Late flowering daylilies which are less susceptible to Hemerocallis gall midge

This list was compiled from observations on the extensive Hemerocallis collection at RHS Garden Wisley, it is of late-flowering cultivars that partly or wholly miss the egg-laying period of the gall midge. This is not an exhaustive list and there are may be other late flowering cultivars on which observations have not been made.

Cultivars with a symbol have received the RHS Award of Garden Merit. Cultivar names in BOLD are available from nurseries listed in the RHS Plant Finder 2014 (http://www.rhs.org.uk/RHSPiantFinder/plantfinder.asp)
