midrib, spreading, plane, with margins incurling, smooth and of heavy substance, overlapping half; the inner segments narrower, scarcely mucronate; corona 24mm long, funnel-shaped, angled, light yellowish pink 38D, mouth straight, ribbed and even, with rim notched and broadly flanged. Early. Nomenclatural Standard: colour print supplied by registrant (WSY0170917)

'Ivory Ripple' 12 W-W

(Mrs Anne Wright, 2017) Mrs Anne Wright, 2023
N. triandrus subsp. *triandrus* × *N. cantabricus* subsp. *cantabricus* var. *petunioides*; Sdlg no. 4216-1-20
Fls 1–2 per stem, star-shaped, 55mm wide, greenish white 155C, facing slightly downwards; perianth segments 23mm long, ovate, acute, spreading, concave, with margins incurving, smooth and of heavy substance, overlapping at base only; the inner segments narrower; corona 14mm long, funnel-shaped, ribbed, mouth a little expanded and wavy, with rim crenate. Dwarf.
Nomenclatural Standard: colour print supplied by registrant (WSY0170888)

'Jenkin's Ferry' 2 Y-O

(C.Higgins, 2014) C.Higgins, 2023
'Banker' × 'Cyrus'; Sdlg no. 14-358
Fl. forming a double triangle, 87mm wide; perianth segments 44mm long, ovate, blunt, yellow, with pale mucro, spreading, plane, smooth and of heavy substance, overlapping half; the inner segments narrower, scarcely mucronate; corona 32mm long, funnel-shaped, angled, orange, mouth straight, frilled and lobed, with rim notched and narrowly flanged. Mid-season.
Nomenclatural Standard: colour print supplied by registrant (WSY0170895)
Etymology: The location of the only real battle in Arkansas during the American Civil War as the Union tried to retreat North across the Saline River

'Jimdee' 2 W-P

(M.E.Brogden, 2008) Brogden Bulbs, 2023
'Aimee Joy' × 'Dailmanach' × ('Easter Dawn' × 'Quasar'); Sdlg no. BB 03-10-JD
Fl. forming a double triangle, 110mm wide; perianth segments 50mm long, very broadly ovate, blunt, white, spreading, plane, smooth, overlapping half; the inner segments narrower; corona 28mm long, funnel-shaped, angled, deepish pink, paler at base, mouth expanded and even, with rim flanged and entire. Late

'Kaleidofil' 11a W-YPO

(Michael Berrigan, 2011) Michael Berrigan, 2023
'Changing Colors' × 'Gasparilla'; Sdlg no. 2005-16-1
Fl. forming a double triangle, 100mm wide; perianth segments 42mm long, ovate, blunt, mucronate, opening butter yellow, maturing to white, spreading, plane, smooth and of heavy substance, overlapping half; the inner segments narrower; corona 40mm long, split almost to base into six segments, each closely overlying a perianth segment, plane, bi-lobed, smooth, opening butter yellow, maturing to pink, touched yellow at base and with a broad band of orange at rim. Mid-season.
Nomenclatural Standard: colour print supplied by registrant (WSY0170565)

'Kapiti Glow' 3 Y-Y

(John R.Hollever, 2011) John R.Hollever, 2023
Parentage unknown
Fl. forming a double triangle, 110mm wide; perianth segments plane and smooth; corona cup-shaped and smooth. Mid-season

'King Charles' 2 Y/W-P

(Clive Postles) O.A.Taylor & Sons, 2023
Parentage unknown
Fl. rounded; perianth segments roundish, very broad, truncate, yellow, with white along midrib, reflexed, plane, smooth and of heavy substance, overlapping half or more; the inner segments narrower, shouldered at base; corona funnel-shaped, lightly ribbed, pink, mouth flared, frilled and lobed, with rim crenate and somewhat rolled. Mid-season.
Nomenclatural Standard: colour print supplied by registrant (WSY0170575)

'Komori Surprise' 7 W-P

(Satoshi Komoriya) Satoshi Komoriya, 2023
Parentage unknown
Fls 2 per stem, forming a double triangle, 60mm wide; perianth segments 20mm long, broadly ovate, blunt, mucronate, a little reflexed, shallowly concave, with margins wavy or somewhat rolled inwards, with midrib showing, creased and of membranaceous substance, overlapping half; the inner segments narrower, more nearly spreading; corona 20mm long, funnel-shaped, mouth straight, wavy to lightly frilled, with rim dentate, somewhat flanged or rolled. Early. Sweetly scented.
Nomenclatural Standard: colour print supplied by registrant (WSY0170925)

'Lady Leitrim' 1 W-P

(Brian S.Duncan, 2007) Uel Hendersen, 2023
Sdlg 2060 ('Pink Silk' × 'Chanson') × 'Korora Bay'; Sdlg no. 3444B
Fl. 110mm wide; perianth segments 44mm long, very broadly ovate, blunt, slightly mucronate, white, spreading, plane or incurved from midrib, smooth and of membranaceous substance, overlapping half or more; the inner segments narrower, scarcely mucronate, shouldered at base; corona 45mm long, cylindrical, smooth, pink, slightly darker in tone at rim, mouth straight and wavy, with rim notched and somewhat flanged. Early to mid-season. Sunproof.
Nomenclatural Standard: colour print supplied by hybridiser (WSY0170971)

'Lars' 4 Y-Y

(Narveco) Narveco, 2023
Parentage unknown
Fl. 115mm wide, facing upwards; perianth and other petaloid in several whorls, broadly ovate, rounded, vivid yellow 9A; the outer segments 45mm long, spreading or a little reflexed, plane or with margins incurved, smooth and of membranaceous substance, overlapping one-third; the inner segments contained

within the corona, strongly inflexed, concave or folded along midrib; corona segments 45mm long, cup-shaped, mouth flared and frilled, with rim rolled and crenate. Mid-season. Sweetly scented. Nomenclatural Standard: colour print supplied by KAVB (WSY0170911)

‘Leitha Helen’ 2 W-P

(David Adams, 1998) David Adams, 2022
‘Peach Prince’ × Bell Sdlg; Sdlg no. 93/18B
Fl. star-shaped, 100mm wide; perianth segments 42mm long, ovate, blunt, mucronate, spreading, plane, smooth and of heavy substance, overlapping one-third; the inner segments narrower, shouldered at base; corona 39mm long, cylindrical, smooth, mouth flared and wavy, with rim rolled and dentate. Early to mid-season. Sunproof.
Etymology: named for the wife of the raiser

‘Lemon Bunch’ 5 Y-Y

(Mrs Anne Wright, 2017) Mrs Anne Wright, 2023
N. triandrus subsp. *pallidulus* × *N. fernandesii*;
Sdlg no. 3977-1
Fls 1–5 per stem, star-shaped, 38mm wide, facing slightly downwards; perianth segments 18mm long, ovate, blunt, mucronate, brilliant greenish yellow 5B, slightly reflexed, plane or convex, with margins incurved, smooth and of heavy substance, overlapping to half; corona 6mm long, cup-shaped, lightly ribbed, brilliant greenish yellow 5A, mouth straight and even, with rim entire. Dwarf. Early. Sunproof. Strongly scented

‘Lemon Parfait’ 5 W-Y

(Mrs Anne Wright, 2015) Mrs Anne Wright, 2023
N. triandrus × *N. assoanus*; Sdlg no. 3509-A
Fls 1–3 per stem, star-shaped, 46mm wide, facing slightly downwards; perianth segments 13mm long, ovate, rounded, mucronate, yellowish white 155B, reflexed, plane or concave, with margins a little wavy, overlapping one-third; the inner segments narrower; corona 9mm long, cup-shaped, lightly ribbed, pale greenish yellow 1D, mouth even to slightly wavy, straight; with rim somewhat crenate. Dwarf. Mid-season. Sunproof

‘Ligar Bay’ 2 W-P

(J.A.Hunter, 2017) J.A.Hunter, 2023
‘Cape Point’ × ‘Polar Sky’; Sdlg no. 21/12K
Fl. forming a double triangle, 120mm wide; perianth segments 50mm long, ovate, white, spreading, plane, smooth and of heavy substance; corona 29mm long, funnel-shaped, moderate yellowish pink 39C, mouth wavy. Mid-season

‘Little Celine’ 12 Y-Y

(Mrs Anne Wright, 2016) Mrs Anne Wright, 2023
N. triandrus subsp. *triandrus* × *N. rupicola*;
Sdlg no. 3955-1-16
Fls 1–2mm wide, star-shaped, 28mm wide, facing downwards; perianth segments 12mm long, obovate,

blunt, mucronate, light greenish yellow 4C, slightly reflexed, plane, smooth or with midrib showing, overlapping at base only; the inner segments narrower; corona 6mm long, cup-shaped, smooth, light greenish yellow 3D, mouth straight and even, with rim entire. Dwarf. Mid-season. Sunproof

‘Little Poppett’ 2 Y-Y

(John R.Hollever, 2017) John R.Hollever, 2023
Sdlg no. 32/17
Parentage unknown
Fl. rounded, 75mm wide; perianth segments roundish, spreading and smooth. Mid-season. Intermediate

‘Lora Gorge’ 2 W-W

(Lennox W.J.Cowie, 2010) Lennox W.J.Cowie, 2022
‘Haoma’ × ‘David Adams’; Sdlg no. LWJC-10-23
Fl. rounded, 103mm wide; perianth segments 44mm long, roundish, very broad, blunt or truncate, spreading, plane, smooth and of heavy substance, overlapping half or more; the inner segments narrower, shouldered at base; corona 42mm long, cylindrical, angled, mouth flared and lightly frilled, with rim crenate. Mid-season. Some seasons rim touched light pink.
Nomenclatural Standard: colour print supplied by registrant (WSY0170979)

‘Lotus Blossom’ 4 W-Y

(Nial Watson, 2012) Ringhaddy Daffodils, 2023
Postles Sdlg × ‘Madam Speaker’; Sdlg no. W928
Fl. forming a double triangle, 104mm wide; perianth and other petaloid segments in several closely overlying whorls, 45mm long, broadly ovate, blunt, mucronate, white, spreading, plane, with margins incurved, smooth and of very heavy substance, overlapping half; the inner whorls successively shorter, narrower and inflexed towards centre; inner whorl interspersed among corona segments, somewhat concave; corona segments 34mm long, yellow 14B, wavy, lobed and crenate. Early to mid-season. Sunproof. Slightly scented.
Nomenclatural Standard: colour print supplied by registrant (WSY0170934)
Etymology: Resembles a lotus flower

‘Love Dove’ 1 W-W

(Brian S.Duncan) Susan Duncan, 2023
‘Nightflight’ × ‘Queen’s Guard’; Sdlg no. 3951
Fl. forming a double triangle, 90mm wide; perianth segments 42mm long, very broadly ovate, blunt, scarcely mucronate, white, spreading, plane, smooth and of heavy substance, overlapping half; the inner segments narrower, shouldered at base; corona 42mm long, cylindrical to narrow funnel-shaped, smooth, opening yellow, maturing to white, mouth straight, even and a little frilled, with rim dentate. Mid-season to late.
Nomenclatural Standard: colour print supplied by registrant (WSY0170858)

‘Luna Love’ 10 Y-Y

(Dave Hardy, 2016) Esker Farm Daffodils, 2023
N. bulbocodium × *N. bulbocodium* subsp. *bulbocodium*
var. *citrinus*; Sdlg no. EF06
Fl. star-shaped, 45mm wide; perianth segments
20mm long, lanceolate, acute, spreading, plane,
smooth and of heavy substance, separated; corona
21mm long, broad funnel-shaped, ribbed, mouth
widely expanded and narrowly ribbed, with rim
minutely crenate. Dwarf. Very early to early.
Nomenclatural Standard: colour print supplied by
registrant (WSY0170948)

‘Lunar Orbit’ 3 W-GYO

(J.A.Hunter, 2014) J.A.Hunter, 2023
‘Green Topaz’ × ‘Polar Gift’; Sdlg no. 43/09C
Fl. forming a double triangle, 102mm wide; perianth
segments 42mm long, ovate, white, spreading, plane,
smooth and of heavy substance; corona 12mm long,
bowl-shaped, vivid yellow 9A, with strong yellow
green 143A at base and orange (23A) at rim, frilled.
Mid-season

‘Main Street’ 1 Y-Y

(M.E.Brogden, 2015) Brogden Bulbs, 2023
‘First Dawn’ unreg × ‘Frankham’; Sdlg no. BB 10-1-3
Fl. forming a double triangle, 107mm wide, deep
yellow; perianth segments 46mm long, very broadly
ovate, blunt, spreading, plane, smooth and of heavy
substance, overlapping half or more; corona 47mm
long, cylindrical, smooth, mouth flared and even,
with rim crenate. Tall. Mid-season

‘Majestic Charm’ 1 Y-Y

(John R.Hollever, 2021) John R.Hollever, 2023
Sdlg no. 61/21
Parentage unknown
Fl. rounded, 75mm wide; perianth segments 33mm
long, smooth; corona 35mm long, cylindrical, mouth
straight. Mid-season. Intermediate

‘Marguerite’ 3 W-YYO

(C.Higgins, 2014) C.Higgins, 2023
‘Comal’ × Sdlg 02-21; Sdlg no. 14-330A
Fl. rounded, 83mm wide; perianth segments 32mm
long, very broadly ovate, truncate, prominently
mucronate, spreading, plane or with margins a little
incurved, smooth and of membranaceous substance,
overlapping half or more; the inner segments narrower,
shouldered at base, less prominently mucronate; corona
10mm long, cup-shaped, smooth, mouth expanded,
ribbed, wavy and shallowly lobed, with rim crenate. Late.
Nomenclatural Standard: colour print supplied by
registrant (WSY0170897)
Etymology: a favourite name for a female actress on
many TV shows

‘Mariatou’ 2 O-R

(Brian S.Duncan) Susan Duncan, 2023
‘Bionic’ × ‘Bandesara’; Sdlg no. 4674
Fl. forming a double triangle, 86mm wide, facing
upwards; perianth segments 34mm long, roundish,
very broad, truncate, orange, with slight pale mucro,
spreading, shallowly concave, smooth and of
membranaceous substance, overlapping half; the inner
segments narrower; corona 15mm long, cup-shaped,
angled, red, mouth expanded and a little wavy, with
rim notched. Mid-season.
Nomenclatural Standard: colour print supplied by
registrant (WSY0170863)

‘Mighty Markus’ 2 Y-Y

(Graeme and Faith Miller, 2009) Graeme and Faith
Miller, 2023
‘Egmont Star’ × ‘Frontier Gold’; Sdlg no. GM09-32
Fl. forming a double triangle, 120mm wide, vivid
yellow 12A; perianth segments 50mm long, broadly
ovate, blunt, spreading, plane, smooth and of heavy
substance, overlapping half; the inner segments
narrower; corona 43mm long, funnel-shaped, angled,
mouth straight and lightly frilled, with rim crenate
and broadly flanged. Early.
Nomenclatural Standard: colour print supplied by
registrant (WSY0170813)
Etymology: named for registrant’s son-in-law who is
1.96m tall

‘More Mesa’ 2 W-WPP

(Ken D.Fink, 2020) Michel Boudreaux, 2023
‘Ceylon’ × ‘Jubilation’ × ‘Concertina’; Sdlg no. 3-229-1
Fl. rounded, 82mm wide; perianth segments 32mm
long, roundish, very broad, truncate, scarcely mucronate,
spreading, plane, with margins wavy, with midrib
showing, of membranaceous substance, overlapping half
or more; the inner segments narrower, more nearly ovate,
shouldered at base; corona 18mm long, funnel-shaped,
smooth, mouth straight, ribbed, lobed and lightly frilled,
with rim crenate. Mid-season. Sweetly scented.
Nomenclatural Standard: colour print supplied by
registrant (WSY0170572)
Etymology: Community west of the Mesa, Santa Barbara

‘My David’ 2 W-O

(Brian S.Duncan) Susan Duncan, 2023
‘Wopollo’ × ‘Prime Target’; Sdlg no. 4593
Fl. 79mm wide; perianth segments 35mm long, very
broadly ovate, blunt, slightly mucronate, spreading,
plane or with margins a little incurved, smooth and of
membranaceous substance, overlapping half; the inner
segments narrower; corona 30mm long, narrow funnel-
shaped, angled, mouth slightly expanded, ribbed, even
and shallowly lobed, with rim entire. Mid-season.
Nomenclatural Standard: colour print supplied by
registrant (WSY0170815)

'Nadder Moon' 1 W-Y

(Rannveig Wallis, 2007) Ian Robertson, 2022

Selection from *N. alpestris*

Fl. 40mm wide, facing downwards; perianth segments 20mm long, narrowly ovate, acute, whitish, touched pale yellow along midrib, inflexed, twisted, smooth and of heavy substance, overlapping at base; corona 40mm long, cylindrical, mouth flared and shallowly lobed, with rim entire. Dwarf. Early. Sunproof. Nomenclatural Standard: colour print supplied by D. Haslegrove (WSY0170999)

'Nambe Nugget' 2 Y-O

(Brian S.Duncan) Susan Duncan, 2023

'Tyrree' × 'Creag Dubh'; Sdlg no. 3580

Fl. 90mm wide; perianth segments 37mm long, rounded, very broad, blunt, yellow, with slight white mucro, spreading, plane, with margins incurling, smooth and of heavy substance, overlapping half; the inner segments narrower, ovate; corona 18mm long, bowl-shaped, smooth, orange, mouth expanded, ribbed and wavy, with rim notched. Mid-season to late. Nomenclatural Standard: colour print supplied by registrant (WSY0170824)

'Namic Full Moon' 10 Y-Y

(Satoshi Komoriya, 2014) Satoshi Komoriya, 2023

Selection from *N. cantabricus*

Fl. star-shaped, 70mm wide, facing upwards; perianth segments lanceolate, acute, spreading, plane, with midrib showing and of heavy substance, separated; corona broad funnel-shaped, narrowly ribbed, mouth expanded and wavy, with rim crenate and very narrowly flanged. Dwarf. Autumn. Sweetly scented. Nomenclatural Standard: colour print supplied by registrant (WSY0170933)
Etymology: named for the registrant's wife and the form of the flower

'National Trust Joy' 2 Y-O

(Rosewarne EHS) O.A.Taylor & Sons, 2023

Sdlg no. 130

Parentage unknown

Fl. forming a double triangle; perianth segments ovate, blunt, yellow, with scarce pale mucro, spreading, concave, creased and of heavy substance, overlapping to half; the inner segments narrower, more nearly plane; corona cup-shaped, angled, orange, mouth expanded, ribbed and frilled, with rim crenate. Mid-season. Nomenclatural Standard: colour print supplied by registrant (WSY0170573)

'Nightmare' 1 W-O

(John R.Hollever, 2017) John R.Hollever, 2023

Sdlg no. 30/17

Parentage unknown

Fl. 100mm wide; perianth segments roundish, plane, smooth; corona cylindrical, smooth. Mid-season

'Noah's Charm' 4 W-P

(Brian S.Duncan) Susan Duncan, 2023

'Runkerry' × ('Trigonometry' × 'Vahu'); Sdlg no. 4624

Fl. rounded, 75mm wide; perianth and other petaloid segments in several whorls; the outer segments 35mm long, roundish, very broad, blunt to truncate, spreading, plane to a little concave, smooth and of heavy substance, overlapping half or more; the inner segments successively shorter, inflexed and deeply concave or folded inwards along midrib towards centre; corona segments half the length of the outer perianth segments, densely frilled and interspersed among inner perianth segments, smooth. Mid-season to late. Nomenclatural Standard: colour print supplied by registrant (WSY0170828)

'Noleta' 2 W-GWP

(Ken D.Fink, 2021) Michel Boudreaux, 2023

Parentage unknown

Fl. rounded, 91mm wide; perianth segments 44mm long, roundish, very broad, rounded at apex, mucronate, slightly inflexed, concave, creased and of heavy substance, overlapping half or more; the inner segments narrower, more nearly ovate; corona 32mm long, cup-shaped, angled, mouth expanded, ribbed, wavy and shallowly lobed, with rim minutely crenate. Early. Sunproof.

Nomenclatural Standard: colour print supplied by registrant (WSY0170569)

Etymology: Take off on local town name "Goleta"

'Ogden Nash' 9 W-OOW

(Michael Berrigan, 2012) Michael Berrigan, 2023

Karnsted Sdlg × Karnsted Sdlg; Sdlg no. 2005-198-3

Fl. rounded, 60mm wide; perianth segments 25.7mm long, roundish, very broad, mucronate, bright white, spreading, plane or with margins slightly incurved, smooth and of heavy substance, overlapping half or more; the inner segments a little narrower, somewhat shouldered at base; corona 3mm long, disc-shaped, ribbed, bright medium orange, with narrow band of white at rim, mouth straight and lobed, with rim crenate. Late. Strongly and sweetly scented. Nomenclatural Standard: colour print supplied by registrant (WSY0170566)

'Orange Band' 3 Y-YYO

(Graeme and Faith Miller, 2011) Graeme and Faith Miller, 2023

Sdlg GM01-54 × 'New Penny'; Sdlg no. GM11-080

Fl. rounded, 92mm wide; perianth segments 39mm long, roundish, very broad, blunt, light greenish yellow 7D, with pale mucro, spreading, concave, with margins somewhat narrowly incurling at apex, with midrib showing, of heavy substance, overlapping half; the inner segments narrower, more nearly ovate, shouldered at base, scarcely mucronate; corona 13mm long, cup-shaped, ribbed, brilliant greenish yellow 6A, with broad band of vivid orange 28B at rim, mouth flared, with rim dentate. Early. Nomenclatural Standard: colour print supplied by registrant (WSY0170809)

'Pacific Breeze' 2 Y-O

(J.A.Hunter, 2018) J.A.Hunter, 2023
'Pacific Phoenix' × 'Pacific Flash'; Sdlg no. 17/13
Fl. forming a double triangle, 110mm wide; perianth segments 45mm long, ovate, vivid yellow 9B, spreading, plane, smooth and of heavy substance; corona 18mm long, cup-shaped, vivid orange 28B, paler orange (23A) at base, mouth wavy. Mid-season

'Peppermint Patty' 3 W-YYR

(Brian S.Duncan) Susan Duncan, 2023
'Jammin' × 'Doctor Hugh'; Sdlg no. 4813
Fl. 76mm wide; perianth segments 33mm long, rounded, very broad; corona 11mm long, bowl-shaped. Late.
Nomenclatural Standard: colour print supplied by registrant (WSY0170832)

'Petit Prince' 2 W-Y

(M.Hamilton, 2015) Graeme and Faith Miller, 2023
Sdlg no. GM15-15
Parentage unknown
Fl. forming a double triangle, 76mm wide; perianth segments 30mm long, broadly ovate, blunt, mucronate, spreading, concave, with margins narrowly incurling, with midrib showing, of heavy substance, overlapping half; the inner segments narrower, somewhat shouldered at base, scarcely mucronate; corona 25mm long, funnel-shaped, ribbed, mouth straight and lightly frilled, with rim dentate. Early.
Nomenclatural Standard: colour print supplied by registrant (WSY0170810)

'Petite Prince' synonym of **'Petit Prince'**

'Pink Nessie' 2 P-P

(H. Koopowitz, 2012) H. Koopowitz, 2023
'Urchin' × *N. willkommii*; Sdlg no. 2007-024-1
Fl. 44mm wide; perianth segments 20mm long, ovate, blunt, soft pink, spreading, plane, smooth, overlapping half; the inner segments narrower; corona 13mm long, cup-shaped, ribbed, deep salmon pink, mouth straight and even, with rim entire. Dwarf. Mid-season.

'Pink Petals Prelude' 7 W-P

(Satoshi Komoriya) Satoshi Komoriya, 2023
Parentage unknown
Fls 2 per stem, rounded, 60mm wide, facing downwards; perianth segments 25mm long, ovate or oblong, prominently mucronate, spreading, plane or with margins wavy or incurved, with midrib showing, of heavy substance, overlapping one-third; the inner segments scarcely mucronate; corona funnel-shaped, ribbed, mouth straight, wavy, shallowly lobed, with lobes overlapping, with rim minutely crenate. Autumn. Strongly scented.
Nomenclatural Standard: colour print supplied by registrant (WSY0170929)

'Pirongia Blaze' 3 Y-O

(Graeme and Faith Miller, 2007) Graeme and Faith Miller, 2023
'Trudie May' × Sdlg GM99-22; Sdlg no. GM07-056
Fl. roundish, 90mm wide; perianth segments 34mm long, roundish, very broad, truncate, brilliant greenish yellow 4A, with slight pale mucro, spreading, shallowly concave, smooth and of heavy substance, overlapping half or more; the inner segments narrower; corona 11mm long, bowl-shaped, ribbed, orange (28A), mouth flared and lightly frilled, with rim crenate. Tall. Early.
Nomenclatural Standard: colour print supplied by registrant (WSY0170811)

'Pirongia Pastel' 2 YYW-W

(Graeme and Faith Miller, 2013) Graeme and Faith Miller, 2023
'Caribbean Snow' × 'Twelve Gauge'; Sdlg no. GM13-27
Fl. rounded, 105mm wide, opening brilliant greenish yellow 4A, maturing to greenish white 155A; perianth segments 43mm long, broadly ovate, truncate, with pale mucro, spreading, concave, with margins narrowly incurling at apex, smooth and of heavy substance, overlapping half; the inner segments narrower, shouldered at base, scarcely mucronate; corona 40mm long, funnel-shaped, ribbed, mouth flared and lightly frilled, with rim crenate. Early.
Nomenclatural Standard: colour print supplied by registrant (WSY0170812)

'Poe' 9 W-GYR

(Michael Berrigan, 2012) Michael Berrigan, 2023
Karnsted Sdlg × Karnsted Sdlg; Sdlg no. 2005-198-4
Fl. rounded, 70mm wide; perianth segments 31mm long, roundish, very broad, blunt, mucronate, white, spreading, plane, with margins incurling, smooth and of heavy substance, overlapping two-thirds; the inner segments narrower, shouldered at base; corona 4mm long, disc-shaped, ribbed, yellow, with green at base and narrower band of brilliant red at rim, mouth straight and frilled, with rim dentate. Late. Strongly and sweetly scented.
Nomenclatural Standard: colour print supplied by registrant (WSY0170567)

'Pony Express' 1 Y-Y

(John R.Hollever) John R.Hollever, 2023
Sdlg no. 62/12
Parentage unknown
Fl. forming a double triangle, 110mm wide; perianth segments very broad, plane and smooth. Tall. Early

'Porotaka' 1 Y-Y

(M.Hamilton, 2015) Graeme and Faith Miller, 2023
Sdlg no. GM15-02a
Parentage unknown
Fl. rounded, 90mm wide; perianth segments 36mm long, very broadly ovate, truncate, spreading, concave, with margins incurved, with midrib showing and of heavy substance, overlapping half or more; the inner segments narrower; corona 40mm long, funnel-shaped,

ribbed, mouth flared and frilled, with rim crenate. Early.
Nomenclatural Standard: colour print supplied by
registrant (WSY0170807)
Etymology: Māori word for “round”

‘Ramjet’ 2 Y-R

(Clive Postles) Michiel de Waard, 2023
Sdlg no. CPS 313
Parentage unknown
Fl. rounded, 115mm wide, slightly facing upwards;
perianths roundish, very broad, yellow, with slight and
pale mucro, slightly reflexed, plane, smooth and of
heavy substance, overlapping half; the inner segments
a little narrower; corona cylindrical, smooth, red,
mouth straight and frilled, with rim notched. Early.
Nomenclatural Standard: colour print supplied by
registrant (WSY0170926)

‘Rawhide’ 1 Y-Y

(John R.Hollever, 2017) John R.Hollever, 2023
Sdlg no. 01/17
Parentage unknown
Fl. 116mm wide; perianth segments very broad,
plane and smooth; corona funnel-shaped and
smooth. Mid-season

‘Rime’ 12 W-W

(Mrs Anne Wright, 2020) Mrs Anne Wright, 2023
N. triandrus × *N. cantabricus* var. *eu-albidus*;
Sdlg no. 4490-1-20
Fls 1–3mm per stem, star-shaped, 60mm wide,
sometimes facing downwards, white (NN155C);
perianth segments 23mm long, narrowly ovate, acute,
slightly reflexed, plane, with margins incurling, smooth
and of heavy substance, separated; the inner segments
narrower; corona 15mm long, funnel-shaped, smooth,
slightly ribbed towards rim, mouth wavy and somewhat
expanded, rim almost entire. Dwarf. Early. Sunproof

‘Riwaka’ 4 Y-W

(J.A.Hunter, 2009) J.A.Hunter, 2023
Sdlg (‘Baldock’ × ‘American Heritage’) × ‘Viewpoint’;
Sdlg no. 47/04A
Fl. forming a double triangle, 115mm wide; perianth
segments in several whorls, vivid yellow 3A, spreading,
plane, smooth and of heavy substance; the corona
segments white, smooth. Mid-season

‘Rogue Star’ 3 Y-GOR

(Brian S.Duncan) Esker Farm Daffodils, 2023
‘Solar System’ × ‘Ruddy Rascal’; Sdlg no. 4131
Fl. forming a double triangle, 105mm wide; perianth
segments 42mm long, roundish, very broad, blunt
mucronate, spreading, plane, with margins incurling,
creased and of heavy substance, overlapping half or
more; the inner segments narrower, shouldered at
base; corona 13mm long, cup-shaped, ribbed, mouth
expanded, wavy and lobed, with lobes sometimes over
lapping, with rim minutely crenate. Late.
Nomenclatural Standard: colour print supplied by
registrant (WSY0170963)

‘Rose Ridge’ 2 W-P

(Michael Berrigan, 2014) Michael Berrigan, 2023
‘Rose Lake’ × (‘Harbour View’ × ‘Magic Step’);
Sdlg no. 2008-205-4
Fl. rounded, 110mm wide; perianth segments 45mm
long, very broad, blunt, spreading, plane, smooth and
of heavy substance, overlapping half or more; the inner
segments shouldered at base; corona 28mm long,
cylindrical, smooth, mouth straight, narrowing slightly
at mouth, even, with rim entire. Mid-season to late

‘Rosguill’ 1 Y-Y

(Brian S.Duncan, 2012) Sean McClafferty, 2022
‘Kingsleigh’ × ‘Gold Pipe’; Sdlg no. 4512
Fl. 104mm wide, deep yellow; perianth segments
41mm long; corona 42mm long. Mid-season. Sunproof

‘Royal Hillsborough’ 2 W-W

(Richard McCaw, 2017) Richard McCaw, 2022
‘Stoke Charity’ × ‘River Queen’; Sdlg no. RAM330
Fl. rounded, 100mm wide; perianth segments 41mm
long, roundish, very broad, prominently mucronate,
spreading, concave, smooth and of heavy substance,
overlapping half or more; the inner segments narrower,
more nearly ovate; perianth segments 38mm long,
funnel-shaped, angled, mouth straight, even and
shallowly lobed, with rim broadly rolled and crenate.
Mid-season.
Nomenclatural Standard: colour print supplied by
registrant (WSY0170560)
Etymology: Hillsborough Village received Royal
Warrant in 2022

‘Ruby Weir’ 2 O-R

(Clive Denton, 2013) Clive Denton, 2022
‘Stylish’ × ‘Cameo Flush’; Sdlg no. CD 57-08
Fl. rounded, 65mm wide; perianth segments 25mm
long, roundish, very broad, blunt, yellow, with pale
slight mucro, spreading, plane, creased and of heavy
substance, overlapping half or more; the inner
segments narrower, shouldered at base, with apex
truncate, scarcely mucronate; corona 18mm long,
cup-shaped, angled, mouth expanded, ribbed and
shallowly lobed, with rim crenate. Early. Sunproof.
Nomenclatural Standard: colour print supplied by
registrant (WSY0170985)
Etymology: Family name

‘Rusty Nail’ 11a Y-R

(John R.Hollever, 2018) John R.Hollever, 2023
Sdlg no. 227/18
Parentage unknown
Fl. forming a double triangle, 76mm wide; perianth
segments ovate, mucronate, spreading. Mid-season.
Intermediate

‘Safe Bet’ 2 Y-Y

(M.E.Brogden, 2014) Brogden Bulbs, 2023
 ‘First Call’ × ‘Gold Gem’; Sdlg no. BB 10-2-1
 Fl. forming a double triangle, 100mm wide, deep yellow; perianth segments 40mm long, very broadly ovate, rounded, spreading, plane, very smooth and of heavy substance, overlapping half; corona 34mm long, cup-shaped, smooth, mouth flared and wavy, with rim flanged and entire. Early to mid-season

‘Saline River’ 2 Y-Y

(C.Higgins, 2014) C.Higgins, 2023
 ‘Goldhanger’ × ‘Cyrus’; Sdlg no. 14-44
 Fl. rounded, 90mm wide; perianth segments 33mm long, roundish, very broad, blunt, scarcely mucronate, spreading, plane, smooth and of heavy substance, overlapping half or more; the inner segments narrower, somewhat shouldered at base; corona 23mm long, cup-shaped, smooth, mouth even and a little expanded, with rim minutely crenate. Mid-season.
 Nomenclatural Standard: colour print supplied by registrant (WSY0170899)
 Etymology: river which originates in Arkansas, flows across the south-central part of the state into Louisiana, draining into the Red River

‘Sarah Day’ 9 W-GYR

(Rod Barwick, 1999) Rod Barwick, 2023
 ‘Ringer’ × (‘Como’ × ‘Actaea’); Sdlg no. RCA99A
 Fl. forming a double triangle, 58mm wide; perianth segments 27mm long, ovate, blunt, yellowish white 155D, reflexed, concave, smooth and of heavy substance overlapping one-third; the inner segments slightly narrower; corona 6mm long, disc-shaped, ribbed, light greenish yellow 6D, with light yellowish green 144D at base and narrow band of red (61D) at rim, mouth widely expanded, even and flanged, with rim finely ‘fringed’. Late. Sweetly scented.
 Nomenclatural Standard: colour print supplied by registrant (WSY0170956)

‘Sassafras Hill’ 3 W-Y

(C.Higgins, 2021) C.Higgins, 2023
 ‘Top of the Hill’ × ‘Spindletop’; Sdlg no. 12-65
 Fl. rounded, 85mm wide; perianth segments 30mm long, very broadly ovate, blunt, truncate, mucronate, spreading, plane or with margins somewhat incurved, with midrib showing, of heavy substance, overlapping half; the inner segments narrower, scarcely mucronate; corona 6mm long, cup-shaped, angled, mouth expanded and lightly frilled, with rim crenate. Late.
 Nomenclatural Standard: colour print supplied by registrant (WSY0170903)
 Etymology: a location in Registrant’s native Drew County, Arkansas where all the local kings and queens set up their final markers and resting places

‘Scrabble’ 1 Y-Y

(John R.Hollever, 2018) John R.Hollever, 2023
 Sdlg no. 241/18
 Parentage unknown
 Fl. 78mm wide; perianth segments 32mm long, ovate, blunt, smooth; corona 34mm long, cylindrical, ribbed. Early. Intermediate

‘Shawmut’ 2 W-P

(C.Higgins, 2021) C.Higgins, 2023
 ‘Pink China’ × ‘Elka’; Sdlg no. 18-31
 Fl. forming a double triangle, 48mm wide; perianth segments 20mm long, ovate, blunt, spreading, plane, smooth and of heavy substance, overlapping to one-third; the inner segments narrower, with margins incurving or wavy; corona 17mm long, cup-shaped, broadly ribbed, mouth straight and wavy, with rim entire. Dwarf. Mid-season.
 Nomenclatural Standard: colour print supplied by registrant (WSY0170902)
 Etymology: Tiny fishing village of Shawmut, discovered by the Pilgrims, becoming the American city of Boston

‘Sierra Arrow’ 1 Y-O

(Brian S.Duncan) Susan Duncan, 2023
 ‘Proud Fellow’ × ‘Kingstanding’; Sdlg no. 4589
 Fl. forming a double triangle, 87mm wide; perianth segments 35mm long, broadly ovate, blunt, yellow, with slight pale mucro, spreading, plane, with margins incurving at apex, smooth and of heavy substance, overlapping half; the inner segments narrower; corona 37mm long, narrow funnel-shaped, smooth, mouth straight, even, lightly frilled and shallowly lobed, with lobes somewhat overlapping, with rim entire. Mid-season.
 Nomenclatural Standard: colour print supplied by registrant (WSY0170834)

‘Sierra Sunset’ 1 Y-O

(Brian S.Duncan) Susan Duncan, 2023
 ‘Proud Fellow’ × ‘Kingstanding’; Sdlg no. 4587
 Fl. forming a double triangle, 95mm wide, facing upwards; perianth segments 36mm long, ovate, blunt, slightly mucronate, spreading, plane or with margins incurved, smooth and of heavy substance, overlapping half; the inner segments narrower, shouldered at base; corona 40mm long, funnel-shaped, smooth, mouth flared, even, lightly frilled and irregularly lobed, with lobes overlapping, with rim entire. Mid-season.
 Nomenclatural Standard: colour print supplied by registrant (WSY0170838)

‘Steady Eddy’ 2 W-Y

(Nial Watson, 2014) Ringhaddy Daffodils, 2023
 ‘Drumlin’ × ‘Fiona MacKillop’; Sdlg no. W1059
 Fl. 108mm wide; perianth segments 48mm long, very broadly ovate, rounded, scarcely mucronate, creamy white, spreading, concave, with margins incurving, smooth and of heavy substance, overlapping half or more; the inner segments a little narrower, shouldered

at base; corona 38mm long, funnel-shaped, smooth, brilliant yellow 13B, mouth ribbed and wavy, with rim crenate and broadly flanged. Mid-season. Sunproof. Nomenclatural Standard: colour print supplied by registrant (WSY0170918)

‘Stovepipe’ 1 Y-Y

(M.E.Brogden, 2015) Brogden Bulbs, 2023
‘First Dawn’ unreg × ‘Frankham’; Sdlg no. BB 10-1-P3
Fl. forming a double triangle, 97mm wide; perianth segments 40mm long, very broadly ovate, blunt, spreading, plane, with margins incurved, smooth and of heavy substance, overlapping half or more; corona 45mm long, cylindrical, smooth, mouth straight and even, with rim entire. Tall. Early

‘Sunblest’ 2 Y-Y

(M.E.Brogden, 2014) Brogden Bulbs, 2023
‘First Call’ × ‘Gold Gem’; Sdlg no. BB 10-2-P6
Fl. forming a double triangle, 96mm wide, very deep yellow; perianth segments 40mm long, very broadly ovate, rounded, spreading, plane, smooth and of heavy substance, overlapping half; corona 30mm long, cup-shaped, smooth, mouth expanded and wavy, with rim flanged and dentate. Early

‘Super Sel’ 3 W-YOR

(M.E.Brogden) Brogden Bulbs, 2023
‘Conquest’ × ‘Showdown’; Sdlg no. BB 8-5-1E
Fl. rounded, 103mm wide; perianth segments 42mm long, very broadly ovate to roundish, rounded, mucronate, spreading, plane, with margins incurving, smooth and of membranaceous substance, overlapping half or more; corona 13mm long, disc-shaped, ribbed, mouth straight and frilled, with rim crenate. Mid-season. Variable to Division 2

‘Suzie’s Sister’ 6 Y-Y

(Brian S.Duncan, pre-1997) Brian S.Duncan, 2022
‘Elfin Gold’ × *N. cyclamineus*; Sdlg no. 1483B
Fl. 75mm wide, yellow; perianth segments ovate, mucronate, reflexed, ribbed, overlapping one-third; the inner segments less strongly inflexed; corona cylindrical, ribbed, darker in tone than the perianth segments, with mouth straight and rim entire. Dwarf to standard. Early.

‘Tākaka’ 2 Y-O

(J.A.Hunter, 2018) J.A.Hunter, 2023
Sdlg JAH 54/04 (‘Hampton Court’ × ‘Kiwi Gossip’) × Sdlg JAH 13/02; Sdlg no. 13/13A
Fl. 108mm wide; perianth segments 44mm long, vivid yellow 13A; corona 38mm long, light orange 28C. Mid-season. Sunproof

‘Thespian’s Curse’ 2 Y-Y

(Clive Denton, 2018) Clive Denton, 2022
‘Centor’ × Sdlg CD 2-07 (‘Cameo Sun’ × Sdlg CD91-00 [‘Gold Convention’ × ‘Sulphur Monarch’]); Sdlg no. CD 14-12
Fl. forming a double triangle, 115mm wide; perianth segments 45mm long, broadly ovate, blunt, light

greenish yellow 7D, scarcely mucronate, spreading, plane, smooth and of membranaceous substance, overlapping half or more; the inner segments narrower, somewhat shouldered at base, with margins slightly incurved; corona 40mm long, cylindrical, angled, vivid yellow 12A, mouth broadly flared, shallowly ribbed and lightly frilled, with rim dentate. Early. Nomenclatural Standard: colour print supplied by registrant (WSY0170991)
Etymology: choosing a name for this hybrid was a drama!

‘Tim B.’ 2 Y-O

(Ken D.Fink, 2011) Michel Boudreaux, 2023
‘Miss Primm’ × (‘Arctic Gold’ × ‘Linda Judith’); Sdlg no. 04-9-01
Fl. rounded, 100mm wide; perianth segments 41mm long, rounded, very broad, blunt or truncate, yellow, with pale mucro, spreading, with midrib showing, of membranaceous substance, overlapping half; the inner segments narrower, scarcely mucronate; corona 35mm long, broad funnel-shaped, widely ribbed, mouth straight and frilled, with rim minutely crenate. Early. Sweetly scented. Nomenclatural Standard: colour print supplied by registrant (WSY0170909)
Etymology: Named for Timothy Boudreaux, horticulturally interested neighbour and friend

‘Truffles’ 2 W-Y

(John R.Hollever, 2017) John R.Hollever, 2023
Sdlg no. 51/17
Parentage unknown
Fl. rounded, 106mm wide; perianth plane and smooth; corona funnel-shaped and smooth. Mid-season

‘Watermelon’ 2 W-P

(John R.Hollever, 2017) John R.Hollever, 2023
Sdlg no. 57/17
Parentage unknown
Fl. rounded, 115mm wide; perianth segments ovate, blunt, spreading, plane and smooth. Mid-season

‘Whisky Sour’ 1 Y-Y

(John R.Hollever, 2012) John R.Hollever, 2023
Sdlg no. 61/12
Parentage unknown
Fl. forming a double triangle, 115mm wide, plane; corona expanded. Early

‘White Crusher’ 10 W-W

(Satoshi Komoriya, 2015) Satoshi Komoriya, 2023
Sdlg no. 20
Selection from *N. cantabricus*
Fl. rounded, 40mm wide; perianth segments 20mm long, lanceolate, acute, spreading, plane, with midrib showing and of membranaceous substance, separated; corona 20mm long, funnel-shaped, ribbed, mouth flared, frilled and distinctly lobed, with rim rolled and crenate. Autumn. Sunproof. Sweetly scented. Nomenclatural Standard: colour print supplied by registrant (WSY0170968)

‘White Full Moon’ 10 W-W

(Satoshi Komoriya, 2014) Satoshi Komoriya, 2023
Sdlg no. 20

Selection from *N. cantabricus*

Fl. rounded, 60mm wide, facing upwards; perianth segments 20mm long, lanceolate, acute, inflexed, plane, with midrib showing and of membranaceous substance, separated; corona 20mm long, funnel-shaped, mouth flared, wavy and somewhat shallowly lobed, with rim flanged and crenate. Dwarf. Autumn. Sweetly scented.

Nomenclatural Standard: colour print supplied by registrant (WSY0170962)

‘Whitetail’ 2 W-W

(Michael Berrigan, 2013) Michael Berrigan, 2023
‘Easter Moon’ × ‘River Queen’; Sdlg no. 2007-1-1

Fl. rounded, 115mm wide, facing upwards; perianth segments 51mm long, broadly ovate, mucronate, spreading, plane, smooth and of heavy substance, overlapping half or more; the inner segments narrower; corona 37mm long, cylindrical, slightly ribbed, mouth straight and even, with rim slightly flanged, entire or somewhat crenate. Very early. Sunproof

‘Wily Rogue’ 2 Y-O

(Nial Watson) Ringhaddy Daffodils, 2023
Sdlg no. W1000

Parentage unknown

Fl. 61mm wide; perianth segments 23mm long, broadly ovate, blunt, yellow 13C with pale mucro, spreading, plane or with margins incurling, smooth and of heavy substance, overlapping half; the inner segments narrower, scarcely mucronate; corona 14mm long, cup-shaped, angled, orange (21A), mouth slightly expanded, wavy and broadly ribbed, with rim crenate. Mid-season. Sunproof.

Nomenclatural Standard: colour print supplied by registrant (WSY0170932)

‘Wordsworth Golden’ 1 Y-Y

(Rosewarne EHS) O.A.Taylor & Sons, 2023
Sdlg no. 104

Parentage unknown

Fl. rounded; perianth segments roundish, very broad, blunt, slight mucro, spreading, plane, with margins somewhat recurved, creased and of heavy substance, overlapping half or more; the inner segments narrower, shouldered at base; corona funnel-shaped, smooth, mouth straight, even and irregularly lobed, with rim rolled and minutely crenate. Early.

Nomenclatural Standard: colour print supplied by registrant (WSY0170571)

‘Yellow Dream’ 4 Y-Y

(K.van der Veek) C. Th.Ammerlaan & Son, 2022

Parentage unknown

Fl. rounded, 100mm wide; perianth and other petaloid segments in three whorls, vivid yellow 9A; the outer two whorls 50mm long, very broadly ovate, rounded at apex, spreading, concave, with margins slightly incurling, smooth and of membranaceous substance, overlapping half; the inner whorl narrower, shorter and slightly inflexed towards centre; corona segments 30mm long, vivid yellow 12A, interspersed among the inner perianth segments and clustered at centre, wavy to filled, with margins crenate. Early. Nomenclatural Standard: colour print supplied by KAVB (WSY0170975)

‘Zumbro’ 4 W-W

(Michael Berrigan, 2015) Michael Berrigan, 2023
‘Regeneration’ × ‘Hotoo’; Sdlg no. 2008-176-4

Fl. forming a double triangle, 43mm wide, opening greenish yellow, maturing to white; perianth and other petaloid segments in several whorls, 20mm long, lanceolate, acute, spreading, plane, smooth and of heavy substance, overlapping one-third; corona 18mm long, similar in shape to perianth segments. Mid-season to late. Sweetly scented

ADDITIONS AND AMENDMENTS TO THE INTERNATIONAL DAFFODIL REGISTER (2008) AND SUPPLEMENTS

The compilers are grateful to those who have drawn attention to omissions from the International Daffodil Register and its Supplements, pointed out errors, suggested changes or supplied new information.

Amendments to cultivar names, divisions, colour codes, parentages, originators and registrants will usually be published in an annual Supplement. Amendments to descriptions will usually only be published in a new edition of the Register. However, all amendments will be published on the internet, in a regular updating of the Register posted at: www.rhs.org.uk/plants/plantsmanship/plant-registration/Daffodil-cultivar-registration

AMENDMENTS TO THE INTERNATIONAL DAFFODIL REGISTER (2008)

Wister Cup 2023 winner: *N.* ‘Delibes’

Pannill Award 2023 winner: *N.* ‘Euphonic Bells’

AMENDMENTS TO THE *LIST OF ORIGINATORS AND REGISTRANTS*

It is with sadness we report the following deaths:

Blanchard , John W.	d. 2022
Hall , Wilfred	d. 2022
Howe , Marilyn	d. 2023
Vinisky , Stephen J.	d. 2022

ADDITIONS TO THE *LIST OF ORIGINATORS AND REGISTRANTS*

Denton , Clive	Cambridge, New Zealand
De Waard , Michiel	Egmond aan den Hoef, The Netherlands
Hendersen , Uel	Omagh, Northern Ireland
Robertson , Ian	Dorchester, Dorset
Tennant , David	Ripon, Yorkshire

AMENDMENTS TO THE 15TH SUPPLEMENT

'Baby Jack'	Add dimensions:	fl. 70mm wide; perianth segments 30mm long; corona 30mm long
'Big Basin Bells'	Correction to etymology:	...Rocky Mountains...
'Buchfeldgasse Acht'	Add year of registration:	2022
'Chocolate Chip Cookie'	Amend Etymology to:	Named for the famous cookies baked by Ben and Elana Graham and given away during the year-end holidays at the Nevada State Legislature building in Carson City.
'Elizabeth Jenet'	Amend seedling number to:	08-5-58-6
'Fortuna Blaze'	Add dimensions:	fl. 90mm wide; perianth segments 40mm long; corona 25mm long
'Happy Hubby'	Add dimensions:	fl. 80mm wide; perianth segments 35mm long; corona 30mm long
'Obstinate'	Amend seed parent to:	Sdlg ('Loch Lundie' × 'Tearaway')
'Pleasanton Pink'	Add dimensions:	fl. 68mm wide; perianth segments 28mm long; corona 22mm long
'Proud Princess'	Add dimensions:	fl. 72mm wide; perianth segments 30mm long; corona 33mm long
'Safi'	Add measurements:	perianth segments 36mm long; corona 37mm long
'Snicket'	Amend seed parent to:	'Lighthouse Reef'
'Sugar Cookie'	Amend seed parent to:	'Motts Mill'

Amend Nomenclature Standard copyright from hybridiser to registrant for the following cultivars:

'American Baby'
'Ben Graham Junior'
'Big Basin Bells'
'Cardamom Cream'
'Chocolate Chip Cookie'

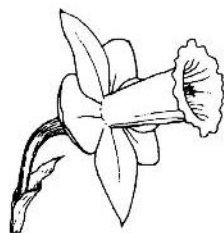

HORTICULTURAL CLASSIFICATION

Whether of wild or cultivated origin, once a selection has been distinguished by a cultivar name it should be assigned to Divisions 1–12. Daffodils distinguished solely by botanical name should be assigned to Division 13.

Notes

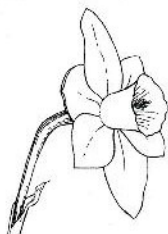

1. The characteristics for Divisions 5 to 10 are given for guidance only; they are not all necessarily expected to be present in every cultivar assigned to those divisions
2. Divisions 12 and 13 are not illustrated owing to the wide variation in shape and size between the flowers involved

DIVISION 1 - TRUMPET DAFFODIL CULTIVARS

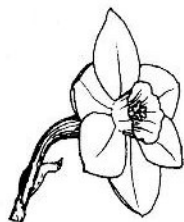

One flower to a stem; corona (“trumpet”) as long as, or longer than the perianth segments (“petals”)

DIVISION 2 - LARGE-CUPPED DAFFODIL CULTIVARS

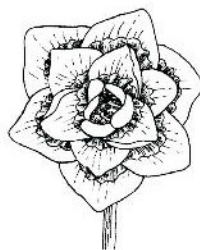

One flower to a stem; corona (“cup”) more than one-third, but less than equal to the length of the perianth segments (“petals”)

DIVISION 3 - SMALL-CUPPED DAFFODIL CULTIVARS

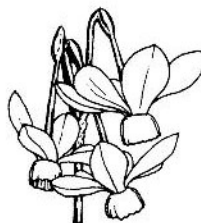

One flower to a stem; corona (“cup”) not more than one-third the length of the perianth segments (“petals”)

DIVISION 4 - DOUBLE DAFFODIL CULTIVARS

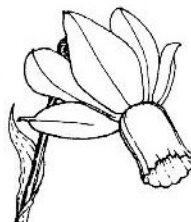

One or more flowers to a stem, with doubling of the perianth segments or the corona or both

DIVISION 5 - TRIANDRUS DAFFODIL CULTIVARS

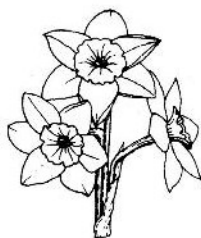

Characteristics of *N. triandrus* clearly evident: usually two or more pendent flowers to a stem; perianth segments reflexed

DIVISION 6 - CYCLAMINEUS DAFFODIL CULTIVARS

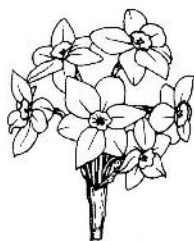

Characteristics of *N. cyclamineus* clearly evident: one flower to a stem; perianth segments significantly reflexed; flower at an acute angle to the stem, with a very short pedicel (“neck”)

DIVISION 7 - JONQUILLA AND APODANTHUS DAFFODIL CULTIVARS

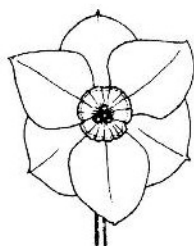

Characteristics of Sections Jonquilla or Apodanthi clearly evident: one to five (rarely eight) flowers to a stem; perianth segments spreading or reflexed; corona cup-shaped, funnel-shaped or flared, usually wider than long; flowers usually fragrant

DIVISION 8 - TAZETTA DAFFODIL CULTIVARS

Characteristics of Section Tazettae clearly evident: usually three to twenty flowers to a stout stem; perianth segments spreading not reflexed; flowers usually fragrant

DIVISION 9 - POETICUS DAFFODIL CULTIVARS

Characteristics of *N. poeticus* and related species clearly evident; perianth segments pure white; corona very short or disc-shaped, not more than one-fifth the length of the perianth segments; corona usually with a green and/or yellow centre and red rim, but sometimes wholly or partly of other colours; anthers usually set at two distinct levels; flowers fragrant

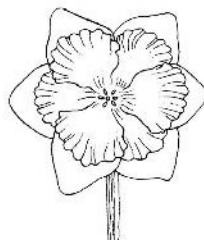

DIVISION 10 - BULBOCODIUM DAFFODIL CULTIVARS

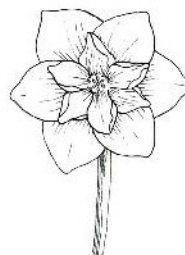

Characteristics of Section Bulbocodium clearly evident: usually one flower to a stem; perianth segments insignificant compared with the dominant corona; anthers dorsifixed (ie attached more or less centrally to the filament); filament and style usually curved

DIVISION 11 - SPLIT-CORONA DAFFODIL CULTIVARS

Corona split - usually for more than half its length

a) Collar Daffodils
Split-corona daffodils with the corona segments opposite the perianth segments; the corona segments usually in two whorls of three

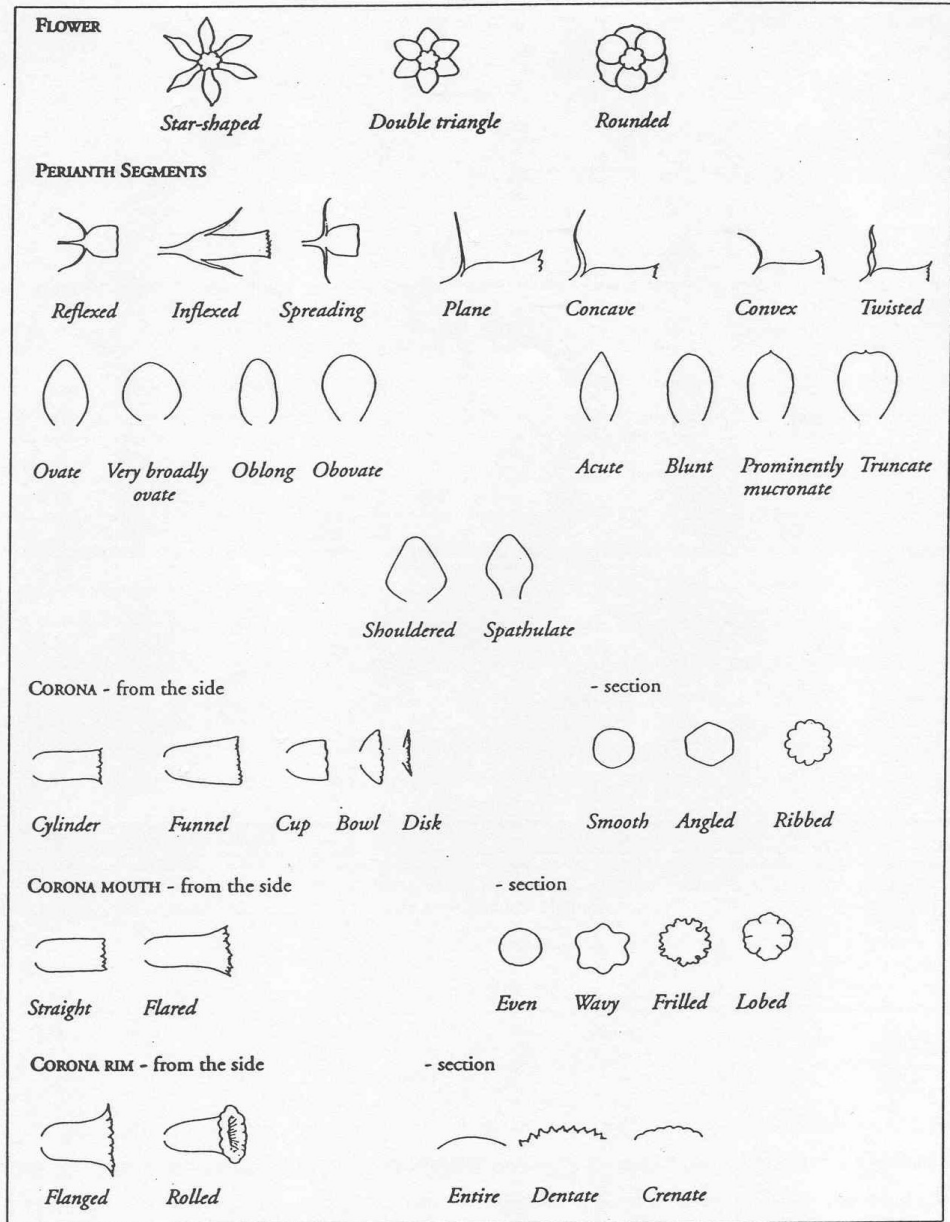

b) Papillon Daffodils
Split-corona daffodils with the corona segments alternate to the perianth segments; the corona segments usually in a single whorl of six

DIVISION 12 - OTHER DAFFODIL CULTIVARS

Daffodil cultivars which do not fit the definition of any other division

DIVISION 13 - DAFFODILS DISTINGUISHED SOLELY BY BOTANICAL NAME
