## SCULPTURE

Sculptor Dawn Conn, after achieving a gold medal at last year's RHS Chelsea Flower Show, eagerly anticipates her return with a new exhibit titled 'Rekindle'. Inspired by the Greek goddess Hestia and the fading connection to hearth and home in modern society, Dawn's Rekindle garden symbolizes unity and rejuvenation. Memories take form as sculptures, celebrating life's impermanence and enduring joy, reflecting the journey of growth and transformation. In her studio, amidst sculptures embodying the essence of womanhood, Dawn crafts each piece with profound homage, capturing the diverse facets of femininity.

Dawn's sculptures, reflect her deep connection to nature and her New Zealand upbringing. With only a handful created annually, each sculpture undergoes a meticulous process, casting them in bronze using the ancient lost-wax technique. The garden, designed by Dan Hartley and built by Outdoor Living Gardens, harmoniously integrates Dawn's sculptures into the natural landscape, offering visitors a sanctuary for the soul amidst the beauty of rockscape, water rill, and charred timber, sourced sustainably from British suppliers.
