The Early Camellia Competition
March 16 & 17 2019
RHS Garden, Rosemoor

The Early Rhododendron Competition
The Spring Ornamental Plant Competition
The Main Camellia Competition
April 13 & 14 2019
The Savill Garden, Windsor Great Park

The Main Rhododendron Competition
April 27 & 28 2019
RHS Garden, Rosemoor

The Harlow Carr Rhododendron Competition
May 4 & 5 2019
RHS Garden, Harlow Carr

The Autumn Ornamental Plant Competition
October 4 to 6 2019
RHS Taste of Autumn Show, Hyde Hall

Please note: This schedule is available as a hard copy by request, all requests should go to Georgina Barter, email: georginabarter@rhs.org.uk tel: 020 7821 3142

Rhododendrons, Camellias and Magnolias 2019 28
Exhibitors

1. **Eligibility** – The competitive classes are open to all, unless excluded by some special regulations.

2. **Usual regulations apply** – The competitions will be subject to the Royal Horticultural Society’s usual rules and regulations except on points where, under this Schedule, they obviously do not apply. (*See regulations for the Society’s Exhibitions and the Horticultural Show Handbook.*)

Entries and Exhibits

3. **Exhibits must be the property of the competitor** – All specimens exhibited in competition must be the *bona fide* property of the competitor and must have been grown by him/her or his/her employees on land in his/her own occupation for at least the last six months before the competition.

4. **Entry fees** – There are no entry fees.

5. **Acceptance of entries** – All entries must be made on the official entry forms. Competitors are requested to make entries in all classes for which they think they might have plant material and notify the Shows Department on the day before the competition of any classes in which they are not able to stage an exhibit. Entry forms should be returned to the Shows Department by the date given on the entry form.

6. **Liability for loss** – All exhibits, personal property, etc., will be at the risk of the competitors and the Society will not be liable for compensation for loss or damage by theft, fire, water, accident or any other cause whatsoever.

Staging

7. **Times for staging** – Exhibits may be staged between 2pm and 8pm on the day before or between 6am and 9.45am on the first day of the competition. Staging for the Autumn Ornamental Plant Competition will vary slightly from these times and will be notified with confirmation of entry.

8. **Parking and unloading arrangements** - Further information will be sent to competitors with their acknowledgement of entries.

9. **Competition Passes** – Only competitors and such assistants as may be required for the arrangement of exhibits will be admitted before the Competition is open to the public. Competitors’ passes will be posted on receipt of entries.

10. **Stewards to advise competitors** – For the ornamental plant competitions, a steward will be available to assist in the staging of entries from 2pm until at least 7pm on the evening before the competition, and from 7.30am on the first day of the competition. For the Camellia and Rhododendron Competitions, a steward or stewards will be available from 7.30am on the first day of the competition, to advise competitors in regards to the appropriate class for any exhibit and the stewards’ decision on all matters of classification and eligibility for the class concerned will be final, and will be respected by the judges.

11. **Size of exhibit** – Judges will be asked to take into account the quality of each specimen exhibited rather than its size.
12. **Number of entries allowed** – A competitor may enter and stage any number of exhibits and be eligible for any number of prizes in any class, provided that in each exhibit all the species, cultivars or hybrids, as the case may be, are different from those in his/her other exhibits in that class. Note: while a species and its subspecies are regarded as distinct, as are two subspecies of the same species, different forms of the same species are not permitted, except where otherwise stated.

13. A plant may not be shown in a general class (single vase) if a specific class is available in the same competition.

14. **Floral Foam**. - Floral foam may not be used as a staging material. Concerns about the toxic elements it contains (including formaldehyde, barium sulphates and carbon black) has caused it to be banned from use at RHS shows and gardens. Alternative biodegradable staging materials include sustainably sourced moss and newspaper.

15. **Additional support of sprays** – The use of canes, wires or any other means of additional support above vase top level is not permitted except in the case of natural climbers.

16. **Labelling** – All exhibits should be labelled with the names of the plants, typed or written in block letters. Cultivar names should be enclosed within single quotes. The label for a hybrid should bear (in addition to the name) the parentage, when known.

For this purpose, small cards will be posted to exhibitors on receipt of their entries and no other labels should be used. Where the name of a cultivar is unknown the label should bear the words ‘NAME UNKNOWN’.

17. **Competitors cards** – Cards corresponding to the entries will be available by the competition tabling. Competitors will be responsible for the placing of these cards with their exhibits.

18. **Vases** – The Society will provide vases 6”, 9” and 11” in height, and camellia containers. No others may be used, except where otherwise stated in the Schedule.

19. **Alteration of exhibits** – After judging has taken place, no exhibit or part of any exhibit may be altered or removed until the Competition terminates, except with the permission of the Shows Department.

20. **Protests** – Any protest must be delivered in writing to a Shows Department representative by 1pm on the first day of the Competition.

21. **Uncollected exhibits** – Exhibits in the ornamental plant, camellia and rhododendron competitions which have not been collected by the owners at the end of the show will be destroyed. Competitors are asked to indicate on the entry form whether or not their exhibit is to be collected or destroyed.

22. **Prizes may be withheld** – Any prize may be withheld or modified if the exhibits are considered undeserving of the prize offered.

23. **Cups** – Challenge cups will be presented to the winners in an award ceremony at the Competition and retained by the Society afterwards.

24. **Payment of prizes** – Prize money will be paid following the Competition.
Definitions

25. Exhibits must have been grown in the open unless otherwise stated in the individual class.

26. **Rhododendrons**: Nomenclature to be used. All exhibits must be entered and staged in accordance with the classification and nomenclature used in *The Rhododendron Handbook* 1998 (RHS, 1998). There are two exceptions to this: firstly, the retention, for horticultural convenience, of *Rhododendron yakushimanum* as a species and secondly the retention as Group names of some entities which are no longer recognised botanically but which still have horticultural value. The latter are given in *An Alphabetical Checklist of Rhododendron Species* (RHS, 1981). *Menziesia* is now considered to be a member of genus *Rhododendron*. The classification of hybrids should contrive to follow *The International Rhododendron Register and Checklist* (2004) and any subsequent supplements except that the nomenclature of species used as parents must follow that in the 1998 *Handbook*.

27. **Rhododendrons**: The meaning of “truss” and “spray”. The term “truss” means a single rachis and, therefore, a group of heads may not be shown where a “truss” is called for. The term “spray” means a single stem or branch.

28. **The Classifications of cultivars of Camellia.** For the purposes of the Competition and Show, cultivars of *Camellia* are classified into six groups conforming to the following definitions:
   - **Single** – Flower with usually eight and not more than nine petals.
   - **Semi-double** – Flower with two or more rows of petals; stamens conspicuous.
   - **Anemone-formed** – Flower flat, with one or more rows of larger outer petals, and a central convex mass composed of petaloids and stamens intermingled.
   - **Peony-formed** – Flower deep and rounded, with several rows of outer petals, and a central convex mass of twisted petaloids and stamens.
   - **Rose-formed** – Flower with imbricated petals, showing stamens in a concave centre when fully open.
   - **Formal-double** – Flower with many rows of fully imbricated petals, never showing stamens.

29. **Camellias** – Blooms, sprays and vases. In classes calling for blooms, each species or cultivar is to be represented by one bloom with or without a leaf or leaves. Exhibitors should note that although they are not obligatory, leaves are desirable and can significantly enhance an exhibit. Containers will be provided. The term “spray” means a small branch. In no case may a spray exceed 24” from the top of the vase and 24” in width. Green vases 6” and 9” in height will be provided for sprays. No other method of staging blooms or sprays may be used. The term “vase” means multiple stems or branches. In no case may a vase exceed 30” from the top of the vase and 30” in width. Green vases 11” in height will be provided for vases.

30. **Camellias** – for purposes of determining parentage for the different classes, the final decision will rest with the *International Camellia Register* & supplements, where a named camellia is listed.

31. **Bracts** – For the purposes of these competitions, plants such as *Cornus kousa, Davidia* and *Euphorbia*, grown for their ornamental bracts, are eligible as flowering plants in bloom if their bracts are fully expanded even if their florets are not open.

32. **Cones** – For the purposes of these competitions, the term “cones” includes both pollen-bearing male and seed-bearing female cones together with berry-like modified cones such as those on *Juniperus, Prumnopitys, Taxus* etc.

33. **Spring foliage** – For the purpose of these competitions, spring foliage refers to young, new growth.

34. **Autumnal foliage** – Judges should be advised that coloration that is natural for a deciduous plant for most of its growing season should not be considered autumnal and exhibits of purple or golden forms e.g. *Acer, Betula, Cotinus* and *Fagus* etc, should not be considered for prizes unless the foliage shows a marked difference from its summer appearance.

35. **Bulbous plants** – For the purposes of these competitions, bulbous plants also include those grown from tubers, corms or rhizomes.
# CUPS AND TROPHIES

## THE EARLY RHODODENDRON COMPETITION
- The Alan Hardy Challenge Salver: Leading exhibitor based on first, second and third prizes

## THE MAIN CAMELLIA COMPETITION
- The Leonardslee Bowl: Twelve cultivars of camellia, one bloom of each

## THE SPRING ORNAMENTAL PLANT COMPETITION
- The Charles Eley Centenary Bowl: Four trees or shrubs in bloom

## THE MAIN RHODODENDRON COMPETITION
- The Lionel de Rothschild Challenge Cup: The winner of Class 1 (six species of rhododendron)
- The McLaren Challenge Cup: The winner of Class 3 (one truss of a species rhododendron)
- The Roza Stevenson Challenge Cup: The winner of Class 4 (one spray of a species rhododendron)
- The Loder Challenge Cup: The winner of Class 34 (one truss of a hybrid rhododendron)
- The Crosfield Challenge Cup: The winner of Class 36 (three hybrids raised by or in the garden of the exhibitor)

## THE AUTUMN ORNAMENTAL PLANT COMPETITION
- The Stephenson R Clarke Cup: Four trees or shrubs with autumnal fruits
- The Rosse Cup: Three conifers shown for foliage effect
Please refer to Regulations 12, 28, 29 and 30 and Notes on Hybrids on page 9

DIVISION 1a: SPRAYS

Prize Money in this division:
First Prize, £10
Second Prize, £6
Third Prize, £4

Class 1. Any *C. japonica* cultivar, one spray.

Class 2. Any *C. × williamsii* cultivar, one spray.

Class 3. Any cultivar or species not eligible for classes listed above, one spray.

Class 4. Any miniature cultivar or species, one spray.

DIVISION 1b: VASES

Prize Money in this division:
First Prize, £16
Second Prize, £12
Third Prize, £8

Class 5. Any camellia, species or hybrid, one vase of the same variety, space restricted to 2½’ × 2½’, no other plant material to be used.

Class 6. An arrangement of camellias shown for effect, one vase of the same or mixed varieties (exhibitors may use their own vase). Space restricted to 2½’ × 2½’, no other plant material to be used.

DIVISION 2: BLOOMS

Prize Money in this division (unless otherwise stated):
First Prize, £6
Second Prize, £4
Third Prize, £2

Section A

Cultivars of *Camellia japonica*

Sub-section 1 – single cultivars

Class 10. Any three single-flowered cultivars, one bloom of each.
First Prize, £10; Second, £6; Third, £4.

Class 11. Any single-flowered cultivar, one bloom.
Sub-section 2 – semi-double cultivars

Class 12. Any three semi-double cultivars, one bloom of each.
First Prize, £10; Second, £6; Third, £4.

Class 13. Any semi-double cultivar, one bloom.

Sub-section 3 – anemone-formed and peony-formed cultivars

Class 14. Any three anemone-formed or peony-formed cultivars, one bloom of each.
First Prize, £10; Second, £6; Third, £4.

Class 15. Any anemone-formed or peony-formed cultivar, one bloom.

Sub-section 4 – rose-formed and formal double cultivars

Class 16. Any three rose-formed or formal double cultivars, one bloom of each.
First Prize, £10; Second, £6; Third, £4.

Class 17. Any rose-formed or formal double cultivar, one bloom.

Sub-section 5 – mixed types of Camellia japonica

Class 18. Any six cultivars, one bloom of each.
First Prize, £16; Second, £12; Third, £8.

Class 19. Any three cultivars, one bloom of each.
First Prize, £10; Second, £6; Third, £4.

Section B

Cultivars other than Camellia japonica

Class 20. Any three, other than cultivars of C. japonica, one bloom of each.
First Prize, £10; Second, £6; Third, £4.

Class 21. Any three C. reticulata, species or hybrids (parentage to be stated), one bloom of each.
First Prize, £10; Second, £6; Third, £4.

Class 22. Any C. reticulata hybrid of which one parent is C. × williamsii or C. saluenensis (parentage to be stated), one bloom.

Class 23. Any C. reticulata camellia, species or hybrid (parentage to be stated), one bloom.

Class 24. Any three C. × williamsii, one bloom of each.
First Prize, £10; Second, £6; Third, £4.

Class 25. Any single C. × williamsii, one bloom.
Class 26. Any semi-double \( C. \times \textit{williamsii} \), one bloom.

Class 27. Any peony-formed or anemone-formed \( C. \times \textit{williamsii} \), one bloom.

Class 28. Any hybrid not specified previously, one bloom.

Section C

Miniatures and species

Class 29. Any miniature, one bloom.

Class 30. Any three miniatures, one bloom of each.
First Prize, £10; Second, £6; Third, £4.

Class 31. Any species, one bloom.

Class 32. Any three species, one bloom of each.
First Prize, £10; Second, £6; Third, £4.

Section D

Class 33. Any ‘yellow’ cultivar (with yellow dominating the petal and/or petaloids), one bloom.

Class 34. Three blooms of the same cultivar.
First Prize, £16; Second, £12; Third, £8.

Class 35. Any camellia, one bloom, shown by an exhibitor who has not won a First Prize within the last 5 years at a previous RHS Camellia Competition.

NOTE

For the purposes of these Competitions:

1) Reticulata camellias include amongst other forms:
   a. the species and its wild forms; hybrids between \( C. \textit{reticulata} \) and \( C. \textit{japonica} \), \( C. \textit{reticulata} \) cultivars of Chinese origin and their progeny

2) \( C. \times \textit{williamsii} \) covers the hybrids between \( C. \textit{japonica} \) and \( C. \textit{saluenensis} \), and includes any seedling of \( C. \times \textit{williamsii} \) provided that no species other than \( C. \textit{japonica} \) or \( C. \textit{saluenensis} \) is involved in the parentage.

3) \( C. \textit{Vernalis} \) and \( C. \textit{Wabisuke} \) are regarded as being of hybrid origin.

4) ‘Miniature’ blooms entered must be no more than 2½ inches (6cm) in diameter and should be representative of the normal flower size of the variety exhibited ie not uncharacteristically small.
Except where otherwise stated the prizes will be as follows:

First Prize, £10  
Second Prize, £6  
Third Prize, £4

Please refer to Regulations 12, 26 and 27.

Additionally, the SE Branch of the Rhododendron, Camellia and Magnolia Group will award The Phostrogen Cup for the best Rhododendron, spray or truss, in the Competition (open to all competitors), The John Fox Rhododendron Plate for most points in the Rhododendron Competition (open to members only) and the John Hilliard Cup for the best rhododendron truss in the Competition (open to all competitors).

Section 1 - Species

Class 1.  **Any six species**, one truss of each.  
*First Prize, £32; Second, £24; Third, £16.*

Class 2.  **Any three species**, one truss of each.  
*First Prize, £16; Second, £12; Third, £8.*

Class 3.  **Any species**, one truss.

Class 4.  **Any species**, one spray not exceeding 30’ from the top of the vase. Exhibits over 24” in width will not on that account gain extra marks.  
*First Prize, £16; Second, £12; Third, £8.*

Class 5.  **Any species of subsect. Arborea**, one truss.

Class 8.  **Any species of subsect. Campanulata** one truss.

Class 9.  **Any species of subsect. Falconera or subsect. Grandia** one truss.

Class 10.  **Any species of subsect. Fortunea**, one truss.

Class 12.  **Any species of subsect. Irrorata**, one truss.

Class 14. Any species of subsect. *Neriiflora* one spray not exceeding 12” from the top of the vase.

Class 18. Any elpidote species of genus *Rhododendron* not mentioned above, one truss.

Class 19. Any elpidote species of the genus *Rhododendron* not mentioned in classes above, one spray not exceeding 24” in height from the top of the vase.

Class 20. Any species of subsect. *Cinnabarina*, one spray not exceeding 12” from the top of the vase.

Class 21. Any species of subsect. *Boothia, Edgeworthia or Maddenia*, grown in the open or otherwise, one truss.

Class 22. Any species of subsect. *Boothia, Edgeworthia or Maddenia*, grown in the open or otherwise, one spray not exceeding 12” from the top of the vase.

Class 23. Any species of subsect. *Glauca*, one spray not exceeding 12” from the top of the vase.

Class 24. Any species of subsect. *Triflora or Heliolepidia*, one spray not exceeding 18” from the top of the vase.

Class 25. Any species of subsect. *Lapponica*, one spray not exceeding 12” from the top of the vase.

Class 26. Any species of subsect. *Scabriifolia*, one spray not exceeding 12” from the top of the vase.

Class 27. Any lepidote species of genus *Rhododendron* not mentioned above, one spray not exceeding 12” in height from the top of the vase.

Class 28. Any species *Azalea*, deciduous or evergreen, one spray not exceeding 24” from the top of the vase.

Class 29. Any species *Rhododendron*, one truss, shown by a first time exhibitor or any exhibitor who has not won a prize in the last five years at a previous RHS Rhododendron Competition.

Section 2 – Hybrids

Class 30. Any three elpidote hybrids, one truss of each.  
*First Prize, £16; Second, £12; Third, £8.*

Class 31. Any elpidote hybrid, one truss.

Class 32. Any elpidote hybrid, one spray, not exceeding 30” from the top of the vase. Exhibits over 24” in width will not on that account gain extra marks.  
*First Prize, £16; Second, £12; Third, £8.*
Class 33. Any hybrid of which one parent is a species of subsect. *Arborea*, one truss.

Class 34. Any hybrid of which one parent is a species of subsect. *Fortunea*, one truss.

Class 35. Any hybrid of which one parent is a species of subsect. *Falconera* or *Grandia*, one truss.

Class 36. Any hybrid of which one parent is a species of subsect. *Thomsonia*, one truss.

Class 37. Any hybrid of which one parent is *R. williamsianum*, one truss.

Class 38. Any elepidote hybrid, not catered for above, one truss.

Class 39. Any hybrid of which one parent is a species of subsect. *Lapponica*, one spray not exceeding 12" in height from the top of the vase.

Class 40. Any hybrid of which one parent is a species of subsect. *Triflora*, one spray not exceeding 18" in height from the top of the vase.

Class 41. Any tender hybrid except subgenus *Vireya* (grown under glass or otherwise) one truss.

Class 42. Any tender hybrid except subgenus *Vireya* (grown under glass or otherwise) one spray not exceeding 18" in height from the top of the vase.

Class 43. Any tender species or hybrid of subgenus *Vireya* (grown under glass or otherwise) one truss or spray not exceeding 12" from the top of the vase.

Class 44. Any lepidote hybrid, not catered for above, one spray not exceeding 12" from the top of the vase.

Class 45. Any hybrid Azalea, deciduous or evergreen, one spray not exceeding 24" in height from the top of the vase.

Class 46. A hybrid Rhododendron, one truss, shown by a first time exhibitor or any exhibitor who has not won a prize in the last five years at a previous RHS Rhododendron competition.

Class 47. Foliage from a single rhododendron species, lepidote or elepidote, no flowers visible, one vase, not to exceed 30" from the top of the vase. Exhibits over 24" in width will not on that account gain extra marks.
Except where otherwise stated the prizes will be as follows:
First Prize, £10  Second Prize, £6  Third Prize, £4

Restriction in size: Entries in all classes must be no larger than 2½’ x 2½’

Section A

Class 1. Four trees or shrubs of different genera, in bloom, one vase of each.
First Prize, The Charles Eley Centenary Bowl and £25; Second £18; Third, £12.

Class 2. Four ornamental plants of different genera, in bloom, including bulbs but excluding trees and/or shrubs, in bloom, one vase of each.
First Prize, £25; Second £18; Third, £12.

Class 3. A tree or shrub, in bloom, other than a camellia, magnolia or rhododendron, one vase.

Class 4. A pieris in bloom, one vase.

Class 5. A tree or shrub shown for its spring foliage, excluding conifers, one vase. (See regulation 31, page 5)

Class 6. A tree or shrub shown for its variegated foliage, excluding conifers, one vase.

Class 7. A heather in bloom, one vase.

Class 8. A conifer shown for its foliage, one vase.

Class 9. A conifer shown for its cones (male or female, including berry-like cones eg. Taxus), one vase.

Class 10. A hardy herbaceous plant other than a bulb, in bloom, one vase.

Class 11. Any tree or shrub other than a camellia or rhododendron grown under glass, in bloom, one vase.

Class 12. A pot, pan or vase of bulbs grown under glass or otherwise, in bloom.
Section B – Magnolias

The SE Branch of the Rhododendron, Camellia and Magnolia Group will award the Magnolia Rose Bowl for the most points in Section B (open to all competitors)

Class 13. **Magnolia campbellii**, **M. dawsoniana**, **M. sargentiana** or **M. sprengeri**, their subspecies, forms and varieties, or a hybrid of which at least one parent is from these species, one bloom.

Class 14. **Magnolia campbellii**, **M. dawsoniana**, **M. sargentiana** or **M. sprengeri**, their subspecies, forms and varieties, or a hybrid of which at least one parent is from these species, one spray.

Class 15. **Magnolia acuminata**, its forms and varieties, or a hybrid of which at least one parent is from this species, one spray.

Class 16. **Magnolia liliiflora**, **M. denudata**, or a hybrid of which at least one parent is from these species, but excluding hybrids eligible for classes 13 & 14, one spray.

Class 17. **Any magnolia eligible for classes 15 & 16**, one bloom. This excludes hybrids eligible for classes 13 or 14.

Class 18. **Magnolia kobus**, **M. salicifolia**, **M. stellata**, or a hybrid of which at least one parent is from these species, but excluding hybrids eligible for classes 13 & 14, one spray.

Class 19. **Magnolia kobus**, **M. salicifolia**, **M. stellata**, or a hybrid of which at least one parent is from these species, but excluding hybrids eligible for classes 13 & 14, one bloom.

Class 20. **Any magnolia, michelia, or manglietia species or hybrid** not included in classes 13 to 19, one bloom.

Class 21. **Any magnolia, michelia, or manglietia species or hybrid** not included in classes 13 to 19, one spray.

Class 22. **Any magnolia**, one bloom, shown by a first time exhibitor or any exhibitor who has not won a prize in the last five years at a previous RHS Spring Ornamental Plant Competition
DIVISION 1α: SPRAYS

Prize Money in this division:

First Prize, £10  
Second Prize, £6  
Third Prize, £4

Additionally, the SE Branch of the Rhododendron, Camellia and Magnolia Group will award the Peter Betteley Cup for the most points in the Competition (open to members only)

Class 1. Any three, one spray of each, other than C. japonica.  
First Prize, £25; Second, £18; Third, £12.

Class 2. Any three C. japonica cultivars, one spray of each.  
First Prize, £25; Second, £18; Third, £12.

Class 3. Any C. japonica cultivar, one spray.

Class 4. Any C. × williamsii cultivar, one spray.

Class 5. Any species or hybrid not eligible for classes listed above, one spray.

Class 6. Any miniature cultivar or species, one spray.

DIVISION 1β: VASES

Prize Money in this division:

First Prize, £16  
Second Prize, £12  
Third Prize, £8

Class 7. Any camellia, species or hybrid, one vase of the same variety, space restricted to 2½’ x 2½’, no other plant material to be used.

Class 8. An arrangement of camellias shown for effect, one vase (exhibitors may use their own vase). Space restricted to 2½’ x 2½’ no other plant material to be used.
DIVISION 2: BLOOMS

Prize Money in this division (unless otherwise stated):
First Prize, £6          Second Prize, £4          Third Prize, £2

Additionally, the International Camellia Society will award its ICS Challenge Plate to the bloom judged ‘Best Bloom in Show’, and the Marigold Assinder Challenge Cup to the winner of Novice Class 34

A competitor may exhibit in both Class 10 and 11, but the same cultivar may not be exhibited in both classes

Class 10.  Any twelve, one bloom of each.
First Prize, The Leonardslee Bowl and £32; Second, £24; Third, £16.

Class 11.  Any six cultivars, one bloom of each.
First Prize, £16; Second, £12; Third, £8.

Class 12.  Three blooms of the same cultivar.
First Prize, £16; Second, £12; Third, £8.

Section A

Cultivars of Camellia japonica

Sub-section 1 – single cultivars

Class 13.  Any three single-flowered cultivars, one bloom of each.
First Prize, £10; Second, £6; Third, £4.

Class 14.  Any single-flowered cultivar, one bloom.

Sub-section 2 – semi-double cultivars

Class 15.  Any three semi-double cultivars, one bloom of each.
First Prize, £10; Second, £6; Third, £4.

Class 16.  Any semi-double cultivar, one bloom.

Sub-section 3 – anemone-formed and peony-formed cultivars

Class 17.  Any three anemone-formed or peony-formed cultivars, one bloom of each.
First Prize, £10; Second, £6; Third, £4.

Class 18.  Any anemone-formed or peony-formed cultivar, one bloom.

Sub-section 4 – rose-formed and formal double cultivars

Class 19.  Any three rose-formed or formal double cultivars, one bloom of each.
First Prize, £10; Second, £6; Third, £4.

Class 20.  Any rose-formed or formal double cultivar, one bloom.
Section B

Cultivars other than *Camellia japonica*

Class 21. **Any three, other than cultivars of *C. japonica***, one bloom of each.
First Prize, £10; Second, £6; Third, £4.

Class 22. **Any C. reticulata camellia, species or hybrid** (Parentage to be stated), one bloom.

Class 23. **Any three C. × williamsii**, one bloom of each.
First Prize, £10; Second, £6; Third, £4.

Class 24. **Any single-flowered C. × williamsii cultivar**, one bloom.

Class 25. **Any semi-double C. × williamsii cultivar**, one bloom.

Class 26. **Any anemone-formed or peony-formed C. × williamsii cultivar**, one bloom.

Class 27. **Any rose-formed or formal double C. × williamsii cultivar**, one bloom.

Section C

Miniatures and species

Class 28. **Any miniature**, one bloom.

Class 29. **Any three miniature blooms**, one bloom of each.
First Prize, £10; Second, £6; Third, £4.

Class 30. **Any species**, one bloom.

Class 31. **Any three species**, one bloom of each.
First Prize, £10; Second, £6; Third, £4.

Section D

Class 32. **Any hybrid not specified previously**, one bloom.

Class 33. **Any ‘yellow’ cultivar** (with yellow dominating the petal and/or petaloids), one bloom.

Class 34. **Any camellia**, one bloom, shown by an exhibitor who has not won a First Prize within the last 5 years at a previous RHS Camellia Competition.

**NOTE:**
Please refer to the notes on page 9 for the classification of camellia hybrids for the purpose of these competitions.
Except where otherwise stated the prizes will be as follows:

First Prize, £10  Second Prize, £6  Third Prize, £4

*Please refer to Regulations 12, 26 and 27.*

**Section 1 – Species**

*A competitor may exhibit in Class 1 and 2, but the same species may not be exhibited in both classes. A species in these two classes includes its variants.*

**Class 1.** Any six species, one truss of each.
*First Prize, The Lionel de Rothschild Challenge Cup and £32; Second, £24; Third, £16.*

**Class 2.** Any three species, one truss of each.
*First Prize, £16; Second, £12; Third, £8.*

**Class 3.** Any species, one truss.
*First Prize, The McLaren Challenge Cup and £10; Second, £6; Third, £4.*

**Class 4.** Any species, one spray not exceeding 30” from the top of the vase. Exhibits over 24” in width will, not on that account gain extra marks.
*First Prize, The Roza Stevenson Challenge Cup and £16; Second, £12; Third, £8.*

**Class 5.** Any species of subsect. *Arborea*, one truss.

**Class 6.** Any species of subsect. *Argyrophylla*, one truss.

**Class 8.** Any species of subsect. *Campanulata*, subsect. *Fulgensia* or subsect. *Lanata*, one truss.

**Class 9.** Any species of subsect. *Grandia* or subsect. *Falconera*, one truss.

**Class 10.** Any species of subsect. *Fortunea*, one truss.

**Class 12.** Any species of subsect. *Taliensia*, one truss.

**Class 13.** Any species of subsect. *Neriiflora*, one truss.

**Class 14.** Any species of subsect. *Neriiflora*, one spray not exceeding 12” in height from the top of the vase.

**Class 15.** Any species of subsect. *Pontica*, one truss.

Class 17. **Any species of subsect. Thomsonia, subsect. Selensia or subsect. Campylocarpa**, one spray not exceeding 12” from the top of the vase.

Class 18. **Any elpidote species of genus Rhododendron** not mentioned in classes above, one truss or spray not exceeding 24” from the top of the vase.

Class 19. **Any species of subsect. Edgeworthia or subsect. Maddenia**, grown in the open or otherwise, one spray not exceeding 12” from the top of the vase.

Class 20. **Any species of subsect. Edgeworthia or subsect. Maddenia**, grown in the open or otherwise, one truss.

Class 21. **Any species of subsect. Triflora and subsect. Heliolepida other than R. augustinii**, one spray not exceeding 18” from the top of the vase.

Class 22. **R. augustinii**, one spray not exceeding 24” from the top of the vase.

Class 23. **Any species of subsect. Cinnabarina, subsect. Tepropepla or subsect. Virgata**, one spray not exceeding 12” from the top of the vase.

Class 25. **Any species of subsect. Lapponica**, one spray not exceeding 12” from the top of the vase.

Class 26. **Any species of subsect. Scabridolia**, one spray not exceeding 12” from the top of the vase.

Class 27. **Any species of sect. Pogonanthum or subsect. Lepidota**, one spray not exceeding 12” from the top of the vase.

Class 28. **Any elpidote species of genus Rhododendron** not mentioned above, one spray not exceeding 12” from the top of the vase.

Class 29. **Any species of subgenus Vireya**, one truss, grown under glass.

Class 30. **Any species of deciduous azalea**, one spray not exceeding 24” from the top of the vase.

Class 31. **Any species of evergreen azalea**, one spray not exceeding 18” from the top of the vase.
Section 2 – Hybrids

A competitor may exhibit in Class 32 and 33, but the same hybrid may not be exhibited in both classes.

Class 32. **Six hybrids**, one truss of each.
*First Prize, £32; Second, £24; Third, £16.*

Class 33. **Three hybrids**, one truss of each.
*First Prize, £16; Second, £12; Third, £8.*

Class 34. **Any hybrid**, one truss.
*First Prize, The Loder Challenge Cup and £10; Second, £6; Third, £4.*

Class 35. **Any hybrid**, one spray not exceeding 30” from the top of the vase. Exhibits over 24” in width will not on that account gain extra marks.
*First Prize, £16; Second, £12; Third, £8.*

Class 36. Three hybrids, of different parentage, bred and raised in the garden of the exhibitor, one truss of each. Parentage should be indicated where known.
*First Prize, The Crosfield Challenge Cup and £16; Second, £12; Third, £8.*

Class 37. **Any deliberate hybrid or chance seedling, lepidote or elepidote, raised in the garden of the exhibitor**, one truss or spray not exceeding 30” in height from the top of the vase. Parentage should be indicated where known.

Class 38. **Loderi Group**, one truss. Cultivars should be named where known.

Class 39. **Any hybrid of which one parent is a species of subsect. Fortuna* (excluding the *Loderi Group*), one truss.

Class 40. **Any hybrid of which one parent is* R. williamsianum, one truss.

Class 41. **Any hybrid of which one parent is* R. williamsianum, one spray not exceeding 30” from the top of the vase.

Class 42. **Any hybrid of which one parent is a species of subsect. Campylocarpa**, one truss.

Class 43. **Any hybrid of which one parent is a species of subsect. Neriiflora** one truss.

Class 44. **Any hybrid of which one parent is* R. thomsonii, one truss.

Class 45. **Any hybrid of which one parent is a species of subsect. Grandia or subsect. Falconera**, one truss.

Class 46. **Any hybrid of which one parent is* R. griersonianum, one truss.

Class 47. **Any hybrid of which one parent is a species of subsect. Taliensia**, one truss.

Class 48. **Any hybrid of which one parent is a species of subsect. Pontica**, one truss.

Class 49. **Any hybrid of which one parent is a species of subsect. Arborea or subsect. Argyrophylla**, one truss.
Class 50. Any hybrid of which one parent is a species of subsect. *Cinnabarina*, one spray not exceeding 18" from the top of the vase.

Class 51. Any hybrid of which one parent is a species of subsect. *Edgeworthia* or subsect. *Maddenia*, grown in the open or otherwise, one truss.

Class 52. Any hybrid of which one parent is a species of subsect. *Edgeworthia* or subsect. *Maddenia*, grown in the open or otherwise, one spray not exceeding 18" from the top of the vase.

Class 53. Any hybrid of which one parent is a species of subsect. *Triflora*, one spray not exceeding 18" from the top of the vase.

Class 54. Any other lepidote hybrid not mentioned above, one truss or spray not exceeding 18" from the top of the vase.

Class 55. Any other elepidote hybrid of genus *Rhododendron* not mentioned above, one truss.

Class 56. Any other elepidote hybrid of genus *Rhododendron* not mentioned above, one spray not exceeding 24" from the top of the vase.

Class 57. Any other hybrid grown under glass (including Vireya), one truss.

Class 58. Any other hybrid grown under glass (including Vireya), one spray not exceeding 18" the top of the vase.

Class 59. Any elepidote hybrid bred in North America (Canada or USA), one truss.

Class 60. Any elepidote hybrid bred in the UK, one truss.

Class 61. Any elepidote hybrid bred in Europe excluding the UK, one truss.

Class 62. Any elepidote hybrid bred elsewhere in the world, one truss.

Class 63. Any rhododendron, one truss, shown by a first time exhibitor or any exhibitor who has not won a prize in the last five years at a previous RHS Rhododendron Competition.

Class 64. Any evergreen hybrid azalea, one spray, not exceeding 18" from the top of the vase.

Class 65. Any deciduous hybrid azalea, one spray, not exceeding 24" from the top of the vase.

Class 66. Foliage from a single rhododendron species, lepidote or elepidote, no flowers visible, one vase, not to exceed 30" from the top of the vase. Exhibits over 24" in width will not on that account gain extra marks.

Class 67. Any containerised rhododendron plant in bloom, not to exceed 18" from the base of the main stem. Exhibits over 24" in width will not on that account gain extra marks. Container not to exceed 14" in width. (Exhibitors may remove their entries from the bench from 4pm on the first day of the Competition.)
Except where otherwise stated the prizes will be as follows:

First Prize, £10  
Second Prize, £6  
Third Prize, £4

Please refer to Regulations 12, 26 and 27.

A glass trophy is offered to the leading exhibitor in the Competition, based on first, second and third prizes. A glass trophy will also be awarded to the leading exhibitor with a garden under half an acre which is not open to the public more than once a year.

Class 1. Any elepidote species, one truss.

Class 2. Any elepidote species, one spray not exceeding 36” from the top of the vase.

Class 3. Any lepidote species, one spray not exceeding 24” from the top of the vase.

Class 4. Any elepidote hybrid, one truss.

Class 5. Three elepidote hybrids, one truss of each.  
First Prize, £16; Second, £12; Third, £8.

Class 6. Any elepidote hybrid, one spray not exceeding 36” from the top of the vase.

Class 7. Any Rhododendron yakushimanum cultivar or hybrid, one truss.

Class 8. Any lepidote hybrid, one spray not exceeding 24” from the top of the vase.

Class 9. Any tender species or hybrid (grown under glass or otherwise) from subgenus Vireya or from subsections Edgeworthia or Maddenia of section Rhododendron, one truss or spray not exceeding 24” from the top of the vase.

Class 10. Any deciduous azalea species or hybrid, one spray not exceeding 36” from the top of the vase.

Class 11. Any evergreen azalea species or hybrid, one spray not exceeding 36” from the top of the vase.

Class 12. Any rhododendron or azalea cultivar, raised from seed by the exhibitor, one truss or spray.

Class 13. A display of rhododendron foliage from a range of species, arranged to demonstrate the way foliage is important and a major attraction throughout the seasons. To be arranged for decorative effect in a vase (may be provided by the exhibitor).

Class 14. Any companion plant, one potted species or hybrid.

Class 15. Any rhododendron, one truss, shown by a first time exhibitor or any exhibitor who has not won a prize in the last five years at a previous RHS Rhododendron Competition.
Except where otherwise stated the prizes will be as follows:
First Prize, £10  Second Prize, £6  Third Prize, £4  

Restriction in size: Entries in all classes must be no larger than 2½’ x 2½’ unless otherwise stated.

The removal of shoots or leaves in order to make the fruits more conspicuous will be regarded as a fault if the natural habit of the plant is thereby altered.

Class  1.  **Four trees or shrubs of different genera with autumnal fruits**, one vase of each (unrestricted size).
   *First Prize, The Stephenson R Clarke Cup and First Prize, £25; Second £18; Third, £12.*

Class  2.  **Four trees or shrubs of different genera with autumnal foliage**, one vase of each (unrestricted size).
   *£25; Second £18; Third, £12.*

Class  3.  **A tree or shrub with autumnal fruits**, one vase.

Class  4.  **A tree or shrub with autumnal foliage**, one vase.

Class  5.  **A tree or shrub with autumnal fruits and foliage**, one vase.

Class  6.  **Roses in fruit, one variety**, three stems, one vase.

Class  7.  **A tree or shrub in bloom**, one vase.

Class  8.  **A heath or heather in bloom**, one vase.

Class  9.  **A tree or shrub shown for its coloured bark**, one vase.

Class 10.  **A bamboo**, one vase or plant (unrestricted size).

Class 11.  **Three conifers shown for foliage effect**, one vase of each (unrestricted size).
   *First Prize, The Rosse Cup and £16; Second £12; Third £8.*

Class 12.  **A conifer shown for foliage effect**, one vase.

Class 13.  **A conifer shown for its cones** (male or female, including berry-like cones eg. *Taxus*), one vase.

Class 14.  **A hardy herbaceous plant, in bloom**, one vase, mixed cultivars permitted.

Class 15.  **A herbaceous plant or bulbous plant with ornamental berries or seed heads**, one vase.

Class 16.  **A grass or sedge, other than a bamboo, in bloom or otherwise**, one vase or plant (unrestricted size).
Class 17. A plant other than a tree, shrub or grass with autumnal foliage, one vase.

Class 18. Dahlias, mixed varieties, one vase displayed for overall effect.

Class 19. Chrysanthemums, mixed varieties, one vase displayed for overall effect.

Class 20. A tender perennial, other than a bulb, grown under glass or otherwise, in bloom, one vase.

Class 21. A pot, pan or vase of bulbs grown under glass or otherwise. (Mixed cultivars permitted).
The Rhododendron, Camellia and Magnolia Group

If you are enthusiastic about rhododendrons, camellias or magnolias you can join a specialist group dedicated to the enjoyment and study of rhododendrons, camellias and magnolias, both in the wild and in cultivation worldwide.

The Rhododendron, Camellia and Magnolia Group organises a range of activities – lectures, garden visits tours and publications for its Members. It is a friendly and informal circle of enthusiasts and caters for all levels of experience and interest - from those just beginning to garden with these fabulous shrubs and trees, to experienced hands willing to share their knowledge.

One of the most sought after benefits exclusive to Members, is an annual offer of unusual and desirable seeds including many rare species. Surplus plants from members are often made available for purchase.

For more information, including how to join, visit us online at:

www.rhodogroup-rhs.org

Or contact:
Rupert Eley, Membership Secretary
East Bergholt Place, East Bergholt, Suffolk CO7 6UP

The International Camellia Society

Membership is open to everyone interested in camellias. With some 2,000 members in 28 countries, the Society provides advice around the world on all areas of camellia interest, including cultivation, nomenclature, and registration of camellias.

The International Camellia Journal, published annually, contains articles about camellia cultivation, research, and other activities in all parts of the world. An International Camellia Congress is held every two years. The next two Congresses will be in Goto City, Japan, in 2020, and in Verbania, Italy, in 2022. Recent Congresses have been in Kurume, Japan; Pontevedra, Spain; Dali, China; and Nantes, France.

The ICS UK Region each year organises a Spring Weekend that focuses on gardens with fine camellia collections.

Rhododendrons, Camellias and Magnolias 2019

This annual collection of illustrated articles for Rhododendron, Camellia and Magnolia enthusiasts is contributed to by international experts, both professional and amateur. It covers a wide range of botanical, horticultural and historical subjects involving plants, places and people.

There will be articles on a wide range of subjects relating to our three genera; supplied by leading authors and experts from around the world.

Challenge Cups awarded during 2018 are recorded, together with exceptional plants noted during the year on the show benches, and a comprehensive review of newly registered rhododendrons.

Paperback
Price £11.95
Publication due spring 2019

Available from RHS bookshops, and online at www.rhodogroup-rhs.org

Or, why not join the Group online at www.rhodogroup-rhs.org to receive a free copy!
